## 6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your Garvee Patio Furniture Set, follow these maintenance guidelines:

### Cushion Care:

- Cushions are made with premium, UV-resistant polyester fabric that resists fading for up to 10 years.
- They are stain-resistant and easy to clean. For spills, wipe immediately with a damp cloth.
- For deeper cleaning, the cushion covers feature invisible zippers, allowing them to be removed and washed. Follow the care instructions on the cushion labels.
- Allow cushions to air dry completely before reattaching or storing.

### Frame Care:

- The aluminum frame with anodized coating is rust-proof and corrosion-resistant in all weather conditions.
- Clean the frame with a mild soap and water solution. Rinse thoroughly and dry with a soft cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.

## 7. TROUBLESHOOTING

If you encounter any issues with your Garvee Patio Furniture Set, please refer to the following common solutions:

- **Loose Connections:** If any part feels wobbly, check all bolts and screws and tighten them securely using the provided tools.
- **Stains on Cushions:** For most stains, a mild soap and water solution applied with a soft cloth should suffice. For stubborn stains, remove the cushion cover and follow the washing instructions on the label.
- **Water Accumulation:** Ensure the furniture is placed on a level surface to allow for proper drainage. While cushions are water-resistant, prolonged exposure to standing water should be avoided.
- **Fading:** Although cushions are UV-resistant, extreme prolonged sun exposure can still affect color over many years. Consider using furniture covers during extended periods of non-use to further protect them.

If you are unable to resolve an issue, please contact our customer service team for assistance.
