WEILAILIFE Dual Lens Wi-Fi Security Camera Instruction Manual

Model: CS-F04QW3MP08+04-1-W

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your WEILAILIFE Dual Lens Wi-Fi Security Camera. Please read this manual thoroughly before using the product to ensure proper functionality and safety. Keep this manual for future reference.

2. PRODUCT OVERVIEW

Key Features

- **Dual Lens Design:** Equipped with two lenses, offering a wide field of view with 355° horizontal and 90° vertical rotation for comprehensive surveillance.
- **Two-Way Audio:** Communicate with family or pets at home from anywhere using the two-way talk function.
- **AI Human Detection & Auto Tracking:** Advanced AI detects suspicious movements, sends instant alerts to your smartphone, and automatically tracks the detected object to record the entire event.
- **Dual-Band Wi-Fi Support (2.4G & 5G):** Supports both 2.4GHz and 5GHz Wi-Fi networks for stable and faster connections.
- **Free Mobile Application:** Access and control your camera via the free 'Honestview' or 'Eseecloud' app available on iOS and Android. No monthly fees required.
- **Multiple Recording Modes & Storage Options:** Features three recording modes (Infrared, Smart, Full-Color) and two storage methods (Cloud Storage and SD Card recording). Night vision range is approximately 20 meters in infrared mode.
- **IP66 Waterproof:** Designed for both indoor and outdoor use, with an IP66 waterproof rating to withstand various weather conditions.

Product Components

The package includes the following items:

- Camera Body x 1
- Screw Package x 1
- Charging Cable x 1
- Instruction Manual x 1
- Power Adapter x 1

3. SETUP

3.1 Initial Power-On

1. Connect the camera to the power adapter using the provided charging cable.
2. Ensure the camera powers on. You should hear a voice prompt indicating that the camera has started.

3.2 App Download and Installation

Download the free 'Honestview' or 'Eseecloud' app from your smartphone's app store (iOS App Store or Android Play Store).

3.3 Camera Connection and Wi-Fi Configuration

Follow the in-app instructions to add your camera and connect it to your Wi-Fi network. The camera supports both 2.4GHz and 5GHz Wi-Fi bands.

Your browser does not support the video tag.

Video: A general guide on Wi-Fi connection and app settings. Note: The app shown in the video is 'CamHipro', but the principle of connecting to Wi-Fi and setting up the device is similar for 'Honestview' or 'Eseecloud'.

3.4 Physical Installation

The camera can be installed via wall mount or ceiling mount. Use the provided screw package for secure installation.

Image: Illustration of the two available installation methods: wall mounting and ceiling mounting.

4. OPERATING INSTRUCTIONS

4.1 Live View and PTZ Control

Once connected, open the app to view the live feed. Use the on-screen controls to pan the camera horizontally (355°) and tilt it vertically (90°) to adjust your viewing angle. The dual lenses allow for monitoring different directions simultaneously.

家族の共有

いつでもどこでもカメラにアクセスし、家族と同時にリアルタイムビューを共有します。

4.2 Two-Way Audio

Tap the microphone icon in the app to enable two-way audio. You can speak through your phone and the sound will be emitted from the camera, allowing for real-time communication.

Image: A scenario demonstrating the two-way audio feature, allowing communication with a delivery person.

4.3 Motion Detection and Alerts

The camera features AI human detection and automatic tracking. When motion is detected, the camera will send an instant message alert to your smartphone app. You can view the live feed or recorded footage to assess the situation.

Image: A smartphone displaying a motion alert notification from the camera, indicating human detection.

4.4 Recording and Playback

The camera supports 24/7 recording. You can choose between cloud storage (15-day trial available) or local SD card storage (up to 256GB, not included). Access recorded footage through the app for playback.

Image: Icons representing SD card storage, cloud service, and video playback options for the camera.

4.5 Sharing with Family

The app allows you to share camera access with multiple users, enabling family members to view the real-time feed simultaneously.

5. MAINTENANCE

5.1 Cleaning

Regularly clean the camera lens and housing with a soft, dry cloth to ensure clear image quality. Do not use harsh chemicals or abrasive materials.

5.2 Firmware Updates

Check the app periodically for available firmware updates. Keeping your camera's firmware up-to-date ensures optimal performance and access to new features.

5.3 Storage Management

If using an SD card, periodically review and manage stored footage to prevent the card from becoming full. For cloud storage, ensure your subscription is active if you wish to retain footage beyond the trial period.

6. TROUBLESHOOTING

Common Issues and Solutions:

- **Camera not connecting to Wi-Fi:** Ensure your Wi-Fi password is correct and the camera is within range of your router. Verify that your router supports both 2.4GHz and 5GHz bands, and try connecting to the other band if one fails.
- **Poor video quality:** Check your Wi-Fi signal strength. Ensure the camera lens is clean and free from obstructions.
- **No motion alerts:** Verify that motion detection is enabled in the app settings and that notifications are allowed for the app on your smartphone.
- **Two-way audio not working:** Check microphone and speaker settings in the app. Ensure your phone's volume is up.

7. SPECIFICATIONS

Feature	Specification
Brand	WEILAILIFE
Model Number	CS-F04QW3MP08+04-1-W
Connectivity Technology	Wireless (Wi-Fi)
Special Features	2.4G & 5G Dual Band Support, AI Human Detection, Dual Lens, Two-Way Audio, Auto Tracking
Indoor/Outdoor Use	Indoor, Outdoor
Compatible Devices	Smartphones
Power Source	Corded Electric
Controller Type	App Control
Mounting Type	Wall Mount
Color	White
Form Factor	Dome
Waterproof Rating	IP66
Alert Type	Audio & Motion
Effective Still Resolution	3 MP
Video Pixels	3K
Frame Rate	15 fps
Night Vision Range	20 meters
Number of Infrared LEDs	6
Field of View	355 degrees
Product Dimensions	20 x 10 x 10 cm
Product Weight	0.6 kg

8. WARRANTY AND SUPPORT

WEILAILIFE is committed to providing high-quality products. This product comes with a **12-month quality**

guarantee.

For any questions or issues during consideration or use, please feel free to contact us. Our Japanese office is located at 5-8-9 Tenjin, Inage-ku, Chiba City, Chiba Prefecture, Rose Avenue Inage Tenjin 1F.
