CaDA C66005W

CaDA Master C66005W Japanese Coffee House Building Set

Model: C66005W | Brand: CaDA

INTRODUCTION

This instruction manual provides detailed guidance for assembling, operating, and maintaining your CaDA Master C66005W Japanese Coffee House Building Set. This modular building kit consists of 768 high-precision pieces, designed to create a detailed miniature coffee shop with an integrated lighting system. The finished model measures approximately 18 x 13.2 x 13.5 cm (7.1 x 5.2 x 5.3 inches) and is recommended for ages 14 and up.

Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

SETUP AND ASSEMBLY

The CaDA Master C66005W set includes 768 pieces made from high-quality ABS plastic, ensuring smooth and precise interlocking for stable construction. Follow the step-by-step instructions provided in the physical manual included with your kit.

Key Assembly Features:

- Modular Design:** The model features a removable roof and an opening back wall, allowing easy access to the detailed interior.
- Detailed Interior:** The panoramic window design reveals an exquisite bar counter, high stools, a coffee machine, and other decorative elements.
- Exterior Details:** Potted flowers adorn the entranceway, adding a vibrant touch to the modern design.
- Integrated Lighting:** A professional built-in LED lighting system is included to illuminate the interior and exterior details.

OPERATING THE LIGHTING SYSTEM

The CaDA Master C66005W set includes an integrated LED lighting system to enhance the display of your coffee house model. The lights are USB-powered and designed to illuminate the interior and exterior details, creating a lively and inviting atmosphere.

Instructions for Use:

- Connect Power:** Locate the USB cable for the lighting system. Connect the USB plug to a compatible USB power source (e.g., a USB wall adapter, power bank, or computer USB port).
- Light Modes:** The lighting system features eight different modes. Refer to the specific instructions in your physical manual for details on how to cycle through these modes, typically via a small button or switch on the USB controller.
- Placement:** Ensure the LED wires are carefully routed during assembly to avoid pinching or damage. The lights are strategically placed to highlight the bar counter, coffee machines, and other decor.

Eight-mode LED Creating street atmosphere

MAINTENANCE

Proper care and maintenance will help preserve the appearance and integrity of your CaDA Master C66005W building set.

Cleaning:

- Use a soft, dry cloth or a small, soft brush to gently remove dust from the model.
- For stubborn dirt, lightly dampen a cloth with water (avoiding excessive moisture) and wipe the affected areas. Do not use harsh chemicals or abrasive cleaners, as these can damage the plastic.

Storage:

- Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic pieces.
- If disassembling for storage, keep all pieces organized in sealed bags or containers to prevent loss.

TROUBLESHOOTING

If you encounter any issues with your CaDA Master C66005W building set, refer to the following common solutions.

Missing Pieces:

- Carefully check all packaging materials and bags to ensure no small pieces were overlooked.
- If pieces are genuinely missing, contact CaDA customer support or the retailer where you purchased the set for assistance. Provide the model number (C66005W) and a clear description of the missing parts.

Lighting System Not Working:

- **Check USB Connection:** Ensure the USB cable is securely plugged into both the lighting system and a functional power source.
- **Verify Power Source:** Test the USB power source with another device to confirm it is providing power.
- **Inspect Wires:** Gently inspect the LED wires for any visible damage or disconnections. Avoid excessive bending or pulling of the wires.
- **Controller Functionality:** If your lighting system has a controller, ensure it is functioning correctly and try cycling through the modes.

SPECIFICATIONS

Feature	Detail
Model Number	C66005W
Number of Pieces	768
Product Dimensions (assembled)	18 x 13.2 x 13.5 cm (7.1 x 5.2 x 5.3 inches)
Item Weight	3.3 pounds
Material	High-quality ABS Plastic
