Product Features

- **Universal Compatibility:** Controls over 5 types of devices, including TVs, DVD/Blu-ray players, soundbars, streaming media players, and set-top boxes.
- **Wide Brand Support:** Compatible with major TV brands such as Samsung, LG, Hisense, TCL, Vizio, Sony, Onn, Toshiba, Philips, Element, Westinghouse, Sharp, Emerson, Sanyo, RCA, and more. Also supports audio/video brands like Sony, LG, Panasonic, Samsung, Bose, Vizio.
- **Extended Range:** Operates effectively up to 26 feet (approximately 8 meters).
- **Fast Response:** Features a 0.2-second fast response time for immediate command execution.
- **Durable Design:** Tested for over 50,000 presses, ensuring long-lasting durability.
- **Power Source:** Requires 2 AAA batteries (not included).

Image: The remote control is capable of operating multiple device types, including TV, Soundbar Audio, DVD/Blu-ray Player, Streaming Media Player, and Set Top Boxes.

Setup Instructions

1. Battery Installation

Before using the remote control, install two new 1.5V AAA batteries. Ensure correct polarity (+/-) when inserting the batteries. Do not mix old and new batteries or different battery brands.

2. Pairing Methods

The remote control offers two methods for pairing with your devices:

Method 1: Manual Code Entry

1. Locate your device's specific 4-digit code in the provided CODE LIST.
2. Press and hold the **SETUP** button on the remote until the remote's red indicator light turns on.
3. Press and release the corresponding device button (e.g.,**TV**, **STR**, **AUD**) for the device you wish to control.
4. Enter the 4-digit code for your device using the number buttons. The red light will turn off after the code is entered.

5. Point the remote at the device and test the buttons. If the buttons do not function as expected, repeat steps 2-5 using the next code listed for your device until proper functionality is achieved.

Method 2: Automatic Pairing

For automatic pairing, please refer to pages 8-9 of the physical user manual included with your product for detailed instructions. This method automatically scans for compatible codes.

Operating Instructions

Once paired, your LOUTOC Universal TV Remote Control can operate your devices using its various buttons. Below is a general overview of common button functions:

Image: Labeled diagram of the remote control, highlighting each button and its corresponding function.

- **Power Button:** Turns devices ON/OFF.
- **Number Buttons (0-9):** Enter numbers for direct channel selection or code entry.
- **OK Button:** Confirms selections or enters menus.
- **Directional Pad (Up/Down/Left/Right):** Navigates on-screen menus and selections.
- **Volume Up/Down:** Adjusts the volume level.
- **Channel Up/Down:** Changes TV channels.
- **Mute Button:** Mutes or unmutes audio.
- **Input Button:** Selects video input sources.
- **Menu Button:** Displays the on-screen menu.
- **APP Button:** Quick access to popular streaming applications (e.g., Netflix, YouTube).
- **Playback Controls (Play, Pause, Stop, Rewind, Fast Forward):** Controls media playback on compatible devices.
- **Colored Buttons (A, B, C, D):** Provide additional features for DVRs, cable, and satellite receivers, depending on the device.

Troubleshooting

If you encounter issues with your LOUTOC Universal TV Remote Control, try the following steps:

- **Remote Not Responding:** Ensure fresh AAA batteries are correctly installed. Check if the remote's red indicator light flashes when a button is pressed.
- **Device Not Responding:** Verify that the remote is pointed directly at the device's IR receiver. Ensure there are no obstructions between the remote and the device.
- **Incorrect Functionality:** If buttons perform incorrect actions, re-attempt the pairing process (Method 1 or Method 2) using a different code from the CODE LIST for your specific device.
- **Limited Functionality:** Some advanced or brand-specific functions may not be supported by a universal remote.
- **Interference:** Ensure no other devices are causing IR interference.

Specifications
