CATLINK CL-CA-03

CATLINK Self-Cleaning Litter Box SE Pink User Manual

Model: CL-CA-03

Brand: CATLINK

INTRODUCTION

Welcome to the user manual for your CATLINK Self-Cleaning Litter Box SE Pink. This automatic litter box is designed to provide a clean and convenient solution for cat owners, featuring advanced safety mechanisms, multi-cat identification, and effective odor control.

Image: The CATLINK Self-Cleaning Litter Box SE Pink, showcasing its compact design and a cat comfortably inside. The accompanying mobile app interface is visible, highlighting smart features.

SAFETY INFORMATION

Your cat's safety is paramount. The CATLINK Self-Cleaning Litter Box is equipped with multiple safety features to prevent accidents.

- Pinch-Free Protection:** The system automatically halts cleaning if a cat is detected nearby.
- 8-level Safety Features:** Includes 4 gravity sensors, 2 anti-pinches, 1 infrared sensor, and a safety motor.
- Weight Limit:** Suitable for cats weighing between 3.5 to 22 lbs.
- Placement:** Ensure the device is placed on a stable, flat surface, 5-10 cm away from walls. Avoid placing rugs or mats underneath, as this may interfere with sensor detection accuracy.

Eightfold Protection

8-level safety sensor protection

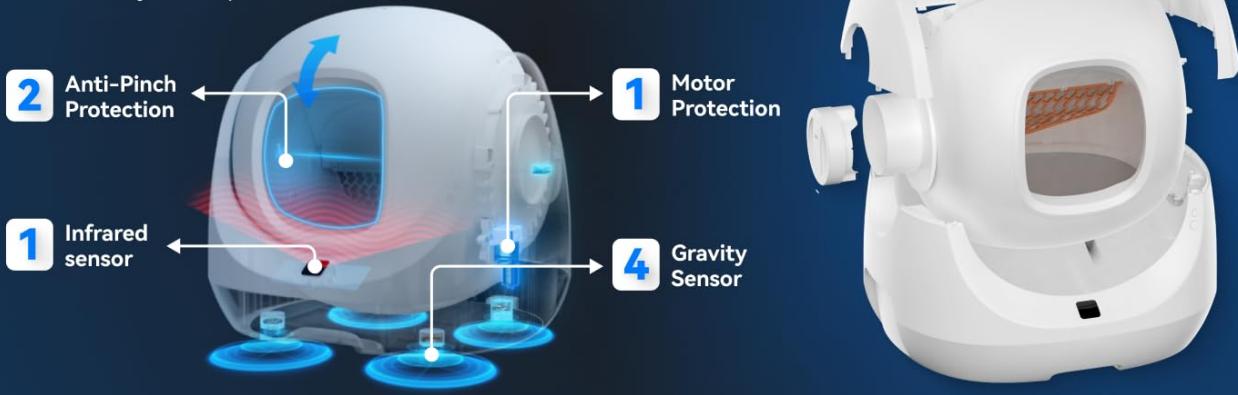

Image: An exploded view diagram illustrating the eight-level safety features of the CATLINK litter box, including gravity sensors, anti-pinch mechanisms, an infrared sensor, and motor protection.

Placement Suggestion

Avoid placing any rugs or mats underneath, as this may interfere with the sensor's detection accuracy.

Ensuring it is positioned 5-10 cm away from the wall.

Place the device on a stable, flat surface.

PRODUCT OVERVIEW

The CATLINK Self-Cleaning Litter Box SE Pink is designed for convenience and hygiene.

Key Features:

- Compact Design, Large Capacity:** Occupies 0.3 square meters with a 70L capacity.
- Low Entry:** 7.8-inch entry height, suitable for senior, disabled, and short-legged cats.
- Multi-Cat Identification & Health Monitoring:** Smart gravity-sensing technology tracks individual cat usage. The CATLINK app provides real-time health updates.
- Triple Odor Control:** Features a 100% sealed waste compartment and natural decomposition technology for odor neutralization.
- Effortless Cleaning:** Non-stick inner liner, built-in drainage outlet, and washable globe for easy rinsing.
- Ultra Quiet Operation:** Designed to run quietly, minimizing disturbance.

Compact Design Big on Comfort

SCOOPER SE fits perfectly,
even in the coziest homes

Width 465 mm

Height 500 mm

Low Entry

Care for senior cats, disabled
cats, and Munchkin cats

Depth 500 mm

Image: The CATLINK litter box with key dimensions (width 465mm, height 500mm, depth 500mm) and an illustration of a cat easily entering the low-entry design.

SETUP

- Unboxing:** Carefully remove all components from the packaging.
- Assembly:** The litter box comes largely pre-assembled. Ensure the waste compartment is correctly seated.
- Power Connection:** Place the device near your router with power on. Connect the power adapter to the litter box and plug it into a wall outlet.
- App Download & Connection:**
 - Download the **CATLINK app**.
 - Connect your phone to a 2.4GHz Wi-Fi network (5GHz and certain public Wi-Fi are not supported).
 - Register and log in to the app. Enable GPS and authorize location on Android devices.
 - In the app, go to DEVICE, tap '+', select SCOOPER SE, and follow the setup instructions.

- For manual addition, hold the Clean Button for 10 seconds until the indicator flashes after four beeps.
- Follow CATLINK app prompts to connect SCOOPER SE to Wi-Fi. Wi-Fi success is indicated by the unit's light.

5. **Add Litter:** Open the top cover and pour cat litter into the globe. The non-stick inner liner helps prevent clumps from sticking.

How to connect your SCOOPER SE to Wifi

01

- Download **CATLINK app**.
- Connect phone to **2.4GHz** Wi-Fi.

CATLINK app

02

- Register and log in to the app. **Enable location and GPS** for Android.
- In the app, go to **DEVICE**, tap '+', select **SCOOPER SE**, and follow setup.

03

- If SCOOPER SE isn't found, tap to add manually at page bottom.
- For manual addition, hold the **Clean Button** for **10 seconds** until the Indicator flashes after **four beeps**.

NOTE

- Place the device near your router with power on.
- Enable GPS and authorize location on Android devices.
- WiFi name should contain only letters and numbers.
- Connect using a 2.4GHz WiFi network; 5GHz and certain public WiFi not supported.

04

- Follow CATLINK app prompts to connect SCOOPER SE to Wi-Fi.
- Wi-Fi success indicated by the Unit's light.

Image: A four-step visual guide detailing the process of connecting the CATLINK Scooper SE to a Wi-Fi network via the CATLINK app, including downloading the app, registration, and manual connection steps.

OPERATING INSTRUCTIONS

Modes of Operation:

- Automatic Mode:** The litter box automatically cleans after your cat uses it. This is the default and recommended mode.
- Manual Cleaning:** Press the clean button on the device or use the app to initiate a cleaning cycle.
- Empty Mode:** Use the app to fully empty the litter from the globe into the waste compartment.

Smart Features via CATLINK App:

- Multi-Cat Identification:** The app tracks usage for multiple cats based on their weight, providing individual health reports.
- Health Monitoring:** Receive real-time updates on your cats' toilet habits, including frequency and duration, to detect potential health issues early.
- Usage Status:** Monitor remaining consumables and usage statistics directly from the app.

Smart Tracking for Multi-Cat

SCOOPER SE makes multi-cat life easy

Video: "Some Tips for Scooper-SE!" - This video provides helpful tips for using and maintaining your CATLINK Scooper-SE litter box, covering various operational aspects.

MAINTENANCE

Waste Disposal:

- The waste compartment is sealed to contain odors.
- To dispose of waste, simply open the cover, pull the bag to gather, and lift to dispose.

- The app can notify you when the waste compartment needs emptying.

Effortless Litter Refills

No bending down required
Do it just by standing

Image: A person demonstrating how to effortlessly refill cat litter into the CATLINK litter box while standing, highlighting the convenient design.

Cleaning the Globe:

- The inner globe is washable.
- For thorough cleaning, disassemble the ball bin in two steps and rinse with water.
- Ensure the drainage plug is removed after washing to allow water to drain completely.

Hassle-free Cleaning

Handle for easy lifting
Washable globe for easy cleaning
User-friendly for new cat owners

Image: A series of images demonstrating the hassle-free cleaning of the CATLINK litter box's washable globe, including lifting the handle and rinsing it with water.

Odor Control:

- The litter box features triple odor control with a sealed waste compartment.
- It uses natural decomposition technology to neutralize odors.
- A deodorant can be placed in a dedicated compartment to maintain freshness.

TROUBLESHOOTING

This section addresses common issues you might encounter with your CATLINK Self-Cleaning Litter Box.

Common Issues and Solutions

Problem	Possible Cause	Solution
Litter box not cleaning automatically.	Cat detected inside or nearby; sensor interference; incorrect mode.	Ensure no cat is present. Check placement for sensor interference (e.g., rugs). Verify automatic mode is selected in the app.
Odor persists.	Waste compartment full; deodorant needs replacement; improper sealing.	Empty waste compartment. Replace deodorant. Ensure waste compartment is properly sealed.
Wi-Fi connection issues.	Incorrect Wi-Fi band (5GHz); weak signal; incorrect password.	Ensure your router is 2.4GHz. Move the litter box closer to the router. Re-enter Wi-Fi password in the app.
Litter tracking outside the box.	Cat paws carrying litter; lack of litter mat.	Consider using a litter mat designed to trap litter from paws. Ensure the litter type is suitable.
