Hobby Lobby Summer by The Sea (Model 688667)

Hobby Lobby Mayberry Street DIY Dollhouse Miniature Room Kit: Summer by The Sea (1:24 Scale)

Instruction Manual for Model 688667

INTRODUCTION

Welcome to the world of miniature crafting with the Hobby Lobby Mayberry Street DIY Dollhouse Miniature Room Kit, 'Summer by The Sea'. This kit allows you to construct and decorate a detailed 1:24 scale nautical-themed miniature space. Designed for crafters aged 14 and up, this unassembled set provides a rewarding hands-on experience to create a unique decorative piece. The finished product is intended for display purposes only and is not a toy.

WHAT'S INCLUDED

Your 'Summer by The Sea' kit comes complete with all necessary components and tools for assembly. Please verify all items are present before beginning construction.

- Unassembled house pieces (pre-cut wood panels)
- Furniture and accessory pieces (pre-cut and pre-painted)
- Printed flooring and decorative artwork
- Fabric pieces
- Miniature lighting fixtures (requires 2 AA 1.5V batteries, not included)
- White Glue (0.67 Fl Oz)
- Alcohol Glue (0.67 Fl Oz)
- Scissors
- Knife
- Ruler

- Tweezers

SETUP

Before beginning assembly, ensure you have a clean, well-lit, and organized workspace. The kit includes detailed instruction booklets with visual guides and material lists to assist you.

Preparation Steps:

1. Unpack all components carefully.
2. Refer to the included material list and instruction booklets to identify and organize all parts. The parts are pre-cut and often pre-painted, simplifying the process.
3. Gather the provided tools: scissors, knife, ruler, tweezers, white glue, and alcohol glue.
4. Ensure you have 2 AA 1.5V batteries ready for the lighting features, as these are not included in the kit.

OPERATING (ASSEMBLY INSTRUCTIONS)

The assembly of this miniature room kit requires patience and precision due to the small scale of many components. Follow the step-by-step instructions provided in the dedicated instruction booklets included with your kit. These booklets contain detailed diagrams and visual aids to guide you through each stage of construction.

General Assembly Tips:

- **Follow the Manual:** Adhere strictly to the sequence and instructions in the provided manual. Each step is designed to build upon the previous one.
- **Use Tweezers:** Many parts are smaller than a fingernail. Utilize the included tweezers for precise placement and handling of tiny components.
- **Apply Glue Sparingly:** Use the provided white and alcohol glues as directed. Excessive glue can affect the appearance and fit of parts.
- **Verify Fit:** Before applying glue, dry-fit pieces to ensure they align correctly. Minor adjustments may be necessary, which is a normal part of miniature crafting.
- **Lighting Installation:** Install the miniature lighting fixtures as instructed. Ensure proper battery placement (2 AA 1.5V batteries, not included) and connection for functionality.

MAINTENANCE

To preserve the appearance and longevity of your assembled miniature room, follow these maintenance guidelines:

- **Cleaning:** Gently dust the miniature room regularly with a soft, dry brush or a microfiber cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the assembled kit in a stable environment, away from direct sunlight, extreme temperatures, and high humidity, which can cause materials to warp or fade.
- **Battery Replacement:** If the lighting features dim or stop working, replace the 2 AA 1.5V batteries. Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

Encountering minor issues during assembly or use is common. Here are some tips for troubleshooting:

- **Parts Not Aligning:** If pieces do not fit perfectly, re-check the instruction manual to ensure you are using the correct parts and following the steps precisely. Sometimes, a small adjustment or gentle sanding (if applicable to the material) may be needed.
- **Missing Components:** Carefully re-check all packaging and bags. If a component is genuinely missing, refer to the 'Support' section for contact information.
- **Lighting Not Working:**
 - Ensure batteries are correctly installed with the proper polarity.
 - Check if the batteries are fresh.
 - Verify all wiring connections are secure as per the instruction manual.

SPECIFICATIONS

Attribute	Detail
Brand Name	Hobby Lobby
Model Name	Summer by The Sea
Manufacturer Part Number	688667
Scale	1:24
Assembled Dimensions (L x W x H)	8.46" x 12.59" x 8.66" (21.48 x 31.98 x 22 cm)
