1. INTRODUCTION

Thank you for choosing the JUMMICO Makeup Vanity Desk with Mirror and Lights. This L-shaped vanity is designed to optimize your space and enhance your daily beauty routine with its integrated LED mirror, ample storage, and convenient charging features. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and efficient use of your new vanity desk.

2. IMPORTANT SAFETY INFORMATION

Please read all safety warnings carefully before assembly or use.

- Always unplug the vanity from the power source before performing any assembly, disassembly, cleaning, or maintenance.
- Exercise caution due to the product's weight (111 lbs) and potential sharp edges during handling and assembly. It is recommended to have assistance during assembly.
- Do not use the vanity in wet or damp conditions. Keep all electrical components, including the power outlet and mirror lights, away from water and other liquids.
- Do not overload the fast-charging outlets. Ensure that connected devices do not exceed the specified wattage (20W for Type-C, 18W for USB).
- Ensure all screws and fasteners are securely tightened during assembly to prevent instability. Periodically check for loose connections.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. SETUP AND ASSEMBLY

Assembly of the JUMMICO Makeup Vanity Desk is required. It is recommended to assemble the vanity in a spacious area and have a helper for certain steps. An electric drill may expedite the process. Please refer to the included assembly guide for detailed step-by-step instructions and diagrams.

3.1 Package Contents

Verify that all components are present before beginning assembly. The package typically includes:

- Vanity desk panels (L-shaped sections)
- 5 drawer components
- Adjustable shelves
- LED mirror unit
- Power outlet module (USB & Type-C)
- Hair dryer holder
- Assembly hardware (screws, dowels, cam locks, etc.)
- Assembly instruction manual

3.2 Assembly Tips

- Lay out all parts and hardware before starting.
- Use an electric drill with appropriate bits for faster and more secure fastening, but be careful not to overtighten.
- Ensure the L-shaped configuration is correctly oriented for your desired space.
- Connect the LED mirror and power outlet wiring according to the specific instructions in the assembly guide.

4. OPERATING INSTRUCTIONS

4.1 LED Mirror Lighting

The integrated LED mirror features touch control for adjusting lighting. Tap the touch sensor on the mirror to cycle through three color temperature settings:

- **Cool White:** Bright, clear light suitable for detailed makeup application.
- **Warm White:** Natural light for everyday use.
- **Warm Yellow:** Soft, ambient light for evening or relaxed settings.

Press and hold the touch sensor to adjust the brightness within the selected color temperature.

4.2 Fast Charging Power Outlet

The vanity includes a built-in power outlet with USB and Type-C ports for convenient charging of electronic devices and beauty tools.

- **Type-C Port:** Supports fast charging up to 20W.
- **USB Port:** Supports fast charging up to 18W.

Ensure devices are compatible with the charging specifications to prevent damage. Do not exceed the maximum wattage for each port.

4.3 Storage Features

The vanity desk offers various storage solutions to keep your items organized:

- **5 Drawers:** Located on the L-shaped extension, these drawers provide enclosed storage for cosmetics, tools, and personal items.
- **Adjustable Shelves:** Open shelving units allow for customizable storage heights for bottles and decorative items.
- **Open Storage Compartments:** Convenient spaces on the tabletop and within the shelving for easy access to frequently used items.
- **Hair Dryer Holder:** A dedicated holder keeps your hair dryer neatly stored and easily accessible.

5. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your vanity desk.

- **Cleaning Surfaces:** Wipe down all wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Clean the mirror surface with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Electrical Components:** Ensure the vanity is unplugged before cleaning near the LED mirror or power outlets. Use a dry cloth to wipe these areas.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED mirror lights do not turn on or flicker.	Power cable not securely plugged in. Power outlet malfunction. Loose internal wiring connection.	Ensure the power cable is fully inserted into the wall outlet and the vanity. Test the wall outlet with another device. If recently assembled, recheck wiring connections to the mirror unit as per the assembly manual. If the issue persists, contact customer support.
Fast charging ports (USB/Type-C) are not working.	Vanity not powered. Device incompatibility or cable issue. Port overload.	Ensure the vanity is plugged into a live power outlet. Try a different device or charging cable. Ensure the connected device's power requirements do not exceed the port's capacity (20W Type-C, 18W USB).
Vanity feels unstable after assembly.	Loose fasteners. Uneven floor surface.	Carefully re-tighten all assembly screws and connections. Place shims under the vanity legs if the floor is uneven.
Mirror arrived cracked or damaged.	Shipping damage.	Contact JUMMICO customer support immediately with proof of purchase and images of the damage for assistance with replacement parts.
