3. Assembly Instructions

Assembly is designed to be straightforward with detailed instructions and labeled accessories. It is recommended to assemble the furniture on a soft, clean surface to prevent scratches. Two people are recommended for easier assembly.

General Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Check against the package contents list.
2. **Assemble Frames:** For each sofa and chair, attach the side frames to the backrest and seat base using the provided bolts and Allen wrench. Do not fully tighten bolts until all components are loosely connected.
3. **Assemble Coffee Table:** Connect the legs to the tabletop using the provided hardware.
4. **Tighten All Fasteners:** Once all frames are assembled, go back and securely tighten all bolts.
5. **Place Cushions:** Position the seat and back cushions onto the assembled frames.

5. Maintenance and Care

Proper care will extend the life and appearance of your Garvee patio furniture set.

All-Weather Resistance

The aluminum frame features an anodized coating, ensuring it remains rust-proof and corrosion-resistant in various weather conditions.

Cushion Care

The cushions are made with premium, UV-resistant polyester fabric that resists fading for up to 10 years. They are also stain-resistant and easy to clean.

- **Cleaning:** The cushion covers are washable. Remove covers using the invisible zipper and follow fabric care instructions (typically cold wash, air dry).
- **Stain Removal:** For minor stains, spot clean with a mild soap solution and a soft cloth. Rinse thoroughly and air dry.
- **Storage:** While weather-resistant, storing cushions indoors during prolonged periods of harsh weather or

off-season will further extend their lifespan.

6. Troubleshooting

This section addresses common issues you might encounter.

- **Difficulty with Assembly:** If instructions seem unclear, re-read each step carefully. Ensure all parts are correctly oriented before tightening bolts. Sometimes, leaving bolts slightly loose until all pieces are connected can help align components.
- **Missing Parts:** If any components or hardware are missing, please contact customer service immediately. Refer to the 'Package Contents' section for a complete list.

- **Furniture Feels Unstable:** Ensure all bolts are fully tightened. Check that the furniture is placed on a flat, even surface. Uneven ground can cause wobbling.
- **Cushions Appear Low:** The 5.1-inch high-resilience sponge cushions are designed for comfort and support. Initial perception of height may vary, but they are engineered to provide lasting comfort without collapsing.
