- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the finish. For glass doors, use a standard glass cleaner.

- **Protection:** Avoid placing hot items directly on the tabletop. Use coasters or protective pads as needed.
- **Stability Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.

TROUBLESHOOTING

- **Cabinet Wobbles:** Ensure the cabinet is placed on a level surface. Check that all assembly screws are tightened, especially those for the legs and the central support leg.
- **Drawers Stick:** Check for any obstructions in the drawer slides. Ensure the drawer is properly aligned on

its tracks.

- **Doors Misaligned:** Adjust the hinges if doors appear uneven or do not close properly. Refer to the assembly manual for hinge adjustment instructions.
