EIGIIS KE3P

EIGIIS KE3P Military GPS Smartwatch User Manual

Model: KE3P

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your EIGIIS KE3P Military GPS Smartwatch. Please read this manual thoroughly before using your device to ensure proper functionality and to maximize your user experience. Keep this manual for future reference.

2. PRODUCT DESCRIPTION

The EIGIIS KE3P is a rugged smartwatch designed for active lifestyles, featuring a 1.45-inch HD display and a durable construction. Key features include:

- **Built-in GPS:** For accurate route tracking without a phone.
- **LED Flashlight & Compass:** Essential tools for outdoor activities.
- **530mAh Battery:** Provides extended usage time.
- **3ATM Waterproof Rating:** Suitable for swimming and various water sports.
- **Military-Grade Toughness:** Designed to withstand harsh environments.
- **Bluetooth Calling:** Make and receive calls directly from your wrist.
- **Health & Fitness Monitoring:** Includes 24/7 heart rate, sleep tracking, and over 110 sports modes.
- **Smart Notifications:** Receive alerts for messages and applications.

3.2 Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a

computer's USB port. The watch display will indicate charging status.

3.3 App Installation and Pairing

To unlock the full potential of your EIGIIS KE3P Smartwatch, download and install the companion app (GloryFit) on your smartphone. Search for "GloryFit" in your device's app store (Apple App Store for iOS, Google Play Store for Android).

1. Download and install the GloryFit app.
2. Open the app and follow the on-screen instructions to create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the GloryFit app, navigate to the device pairing section and select your EIGIIS KE3P Smartwatch from the list of available devices.
5. Confirm the pairing request on both your smartphone and smartwatch.

3.4 Keeping the App Running in the Background

To ensure continuous data synchronization and notification delivery, the GloryFit app needs to run in the background. Follow the instructions below for your specific phone operating system:

For iPhone Users:

Your browser does not support the video tag.

Video: Instructions on how to configure the GloryFit app to run in the background on an iPhone.

For Android Users:

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The EIGIIS KE3P Smartwatch features a touch screen and physical buttons for navigation:

- **Touch Screen:** Swipe left/right, up/down to navigate menus and features. Tap to select.
- **Upper Button (HOME):** Press to return to the home screen or wake the device.
- **Lower Button (BACK):** Press to go back to the previous screen.

4.2 GPS Tracking

The smartwatch features built-in GPS for tracking outdoor activities. You can use GPS independently or in conjunction with your smartphone.

Using GPS without a Cellphone:

4.5 Health and Fitness Monitoring

The EIGIIS KE3P Smartwatch is equipped with sensors to monitor various health and fitness metrics:

- **Heart Rate Monitoring:** Continuous 24/7 heart rate tracking.
- **Sleep Tracking:** Monitors sleep patterns and quality.
- **110+ Sports Modes:** Track specific data for a wide range of activities.

4.6 Daily Life Assistant Features

Beyond fitness, the smartwatch offers several features to assist with daily tasks:

- Music Playback Control
- Weather Forecast
- Remote Camera Control
- Sedentary Reminders
- Alarm Clock

5. MAINTENANCE

5.1 Waterproofing Guidelines

The EIGIIS KE3P Smartwatch has a 3ATM waterproof rating, meaning it is resistant to splashes, rain, and can be worn during swimming. However, it is not suitable for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.

Image: The EIGIIS KE3P Smartwatch submerged in water, illustrating its 3ATM waterproof capability.

5.2 Cleaning

Regularly clean your smartwatch and watch band with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

5.3 Battery Care

To prolong battery life, avoid extreme temperatures and fully discharging the battery frequently. The 530mAh battery provides 7-10 days of typical use.

6. TROUBLESHOOTING

If you encounter issues with your EIGIIS KE3P Smartwatch, try the following steps:

- **Device Not Turning On:** Ensure the watch is fully charged. Connect it to the charging cable and a power source.
- **Cannot Pair with Phone:** Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the GloryFit app.
- **Inaccurate Data:** Ensure the watch is worn snugly on your wrist. For GPS, ensure you are in an open area with a clear sky.

- **Notifications Not Received:** Check app permissions on your phone to ensure GloryFit has access to notifications. Verify that the app is running in the background.
- **Screen Unresponsive:** Try restarting the watch by pressing and holding the power button (if available) or performing a hard reset if the option is present in the settings.

For further assistance, please refer to the official EIGIIS support channels.
