SUNKTA TX7-A

SUNKTA Military Smart Watch TX7-A User Manual

Model: TX7-A

Introduction

This manual provides essential information for setting up, operating, and maintaining your SUNKTA Military Smart Watch TX7-A. Please read it thoroughly to ensure proper use and to maximize the features of your device. This rugged smartwatch is designed for durability and functionality, offering advanced health monitoring, extensive sports modes, and convenient communication features.

What's in the Box

- Smartwatch × 1
- Stainless steel strap × 1
- Silicone strap × 1
- Magnetic charger × 1
- 2-year warranty card × 1

Setup

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a compatible power source. A full charge typically takes approximately 2 hours.

Image: The smartwatch connected to its magnetic charger, illustrating the 500mAh battery and included USB and Type-C cables.

2. Installing and Adjusting Watch Bands

Your smartwatch comes with two interchangeable bands: a stainless steel band and a silicone band. To install a band, align the pins with the holes on the watch casing and push the pin inwards to secure it. To adjust the stainless steel band, use the provided tool to remove or add links for a comfortable fit.

3. App Installation and Pairing

To unlock the full potential of your smartwatch, download the companion app. Scan the QR code provided in the manual or search for "GloryFitPro" in your device's app store. Follow the on-screen instructions to pair your smartwatch with your smartphone via Bluetooth. Ensure Bluetooth is enabled on your phone and allow necessary permissions for notifications and contacts.

Operating Your Smartwatch

1. Display and Watch Faces

The smartwatch features a 1.43-inch AMOLED HD touch screen with 466x466 pixel resolution, offering clear visuals and always-on functionality. You can customize your watch face by long-pressing the screen or through the app, choosing from various built-in UIs or uploading your own photos.

3. Message Notifications

Receive real-time notifications for text messages and social media alerts directly on your smartwatch. You can preview messages and stay connected without needing to check your phone constantly.

4. Voice Assistant

Utilize the built-in AI voice assistant for quick commands, inquiries, and hands-free control of your smartwatch functions.

5. Sports Modes and Tracking

The smartwatch offers over 170 sports modes, including cycling, running, basketball, and more. It tracks critical data such as workout heart rate, distance, speed, and calories burned in real-time. Connect to the app to download additional sports modes and analyze your performance.

6. Health Monitoring

The smartwatch acts as a personal health assistant, supporting 24-hour heart rate monitoring, real-time blood pressure, and blood oxygen detection. It also monitors sleep patterns (deep sleep, light sleep, REM) and saves data for 30 days, helping you understand and improve your physical condition.

Maintenance

1. Waterproofing

The smartwatch is 5ATM waterproof, making it suitable for swimming and resistant to rain and splashes. It has passed various durability tests, including exposure to hot steam and salt spray. However, avoid prolonged exposure to hot water, such as during hot showers, as this may affect its performance.

Troubleshooting

Common Issues

- **Connectivity Problems:** Ensure Bluetooth is enabled on your phone and the smartwatch is within range. Restart both devices and try pairing again.
- **Notifications Not Appearing:** Check app permissions on your smartphone to ensure the GloryFitPro app has access to notifications. Verify that notifications are enabled within the app settings for specific applications.
- **Inaccurate Health Data:** Ensure the smartwatch is worn snugly on your wrist. Avoid excessive movement during measurements. For persistent issues, consult the app's help section or contact support.
- **Charging Issues:** Verify that the magnetic charger is correctly aligned with the charging points on the watch. Use a

compatible USB power adapter.

- **Display Not Responding:** Try restarting the smartwatch by long-pressing the power button. If unresponsive, ensure the battery is charged.
