Auxmir 940

Auxmir 9-inch Lighted Makeup Mirror (Model 940) Instruction Manual

Model: 940

INTRODUCTION

Thank you for choosing the Auxmir 9-inch Lighted Makeup Mirror. This double-sided mirror features 1X and 30X magnification, adjustable height, 3 color dimmable LED lights, and 360-degree rotation for versatile use. This manual provides essential information for proper setup, operation, and maintenance to ensure optimal performance and longevity of your mirror.

SAFETY INFORMATION

- Keep the mirror away from direct sunlight to prevent fire hazards.
- Do not immerse the mirror in water or other liquids.
- Clean the mirror with a soft, dry cloth. Avoid abrasive cleaners.
- Keep a distance of approximately 4 inches (10 cm) from the 30X magnifying mirror to avoid dizziness or distortion.
- Do not disassemble or attempt to repair the mirror yourself. Contact customer support for assistance.

PACKAGE CONTENTS

- 1x Auxmir 9-inch Lighted Makeup Mirror (Model 940)
- 1x USB-C Charging Cable
- 1x Tweezers (may be included as an accessory)
- 1x User Manual

SETUP

Follow these steps to assemble your Auxmir Lighted Makeup Mirror:

1. Verify all four components are present: mirror head, support bar, base, and screw.
2. Align the flat screw through the mirror swivel and hand-tighten it slightly.
3. Rotate the mirror head clockwise to fully tighten the screw, securing it to the support bar.
4. Insert the support bar into the base.
5. Twist the nut on the support bar to adjust the mirror to your desired height. Hold the mirror head firmly while adjusting to prevent accidental damage.
6. Ensure the mirror is securely attached to the base and stable before use.

OPERATING INSTRUCTIONS

Magnification

The mirror features a double-sided design. One side provides 1X magnification for general makeup application and viewing. The other side offers 30X magnification, ideal for detailed tasks such as applying false eyelashes, precision eyebrow shaping, or close-up skincare. To switch between magnifications, simply rotate the mirror head 360 degrees.

3 COLOR LIGHTING MODES

Lighting Modes and Brightness

The mirror is equipped with LED lights offering 3 color modes and stepless dimmable brightness. Use the smart touch sensor on the mirror surface to control the lighting:

- **Short Press:** Tap the touch sensor to cycle through the 3 color light modes: warm white, natural light, and warm yellow.
- **Long Press:** Press and hold the touch sensor to adjust the brightness continuously (stepless dimming) within the selected color mode. Release when the desired brightness is reached.

EASY TO INSTALL

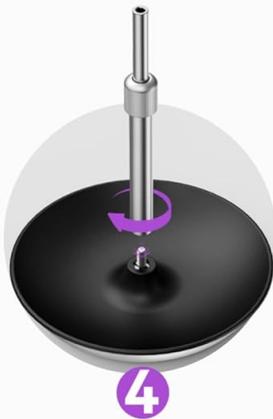

Checking four components.

Flat screw through mirror swivel, align hole, hand-tighten slightly.

Hold upper rod and swivel, rotate mirror clockwise to fully tighten screw.

Insert the support bar into the base.

Twist the nut to adjust to your desired height.
( Please hold the mirror when adjusting its height to avoid cracking it.)

Be sure that the mirror is attached securely before using.

Rotation and Height Adjustment

The mirror offers a flexible design for optimal comfort:

- **360° Rotation:** The mirror head can be rotated 360 degrees, allowing you to easily switch between the 1X and 30X sides and find the perfect viewing angle.
- **Adjustable Height:** The desk standing mirror's height is adjustable from 14.9 to 18.5 inches, accommodating various makeup table heights and user preferences.

HIGH-PERFORMANCE BATTERY

Rapid Charging for Wireless Brilliance

CHARGING

Your Auxmir mirror is equipped with a built-in 3000mAh rechargeable battery, providing up to 8.5 hours of wireless use after a full charge. A 30-minute auto-off timer helps conserve battery life.

- Connect the provided USB-C charging cable to the mirror's charging port.
- Plug the other end of the cable into a compatible power source such as a laptop, power bank, or USB wall charger.
- The charging indicator light will show the charging status (e.g., red for charging, green for fully charged).
- A full charge typically takes approximately 3.5 hours.

MAINTENANCE

- To clean the mirror surface, gently wipe with a soft, lint-free cloth. For stubborn spots, dampen the cloth slightly with water or a mild glass cleaner.
- Avoid using abrasive materials or harsh chemicals, as these can scratch the mirror or damage the finish.
- Keep the mirror in a dry environment to prevent moisture damage to electronic components.
- The sturdy base also offers space for cosmetics and tools; keep this area clean to maintain hygiene.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights do not turn on.	Battery is depleted.	Charge the mirror using the provided USB-C cable.
Lights are dim or inconsistent.	Low battery or incorrect brightness setting.	Recharge the mirror. Long press the touch sensor to adjust brightness.

Problem	Possible Cause	Solution
30X magnification appears blurry or distorted.	Incorrect viewing distance.	Maintain a distance of approximately 4 inches (10 cm) from the 30X mirror for clear focus.
Mirror wobbles on the base.	Components not securely tightened.	Ensure the mirror head is fully rotated and the support bar's nut is tightened.
