NPET PETAF032-4KWF

NPET 5G WiFi Automatic Pet Feeder PETAF032-4KWF User Manual

Model: PETAF032-4KWF

INTRODUCTION

Thank you for choosing the NPET 5G WiFi Automatic Pet Feeder. This device is designed to provide scheduled meals for your pets, ensuring they are fed consistently even when you are away. With its 5G WiFi connectivity, you can manage feeding schedules and monitor your pet's meals remotely via a smartphone application. Please read this manual carefully before use to ensure proper operation and maintenance.

PACKAGE CONTENTS

- NPET 5G WiFi Automatic Pet Feeder (Main Unit)
- Food Storage Container
- Food Bowl
- USB Power Cable (Note: Power adapter is not included with this model)
- User Manual

PRODUCT DIAGRAM

This image displays the NPET 5G WiFi Automatic Pet Feeder. It features a white main body with a transparent food storage container on the front. Two silver, antler-shaped decorative elements are visible on the top surface. A small digital display is also present on the top, indicating operational status.

SETUP INSTRUCTIONS

1. **Unpack the Feeder:** Carefully remove all components from the packaging.
2. **Assemble the Food Bowl:** Attach the food bowl to the main unit. Ensure it is securely fastened.
3. **Connect Power:** Connect the USB power cable to the feeder. Since this model does not include a power adapter, use a compatible 5V/1A or 5V/2A USB power adapter (not supplied) and plug it into a wall outlet. For backup power, install 3 D-cell batteries (not included) in the battery compartment at the bottom of the feeder.
4. **Fill with Food:** Open the lid of the food storage container and fill it with dry pet food. Ensure the food size is appropriate for the feeder mechanism (typically 5-15mm diameter). Close the lid securely.
5. **Download the App:** Search for the 'NPET' app in your smartphone's app store (iOS or Android) and install it.
6. **Connect to WiFi:** Open the NPET app and follow the on-screen instructions to add your device. Ensure your smartphone is connected to a 5G WiFi network during the setup process. The feeder supports 5G WiFi for stable and fast connectivity.

OPERATING INSTRUCTIONS

Setting Feeding Schedule

Use the NPET app to set up your pet's feeding schedule. You can customize:

- **Meal Times:** Specify up to several meals per day.
- **Portion Sizes:** Adjust the number of portions dispensed per meal to suit your pet's dietary needs.
- **Days of the Week:** Set different schedules for weekdays and weekends if desired.

Manual Feeding

To dispense food instantly, use the manual feed button on the feeder or the corresponding option within the NPET app. This is useful for extra treats or if your pet needs an unscheduled meal.

Voice Recording

The feeder may include a voice recording feature. Refer to the NPET app for instructions on how to record a short message that will play during meal times to call your pet.

MAINTENANCE

Cleaning the Feeder

Regular cleaning ensures hygiene and proper functioning. Disconnect the power before cleaning.

- **Food Container and Bowl:** These parts are typically removable and washable. Wash them with mild soap and water, then rinse thoroughly and dry completely before reassembling.
- **Main Unit:** Wipe the main unit with a soft, damp cloth. Do not immerse the main unit in water or allow water to enter the electronic components.

Storage

If storing the feeder for an extended period, ensure it is clean and dry. Remove any batteries and store the feeder in a cool, dry place.

TROUBLESHOOTING

- **Feeder Not Dispensing Food:**
 - Check if the food container is empty. Refill if necessary.
 - Ensure the food is not jammed. Clear any blockages.
 - Verify the power connection and battery level.
 - Check the feeding schedule in the app.
- **WiFi Connection Issues:**
 - Ensure your router is broadcasting a 5G WiFi signal.
 - Move the feeder closer to your WiFi router.
 - Restart the feeder and your router.
 - Re-attempt the WiFi setup process in the NPET app.
- **App Not Responding:**
 - Close and reopen the NPET app.
 - Check for app updates in your app store.
 - Ensure your smartphone has a stable internet connection.
