RUXINGX Smart Watch

RUXINGX Smart Watch User Manual

Model: RUXINGX Smart Watch (G62)

Comprehensive guide for setup, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the RUXINGX Smart Watch. This device is designed to enhance your daily life with advanced health monitoring, communication features, and long-lasting battery performance. This manual provides essential information to help you set up, operate, and maintain your smartwatch effectively.

2. SETUP

2.1. Unboxing and Initial Charge

1. Carefully remove the smartwatch and its accessories from the packaging.
2. Connect the charging cable to the smartwatch's charging port. Ensure proper alignment for magnetic connection.
3. Plug the USB-A end of the charging cable into a compatible USB power adapter (not included).
4. Allow the smartwatch to charge fully before first use. A full charge typically takes approximately 2.5 hours.

2.2. App Installation and Pairing

1. Download the companion application to your smartphone. The app is compatible with iOS 9.0+ and Android 6.0+ devices. Refer to the QR code in the included quick start guide or search for "FitCloudPro" in your device's app store.

2. Enable Bluetooth on your smartphone.
3. Open the companion app and follow the on-screen instructions to create an account and pair your RUXINGX Smart Watch.
4. Ensure the smartwatch is close to your phone during the pairing process.

3. OPERATING YOUR SMART WATCH

3.1. Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select options.
- **Side Button:** Press the side button to wake the screen, return to the home screen, or access the main menu.

3.2. Communication Features

- **Bluetooth Calls:** Once paired, you can make and receive calls directly from your wrist. Ensure your phone's Bluetooth is connected and the call function is enabled in the app.
- **Message Alerts:** Receive notifications for calls, SMS, and other app alerts (e.g., WhatsApp, Facebook) directly on your smartwatch. Customize notification settings via the companion app.

3.3. Health Monitoring

The RUXINGX Smart Watch offers comprehensive health tracking features:

- **Heart Rate Monitor:** Continuously tracks your heart rate throughout the day. View real-time data on the watch or detailed trends in the app.
- **SpO2 (Blood Oxygen) Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Monitors your sleep patterns, including deep sleep, light sleep, and awake times. Access detailed sleep analysis in the companion app.
- **Blood Pressure:** Provides blood pressure readings. *Note: This feature is for reference only and not intended for medical diagnosis.*

3.4. Fitness and Sports Modes

- **Activity Tracking:** Tracks daily steps, distance, and calories burned.
- **Sports Modes:** Choose from over 120 sports modes, including running, cycling, and more, to track specific workout data.
- **GPS:** Utilizes your smartphone's GPS for accurate route tracking during outdoor activities.

3.5. Other Features

- **Weather Forecasts:** Get real-time weather updates on your wrist.
- **Alarms:** Set alarms directly from the watch or through the app.
- **Music Control:** Control music playback on your smartphone.

4. CUSTOMIZATION

4.1. Changing Watch Faces

Personalize your smartwatch by changing the watch face. You can select from pre-installed faces or download thousands of additional options through the companion app.

4.2. Replacing Watch Bands

The RUXINGX Smart Watch features easily interchangeable bands. To replace a band, locate the small pins on the underside of the watch where the band connects. Gently slide the pin to release the current band and attach a new one by aligning the pins with the watch lugs and securing them.

5. MAINTENANCE

- **Cleaning:** Regularly clean your smartwatch and band with a soft, damp cloth. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** The smartwatch is IP68 rated for water resistance, meaning it can withstand dust, dirt, and sand, and is resistant to submersion up to a maximum depth of 1.5m underwater for up to thirty minutes. It is suitable for daily use and can be worn during hand washing or in light rain. However, it is not recommended for hot showers, saunas, or deep-water diving.
- **Storage:** Store the smartwatch in a cool, dry place when not in use.

6. TROUBLESHOOTING

Issue	Possible Solution
Smartwatch won't turn on.	Ensure the device is fully charged. Connect to the charger for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none">• Ensure Bluetooth is enabled on your phone.• Make sure the smartwatch is within range of your phone.• Restart both your phone and the smartwatch.• Check the companion app for specific pairing instructions.
