## AIYAPLAY 370-366V90BN

# AIYAPLAY Electric Ride-On Horse Instruction Manual

Model: 370-366V90BN

For Children 18-36 Months

## 1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use of the AIYAPLAY Electric Ride-On Horse. Keep this manual for future reference.

- Age Range:** This product is suitable for children aged 18 to 36 months.
- Maximum Weight Capacity:** Do not exceed a maximum load of 25 kg (55 lbs).
- Adult Supervision:** Always ensure an adult supervises the child during use to prevent accidents.
- Operating Environment:** Use the ride-on toy on smooth, flat surfaces such as parquet, concrete, or asphalt. Avoid uneven terrain, stairs, slopes, or public roads.
- Battery Safety:** Only use the specified 6V 4.5AH battery. Ensure proper installation and charging as per instructions. Keep batteries away from children.
- Assembly:** Adult assembly is required. Ensure all parts are securely fastened before allowing a child to use the toy.
- Moving Parts:** Keep fingers, hair, and loose clothing away from moving parts, especially the wheels and pedals.

## 2. PRODUCT OVERVIEW

The AIYAPLAY Electric Ride-On Horse offers a fun and engaging experience for young children, combining comfort with interactive features.

Figure 1: General view of the AIYAPLAY Electric Ride-On Horse.

- **Comfortable Design:** Features an ultra-soft surface and dense foam padding for a comfortable ride.
- **Interactive Fun:** Includes integrated melodies and a light-up horn for an educational and entertaining experience.
- **Easy Control:** Children can easily steer using the non-slip handlebar and control movement with the pedals.
- **Stable Ride:** Equipped with durable PU wheels designed for smooth and secure movement on various indoor and outdoor surfaces.

### 3. WHAT'S IN THE Box

---

Carefully unpack the box and ensure all components are present:

- Handlebar
- Pedals
- Seat
- Electric Ride-On Horse Body
- 6V 4.5AH Battery (pre-installed or separate)
- Charger (if applicable, not explicitly listed but implied for electric toy)
- Instruction Manual

### 4. SETUP (ASSEMBLY)

---

Adult assembly is required. Follow these general steps:

1. **Unpack Components:** Remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Handlebar:** Securely attach the handlebar to the designated slot on the horse's head. Ensure it is firmly in place and does not wobble.

Figure 2: Handlebar attachment detail.

3. **Install Pedals:** Insert the pedals into their respective slots on the base of the ride-on toy. Make sure they click into place or are secured with any provided fasteners.

Figure 3: Pedal and control panel detail.

4. **Attach Seat:** Place the seat onto the horse's back, ensuring it is properly aligned and secured.
5. **Battery Check:** Verify the 6V 4.5AH battery is correctly installed. If not pre-installed, connect it according to the battery compartment instructions. Ensure the battery is fully charged before first use.

## 5. OPERATING INSTRUCTIONS

---

Operating the AIYAPLAY Electric Ride-On Horse is simple and intuitive for young children.

1. **Power On/Off:** Locate the power switch, usually near the pedals or on the main body. Flip it to the 'ON' position to activate the toy.
2. **Movement:** The horse moves forward when the child presses the foot pedal. Release the pedal to stop. The maximum speed is approximately 2 km/h.

3. **Steering:** The non-slip handlebar allows the child to steer the horse left and right.
4. **Music and Sounds:** The ride-on horse features integrated melodies. These can often be activated via a button on the control panel or by pressing specific areas on the horse's head. The horn may also light up and change color.

Figure 4: Control panel showing different modes (forward, stop, music).

5. **Seat Height:** The seat height is approximately 26 cm, providing a comfortable and accessible ride for the recommended age group.

Figure 5: Seat height measurement.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your ride-on horse.

- **Cleaning:** The main material is polyester. Clean the surface with a damp cloth and mild soap. Do not immerse the toy in water. Avoid harsh chemicals that may damage the fabric or electronic components.
- **Battery Care:**

- Charge the battery fully after each use.
- If storing for an extended period, charge the battery every 3 months to maintain its lifespan.
- Do not overcharge the battery.
- Replace the battery if it no longer holds a charge.
- **General Inspection:** Periodically check all screws, bolts, and connections to ensure they are tight and secure. Inspect wheels for wear and tear.
- **Storage:** Store the toy in a dry, cool place away from direct sunlight and moisture.

## 7. TROUBLESHOOTING

---

If you encounter any issues, refer to the following common problems and solutions:

- **Toy does not move:**

- Check if the power switch is in the 'ON' position.
- Ensure the battery is fully charged and correctly connected.
- Verify that the foot pedal is being pressed firmly.

- **No sound/music:**

- Check if the music function is activated on the control panel.
- Ensure the battery has sufficient charge.

- **Slow movement:**

- The battery may be low; recharge it fully.
- Ensure the toy is being used on a smooth, flat surface.
- Verify the child's weight does not exceed the maximum capacity of 25 kg.

If problems persist, contact customer support for further assistance.
