Hiswelle HQ-JS2301

Hiswelle 8L/2.1Gal Cool Mist Humidifier User Manual

Model: HQ-JS2301

1. Introduction

Thank you for choosing the Hiswelle 8L/2.1Gal Cool Mist Humidifier. This high-performance humidifier is designed to provide long-lasting moisture for large rooms, enhancing your home atmosphere with its powerful ultrasonic mist system, aromatherapy features, and ambient lighting. Please read this manual thoroughly before use to ensure safe and optimal operation.

2. Important Safety Instructions

- Always place the humidifier on a firm, flat, water-resistant surface away from direct sunlight and heat sources.
- Do not place the humidifier near furniture or appliances that are sensitive to moisture.
- Use only clean, cool tap water or distilled water. Do not use hot water.
- Do not add essential oils directly into the water tank. Use the dedicated aromatherapy tray.
- Unplug the humidifier before filling, cleaning, or moving it.
- Keep the humidifier out of reach of children and pets.
- Do not block the mist outlet or air intake.
- If the humidifier is damaged, do not operate it. Contact customer support.
- Ensure the power cord is not damaged or placed under heavy objects.

3. Package Contents

- Humidifier Unit (1)
- Remote Control (1)
- User Manual (1)

4. Product Overview

The Hiswelle Humidifier features an 8L (2.1 gallon) clear water tank, a digital display, and intuitive touch controls. It comes with a remote control for convenient operation from a distance.

Key Features:

- **8L (2.1 Gallon) Capacity:** Provides up to 48 hours of continuous mist.
- **4 Mist Modes:** Adjustable mist output levels (Low, Medium, High, Highest) for customized humidity.
- **7-Color Ambient Lighting:** Creates a soothing atmosphere.
- **1-16H Timer:** Allows scheduled operation.
- **Auto Shut-off:** Automatically turns off when water runs out for safety.
- **Constant Humidity Technology:** Maintains preferred humidity levels (40%-90% RH).
- **Sleep Mode:** Ultra-quiet operation (35 dB) with screen shut-off.
- **Top-Fill Design:** Simplifies water refilling.
- **Aromatherapy Tray:** For use with essential oils.
- **360° Adjustable Nozzle:** Ensures even mist distribution.

5. Setup

5.1 Initial Placement

Place the humidifier on a flat, stable surface at least 6 inches (15 cm) away from walls and furniture. Ensure the mist outlet is not directed towards any objects that could be damaged by moisture.

5.2 Filling the Water Tank

1. Ensure the humidifier is unplugged from the power outlet.
2. Open the top cover of the humidifier.
3. Pour clean, cool water directly into the water tank until it reaches the MAX line indicated on the clear tank. Do not overfill.
4. Close the top cover securely.

5.3 Aromatherapy Setup

1. Locate the aromatherapy tray on the side of the humidifier.
2. Pull out the tray.
3. Add 2-5 drops of your preferred essential oil onto the aroma pad.
4. Slide the tray back into the humidifier.

Figure 2: Aromatherapy Tray. This image shows the dedicated tray for essential oils, demonstrating how to add drops for aromatherapy.

6. Operating Instructions

You can operate the humidifier using the touch control panel on the unit or the included remote control.

6.1 Power On/Off

Press the Power button (**O/I**) on the control panel or remote to turn the humidifier on or off.

6.2 Adjusting Mist Modes

Press the Mist button (**Mist icon**) repeatedly to cycle through the 4 mist output levels: Low, Medium, High, and Highest.

6.3 Setting Humidity Level

Press the Humidity button (**RH icon**) to set your desired humidity level between 40% and 90% Relative Humidity (RH). The humidifier will automatically adjust its mist output to maintain this level.

Figure 4: Balance Humidity with Smart Sensor. This image shows the humidifier's ability to automatically adjust mist levels to maintain a desired humidity range.

6.4 Using the Timer

Press the Timer button (**Clock icon**) to set the operating time from 1 to 16 hours. The humidifier will automatically turn off once the set time has elapsed.

6.5 Activating Night Light

Press the Light button (**Lightbulb icon**) to turn on the 7-color ambient light. Press again to cycle through colors or turn off.

Figure 5: 7 Color Lights. This image shows the humidifier illuminating in various colors, creating a pleasant ambiance.

6.6 Sleep Mode

Press the Sleep button (**Moon icon**) to activate Sleep Mode. In this mode, the humidifier operates at an ultra-quiet 35 dB, and the digital display will turn off to ensure an undisturbed rest.

7. Maintenance

Regular cleaning is essential to prevent mineral buildup and ensure optimal performance and hygiene of your humidifier.

7.1 Daily Maintenance

- Empty the water tank and rinse it with clean water daily.
- Wipe the inside of the water tank and the base with a soft, damp cloth.
- Refill with fresh water before each use.

7.2 Weekly Cleaning (Mineral Buildup Removal)

1. Unplug the humidifier and empty any remaining water from the tank and base.
2. Remove the water inlet tank from the base.
3. Pour 1 cup (240ml) of undiluted white vinegar into the base chamber. Let it soak for 15-20 minutes to loosen mineral

deposits.

4. Use a soft brush or cloth to gently scrub the base, focusing on the ultrasonic plate and corners.
5. Pour out the vinegar solution. Rinse the base thoroughly with clean water until the vinegar smell is gone**IMPORTANT: Do not rinse the base directly under the tap. Pour water from the corner of the base chamber to prevent water from entering the air outlet.**
6. Clean the water tank with a soft brush or cloth and rinse thoroughly.
7. Dry all parts completely before reassembling or storing.

8. Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output	Lack of water; Mineral buildup on ultrasonic plate; Mist outlet blocked.	Refill water tank; Clean the ultrasonic plate with vinegar solution; Clear any obstructions from the mist outlet.
Unusual odor	Stale water; Dirty water tank or base.	Empty and clean the water tank and base thoroughly; Use fresh water daily.
Water leakage	Water tank not properly seated; Overfilling the tank; Damaged tank.	Ensure the water tank is correctly placed on the base; Do not fill water above the MAX line; Contact customer support if tank is damaged.
Humidifier turns off unexpectedly	Water tank is empty; Timer function activated.	Refill the water tank; Check if the timer is set and adjust if necessary.
