FAHREN M5

FAHREN M5 2-in-1 Wireless CarPlay and Android Auto Adapter Instruction Manual

Model: M5

INTRODUCTION

This manual provides detailed instructions for the FAHREN M5 2-in-1 Wireless CarPlay and Android Auto Adapter. This device converts your car's wired CarPlay or Android Auto system into a wireless connection, enhancing your driving experience with seamless smartphone integration.

Mini Wireless Carplay Adapter

No need to tether your phone to the CarPlay screen anymore

Image: The FAHREN M5 adapter enables wireless CarPlay, eliminating the need for a physical phone connection to the car's screen.

The FAHREN M5 adapter is designed to be compact and lightweight, minimizing clutter in your vehicle. It supports both USB-A and USB-C ports for broad compatibility and features an upgraded A9 chip for stable and fast performance.

60% Smaller

Small Than Ever

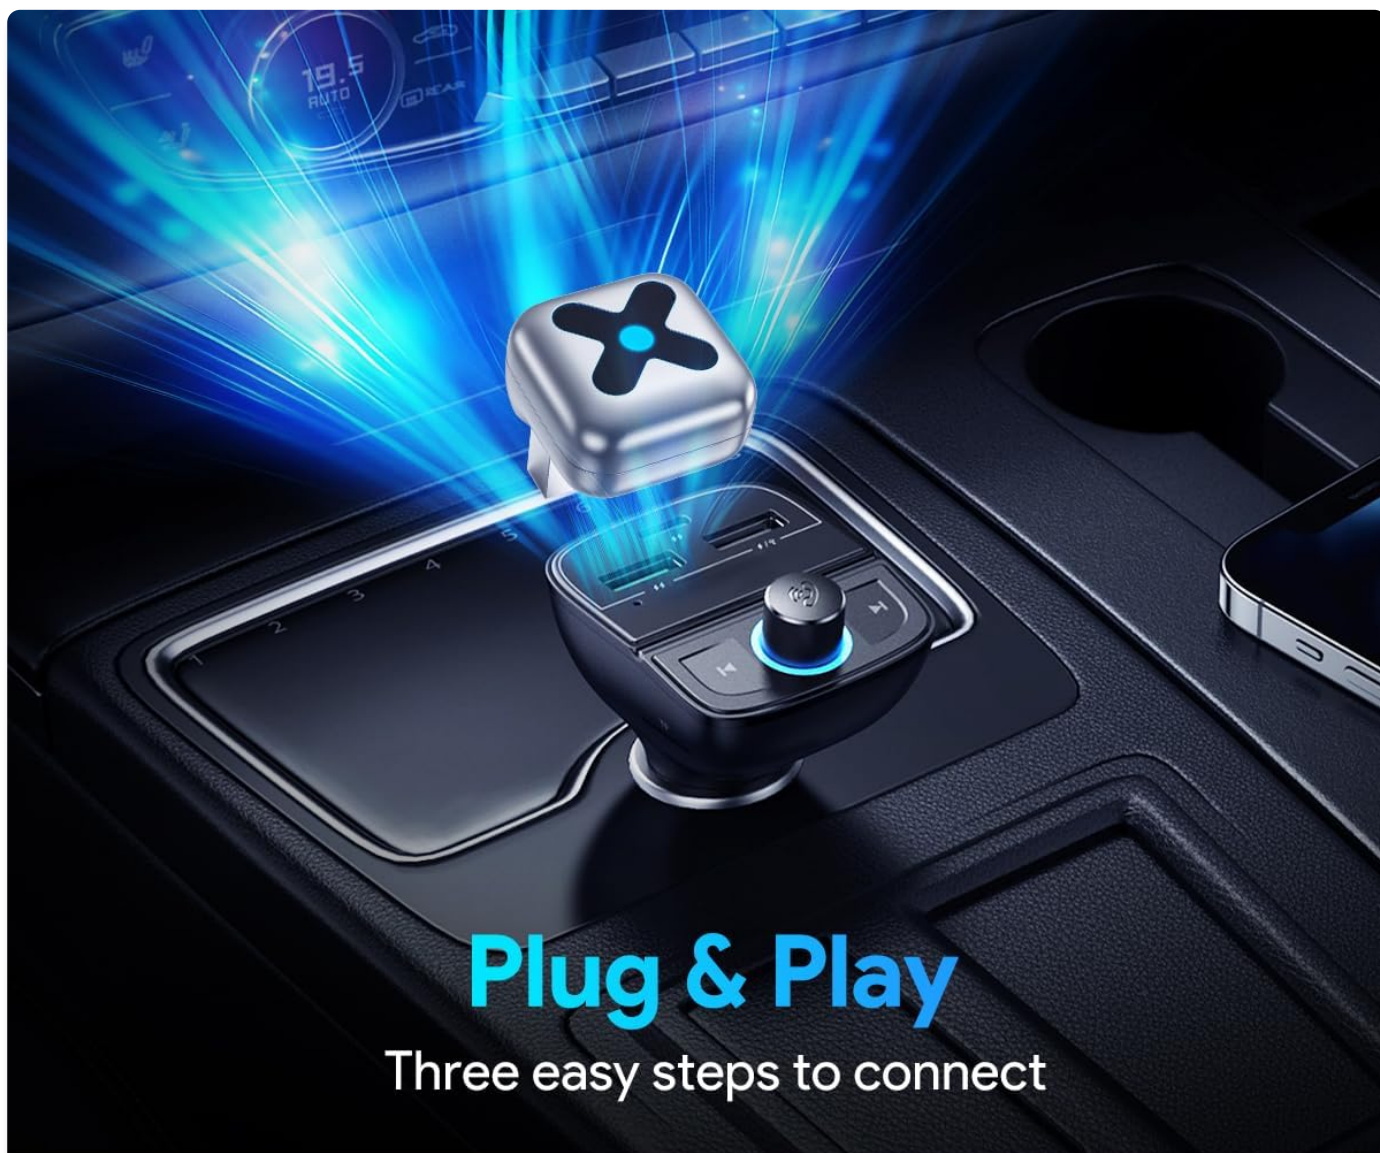

Image: The FAHREN M5 adapter is significantly smaller than previous models, promoting a tidy car interior.

SETUP INSTRUCTIONS

Follow these steps to set up your FAHREN M5 Wireless Adapter:

1. **Ensure Compatibility:** Your vehicle must have a factory-installed wired CarPlay or Android Auto system (manufactured after 2016). Your smartphone must be iOS 10+ or Android 11+.

2. **Connect the Adapter:** Plug the FAHREN M5 adapter into your car's USB-A or USB-C port that supports wired CarPlay/Android Auto.
3. **Pair via Bluetooth:** On your smartphone, enable Bluetooth and search for the adapter's Bluetooth name (e.g., 'SmartBox-XXXX' or similar). Pair your phone with the adapter.
4. **Connect to CarPlay/Android Auto:** Once paired, a prompt will appear on your phone or car screen to connect to CarPlay or Android Auto. Confirm the connection.
5. **Wi-Fi Connection:** The adapter will automatically establish a 5.8GHz Wi-Fi connection for data transfer, ensuring stable performance.

Plug & Play

OPERATING INSTRUCTIONS

Once connected, the FAHREN M5 adapter provides a seamless wireless experience for CarPlay and Android Auto. You can control functions using voice commands, steering wheel controls, or the car's touchscreen.

- **Navigation:** Access your preferred navigation apps (e.g., Apple Maps, Google Maps, Waze) directly on your car's display.
- **Music Streaming:** Play music from your favorite streaming services (e.g., Apple Music, Spotify) through your car's audio system.
- **Hands-Free Calls:** Make and receive calls safely using your car's microphone and speakers.
- **Voice Assistant:** Utilize Siri or Google Assistant for various tasks, such as sending messages, getting directions, or controlling music, all hands-free.

Important Note:

For driving safety, this adapter does not support video streaming applications such as YouTube or Netflix. Its primary function is to provide a stable and safe wireless connection for essential driving features.

MAINTENANCE

The FAHREN M5 adapter is designed for durability and requires minimal maintenance.

- **Cleaning:** Use a soft, dry cloth to wipe the adapter. Avoid using liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Durability:** The adapter features an aerospace-grade aluminum alloy body, providing resistance to wear, heat, and impact. It is engineered to function reliably in temperatures ranging from -20°C to 70°C.

TROUBLESHOOTING

If you encounter issues with your FAHREN M5 adapter, please refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Adapter not connecting or frequently disconnecting.	Incorrect pairing, weak signal, or car system issue.	• Ensure your car supports wired CarPlay/Android Auto. • Forget the device in your phone's Bluetooth settings and re-pair. • Restart your car's infotainment system and your phone. • Ensure the adapter is firmly plugged into the correct USB port.
Audio quality issues or lag during calls/music.	Interference, outdated firmware, or phone settings.	• Check for firmware updates for the adapter (if available via OTA). • Ensure no other Bluetooth devices are causing interference. • Verify your phone's audio settings are optimized for Bluetooth. • Try a different USB port in your vehicle if available.
CarPlay/Android Auto not launching automatically.	System settings or temporary glitch.	• Ensure your phone's Bluetooth and Wi-Fi are enabled. • Manually select CarPlay/Android Auto from your car's infotainment menu. • Restart the adapter by unplugging and replugging it.
Cannot access video streaming apps (Netflix, YouTube).	Feature not supported for safety reasons.	This adapter is designed for driving safety and does not support video streaming applications. This is normal operation.
