MAINTENANCE

To ensure the longevity and optimal performance of your AOC ACW2212 Wireless Headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Avoid fully discharging the battery frequently. Charge the headset regularly, even if not in constant use, to maintain battery health.
- **Handle with Care:** Do not drop or expose the headset to excessive force, as this may damage internal components.

TROUBLESHOOTING

If you encounter issues with your headset, refer to the following common troubleshooting steps:

- **No Power:** Ensure the headset is fully charged. Connect it to a power source using the Type-C charging cable.
- **No Audio/Poor Audio Quality:** Check that the headset is properly connected via Bluetooth, USB dongle, or wired connection. Ensure the volume is not muted or set too low on both the headset and the connected device.
- **Microphone Not Working:** Verify that the microphone is not muted using the mute button on the boom. Ensure the microphone is positioned correctly and selected as the input device in your device's audio settings.
- **Bluetooth Pairing Issues:** Make sure the headset is in pairing mode (refer to your device's Bluetooth settings). Ensure no other devices are interfering with the Bluetooth signal.
- **Intermittent Connection:** Try moving closer to your connected device to reduce interference. Ensure the headset is fully charged.
