## Elgin 48VENRETB000

# Elgin Silence Air Pro Retractable Ceiling Fan User Manual

Model: 48VENRETB000

## 1. INTRODUCTION

---

Thank you for choosing the Elgin Silence Air Pro Retractable Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read it thoroughly before use and retain it for future reference.

The Silence Air Pro is designed for sophisticated environments, offering both efficient air circulation and adjustable LED lighting. Its unique retractable blades provide a clean, modern aesthetic when not in use.

## 2. IMPORTANT SAFETY INSTRUCTIONS

---

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Ensure the power supply is disconnected before installation, cleaning, or maintenance.
- Installation must be performed by a qualified electrician and in accordance with local electrical codes.
- Mount the fan securely to a ceiling joist or a suitable support structure capable of holding the fan's weight.
- Do not insert objects into the path of the rotating blades.
- Keep children and pets away from the fan during operation.
- This appliance is for indoor use only.
- Use only the remote control provided with the fan.

## 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, contact Elgin customer support.

- Retractable Ceiling Fan Unit (with 4 ABS transparent blades)
- Remote Control (requires 2x AAA batteries, included)
- Wall Mount Bracket for Remote Control

- Mounting Kit (for ceiling fixation)
- Power Cable
- Light Kit (integrated LED)
- User Manual

## 4. SETUP AND INSTALLATION

---

Installation of this ceiling fan requires electrical wiring knowledge. It is highly recommended that a qualified electrician performs the installation.

### 4.1 Pre-Installation Checks

1. **Power Disconnection:** Ensure the main power supply to the installation area is turned off at the circuit breaker.
2. **Ceiling Support:** Confirm that the ceiling structure can support the weight of the fan (approximately 1.9 kg).
3. **Wiring:** Verify that appropriate electrical wiring is available at the installation point. The fan is Bivolt (110V/220V).

### 4.2 Mounting the Fan

1. Attach the mounting bracket securely to the ceiling joist or approved electrical junction box using the provided screws and hardware.
2. Connect the fan's electrical wires to the household wiring according to the wiring diagram in the full installation guide (not included here, but implied for a real manual). The fan features an "Easy Plug" connector for simplified installation.
3. Carefully lift the fan unit and attach it to the mounting bracket, ensuring all connections are secure.
4. Secure the canopy to cover the wiring and mounting bracket.

### Iluminação LED de 30W integrada

Escolha entre luz quente, neutra ou fria e crie a atmosfera perfeita para cada momento. Mais economia, durabilidade e baixo consumo!

**Image 4.2.1:** The Easy Plug system simplifies installation, ensuring a quick and secure connection.

**Image 4.2.2:** The Elgin Silence Air Pro Retractable Ceiling Fan in white, with its transparent blades extended for operation.

## 5. OPERATING INSTRUCTIONS

The fan is operated using the included remote control.

### 5.1 Remote Control Functions

**Acompanha controle remoto com múltiplas funções**  
Acesse todas as funções de forma fácil e prática, sem sair do lugar.

Abrir e fechar pás

Alterne entre 6 velocidades

Função brisa

Programe o timer

Inverter rotação

**Image 5.1.1:** The remote control allows full functionality from a distance. Buttons include: ALL OFF, Light on/off, Fan speeds (1-6), Combination Fan/Light OFF, Breeze function (F), Reverse rotation (R), and Timer (1h, 4h).

- **Power On/Off:** Press the "ALL OFF" button to turn off both fan and light. Press any speed button or "Luz on/off" to turn on.
- **Fan Speed:** Use buttons 1-6 to select desired fan speed. The blades will automatically extend when the fan is activated.
- **Light Control:** Press "Luz on/off" to toggle the light. The integrated LED offers 3 color temperatures (3000K Warm White, 4000K Natural White, 6500K Cool White). Cycle through these temperatures by pressing the light button repeatedly.
- **Timer Function:** Press "1h" or "4h" to set the fan to automatically turn off after 1 or 4 hours, respectively.
- **Reverse Rotation (R):** Changes the direction of the fan blades, useful for circulating warm air in colder seasons.
- **Breeze Function (F):** Activates a natural breeze mode, cycling through different speeds.

## Escolha entre as cores que mais combina com seu ambiente

Disponível em preto e branco

**Image 5.1.2:** The integrated LED light offers three distinct color temperatures: 3000K (warm white), 4000K (natural white), and 6500K (cool white), allowing customization of ambient lighting.

## 6. MAINTENANCE AND CARE

---

Regular maintenance ensures optimal performance and extends the lifespan of your fan.

- **Cleaning:** Before cleaning, ensure the power is disconnected. Use a soft, damp cloth to wipe down the fan housing and blades. Do not use abrasive cleaners or solvents.
- **Blade Care:** The transparent ABS blades can be gently wiped. Avoid harsh chemicals that may damage the material.
- **Light Source:** The integrated LED light source is designed for long life. If replacement is ever needed, it is possible to change the LED. Contact qualified service personnel for assistance.
- **Remote Control:** Replace AAA batteries when the remote's range decreases or it stops responding.

## 7. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	No power supply; Remote control batteries are dead; Loose wiring connection.	Check circuit breaker; Replace remote batteries; Verify wiring connections (consult an electrician).
Light does not turn on.	No power supply; LED module issue.	Check circuit breaker; Contact customer support for LED module inspection/replacement.
Fan makes unusual noise.	Loose screws; Unbalanced blades; Motor issue.	Check and tighten all screws; Ensure blades are properly seated; Contact customer support.
Remote control not working.	Dead batteries; Obstruction between remote and receiver; Remote not paired.	Replace batteries; Remove obstructions; Refer to remote pairing instructions (if applicable, usually automatic).

## 8. SPECIFICATIONS

Feature	Detail
Model Number	48VENRET000
Color	White (also available in Black)
Blades	4, Retractable, Transparent ABS
Fan Speeds	6 levels
Motor Power	30W
LED Light Power	36W
Light Color Temperatures	3000K, 4000K, 6500K
Voltage	Bivolt (110V / 220V)
Control	Remote Control (with timer, reverse, breeze functions)
Product Dimensions (extended)	80 cm (Diameter) x 20 cm (Height)
Package Dimensions	53.5 x 53.5 x 16.5 cm
Weight	1.9 kg (approx.)
Assembly Required	Yes

**Image 8.1:** Dimensions of the fan when blades are extended: 800mm diameter and 200mm height.

## 9. WARRANTY INFORMATION

---

The Elgin Silence Air Pro Retractable Ceiling Fan comes with a **24-month warranty** from the date of purchase. This warranty covers manufacturing defects and faulty materials under normal use conditions.

The warranty does not cover damage caused by improper installation, misuse, accidents, unauthorized repairs, or normal wear and tear. Please retain your proof of purchase for warranty claims.

**Image 9.1:** Elgin provides a 24-month warranty, demonstrating commitment to quality and durability.
