3. PRODUCT FEATURES

3.1 Open-Ear Design for Comfort and Awareness

The open-ear design rests outside your ear canals, providing comfort for extended wear and allowing you to remain aware of your surroundings, which is crucial for outdoor activities.

The Freedom of Open-Ear Design Safety and Connection

**Open-Ear Earbuds:
All-Day Comfort & Total Awareness**
Designed for extended wear with no ear pain.
Enjoy music comfortably while staying aware of your surroundings
— ideal for running, commuting, and daily use.

**In-Ear Earbuds:
Closed & Stuffy**
Traditional earbuds seal the ear canal, often
causing discomfort, pressure, and fatigue
over time.

Image: A person cycling, illustrating how the open-ear design allows for environmental awareness.

3.2 IP68 Waterproof Rating

With an IP68 rating, these headphones are completely sweat and waterproof, making them suitable for intense workouts, fitness, running, and even swimming (refer to specific model's IP rating for swimming

suitability).

IP68 Waterproof Born For Sports

Completely sweat and waterproof for workouts, fitness and running

3.3 Advanced Bluetooth 5.3 Connectivity

Equipped with Bluetooth 5.3, the headphones offer a faster, more stable, and energy-efficient connection, ensuring uninterrupted audio and clear calls within a 10-meter range.

Bluetooth 5.3 chip

Experience seamless music and HD calls with Bluetooth 5.3. Enjoy a 10m range, instant connection, and ultra-low latency so you never miss a beat.

4. SETUP INSTRUCTIONS

4.1 Charging the Headphones

Before first use, fully charge the headphones. Connect the magnetic charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer, wall adapter). The LED indicator will show charging status.

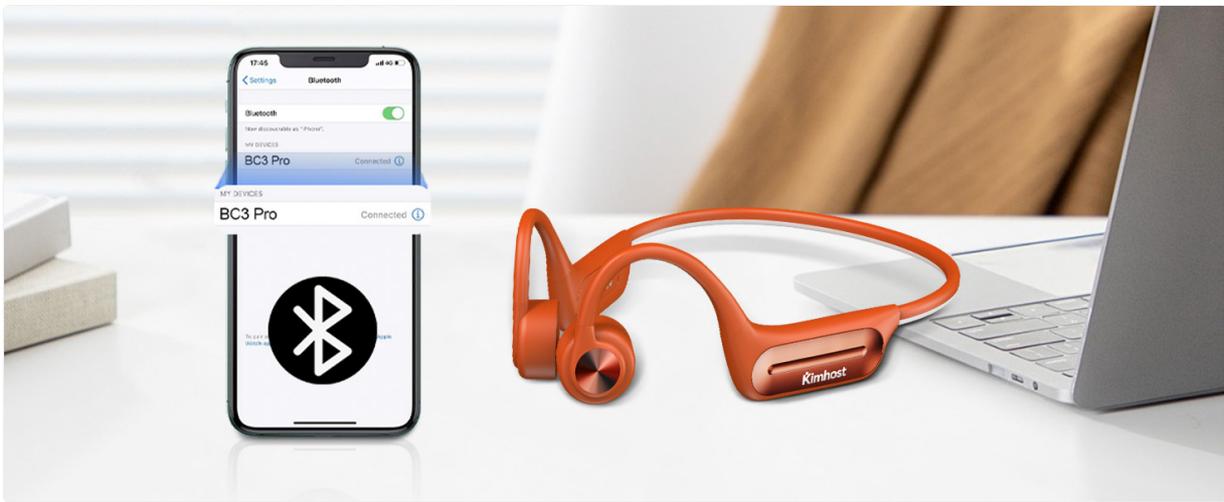

Image: Illustration of the magnetic charging port and cable connection.

4.2 Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 3 seconds.

4.3 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes red and blue, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "BC3 Pro" from the list of devices.
5. Once connected, the LED indicator will turn solid blue, and you will hear a confirmation tone.

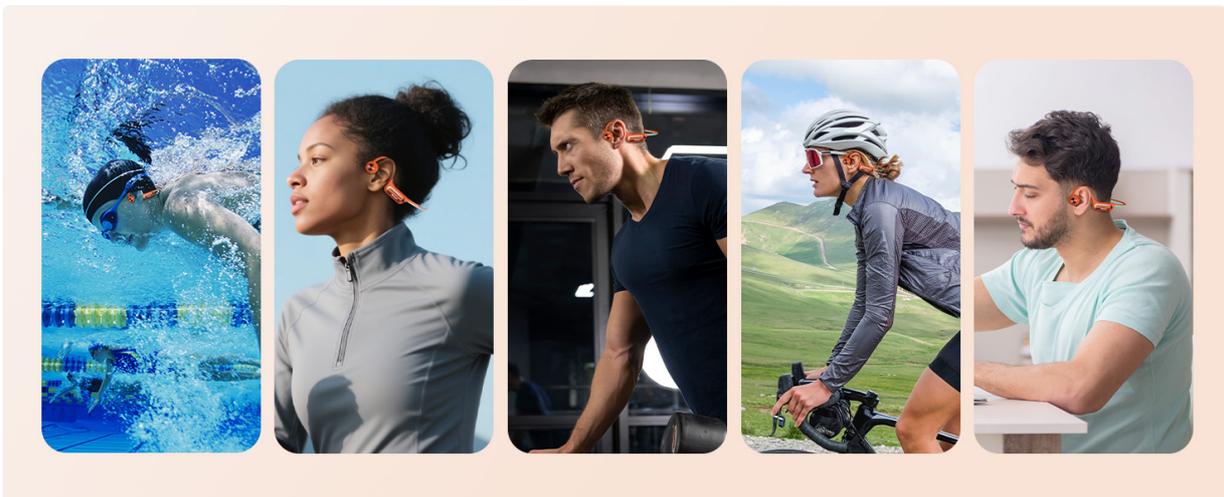

Image: A smartphone and laptop displaying successful Bluetooth connection to the BC3 Pro headphones.

5. OPERATING INSTRUCTIONS

5.1 Wearing the Headphones

1. Gently pull the headphones open with your hands to widen the headband.
2. Hang the ear hooks over your earbones, ensuring the transducers rest comfortably in front of your ears.
3. Adjust the size with the included adjusting belt (stable rope) to ensure a proper and stable fit around

the back of your head.

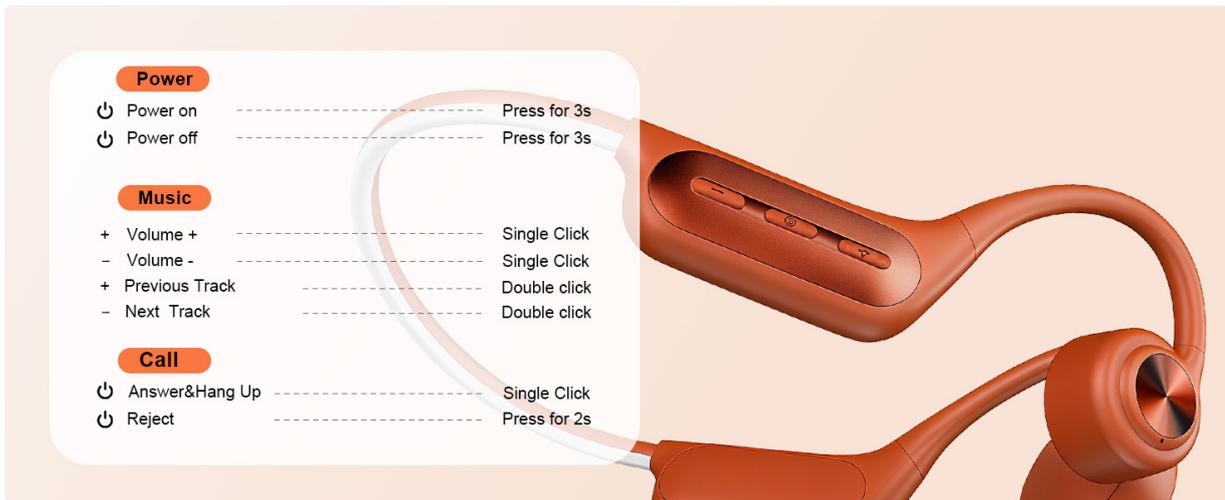

Image: Step-by-step guide on how to correctly wear the headphones for optimal comfort and sound.

5.2 Button Functions

The headphones feature intuitive physical buttons for easy control:

Function	Action
Power On/Off	Press for 3 seconds
Volume +	Single Click
Volume -	Single Click
Previous Track	Double Click
Next Track	Double Click
Answer/Hang Up Call	Single Click
Reject Call	Press for 2 seconds

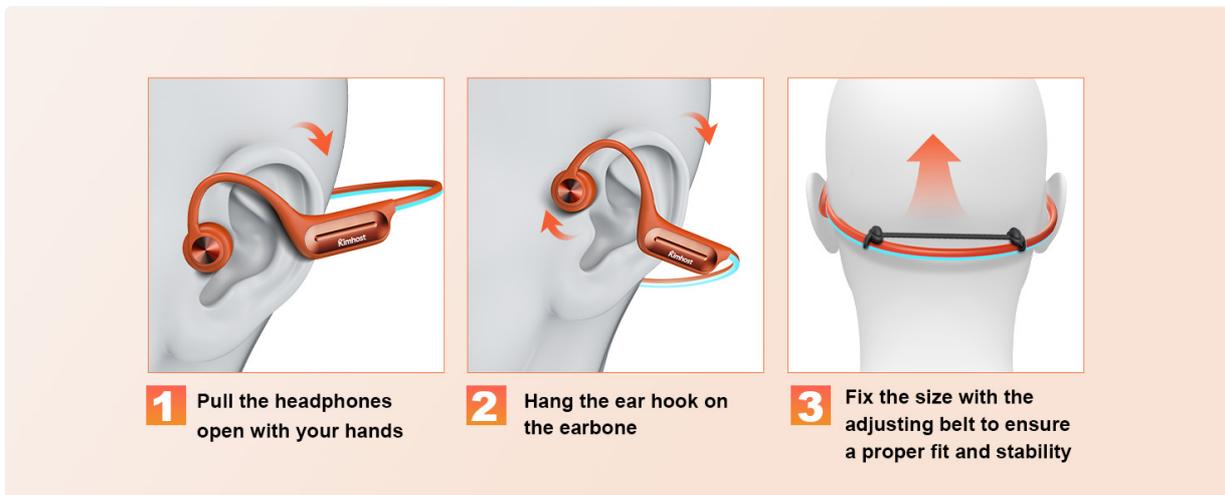

Image: Visual guide to the headphone button controls and their corresponding actions.

5.3 Internal Music Storage (32GB)

The headphones feature built-in 32GB music storage, allowing you to load your favorite playlists and listen

without needing a connected phone. This is ideal for workouts or activities where you prefer to leave your phone behind.

- Connect the headphones to a computer using the charging cable.
- The headphones will appear as a removable drive.
- Drag and drop your audio files (e.g., MP3) into the headphone's storage folder.
- Safely eject the device from your computer.

Image: Headphones connected to a laptop, illustrating the process of transferring music to the internal 32GB storage.

6. MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in the provided storage bag when not in use to protect them from dust and damage. Avoid extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not used for extended periods.
- **Water Exposure:** While IP68 waterproof, always ensure the charging port is dry before connecting the charging cable. Rinse with fresh water after exposure to saltwater or chlorinated water.

7. TROUBLESHOOTING

7.1 Cannot Power On

- Ensure the headphones are fully charged.
- Press and hold the Power button for 3 seconds.

7.2 Cannot Pair with Device

- Ensure the headphones are in pairing mode (LED flashing red and blue).
- Turn off and on Bluetooth on your device.
- Move the headphones closer to your device.
- Clear previous Bluetooth connections on your device and try pairing again.

7.3 No Sound

- Check the volume level on both the headphones and your connected device.

- Ensure the headphones are properly connected to your device via Bluetooth.
- If using internal storage, ensure music files are loaded correctly and playback is initiated.

7.4 Charging Issues

- Ensure the magnetic charging cable is securely connected to both the headphones and the power source.
- Try a different USB port or power adapter.
- Ensure the charging contacts on the headphones and cable are clean and dry.
