Garvee Oversized Manual Recliner Chair User Manual

Model: GV-RECLINER-M-PU-BEI

[Instructions](#) [Maintenance](#) [Safety Information](#) [Troubleshooting](#) [Assembly Instructions](#) [Specifications](#) [Operating](#) [Warranty & Support](#)

INTRODUCTION

This manual provides essential information for the safe assembly, operation, and maintenance of your Garvee Oversized Manual Recliner Chair. Please read all instructions carefully before use and retain this manual for future reference.

SAFETY INFORMATION

Important Safety Instructions:

- Maximum weight capacity: 400 lbs. Do not exceed this limit.
- Keep children and pets away from the recliner mechanism.
- Ensure all connections are secure before use.
- Do not stand on the footrest or armrests.
- Avoid placing fingers or hands near moving parts during operation.
- Unplug the power adapter when not in use or before cleaning.
- Use only the provided power adapter for massage and heat functions.

ASSEMBLY INSTRUCTIONS

Estimated assembly time: Approximately 30 minutes. Two people are recommended for easier assembly.

Package Contents:

- Backrest
- Seat Base with Armrests
- Footrest
- Massage Remote
- Power Adapter

Step-by-Step Assembly:

1. **Attach the Backrest:** Align the metal brackets on the backrest with the receivers on the seat base. Push down firmly until you hear a click, indicating the backrest is securely locked into place.

Your browser does not support the video tag.

Video: Garvee Recliner Chair Side Armrest Installation. This video demonstrates the process of attaching the backrest to the chair base, ensuring it locks securely.

Image: Attaching the backrest to the recliner chair. Ensure the brackets align and click into place.

2. **Connect Electrical Wires:** Locate the wires for the massage and heat functions. Connect the corresponding red-to-red and white-to-white wires. Then, connect the massage remote and power adapter to the main wiring harness.

Your browser does not support the video tag.

Video: Garvee Recliner Chair Installation Guide. This video illustrates how to connect the electrical components for the massage and heat features.

3. **Secure Side Panels (if applicable):** If your model has removable side panels, ensure they are properly aligned and secured. Some models may have zippers to enclose wiring.

Image: Securing the side panel of the recliner. This step ensures all components are neatly enclosed.

OPERATING INSTRUCTIONS

Reclining Function:

To recline, locate the tab on the side of the chair (typically on the right). Pull the tab to release the footrest and lean back

to your desired angle between 90° and 150°. To return to the upright position, push the footrest down with your legs and lean forward.

Different Modes

Ideal for entertainment, work, and leisure

Image: Recliner positions for reading (90°), watching TV (120°), and napping (150°).

Massage and Heat Functions:

Use the provided remote control to activate and adjust the massage and heat features. The chair offers 5 massage modes and 8 vibration points. The heating function provides warmth to the lumbar area.

Your browser does not support the video tag.

Heat and Massage

Relieve fatigue, stress, tension, and muscle pain

- 2 Heat Lumbar Parts
- 5 Massage Modes
- 8 Vibration Points
- Timing Function

MAINTENANCE

Cleaning:

- For general cleaning, wipe the PU leather with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.

- For spills, blot immediately with a clean, dry cloth.

General Care:

- Regularly check all bolts and screws to ensure they are tight.
- Keep the chair away from direct sunlight and heat sources to prevent material degradation.
- Avoid sharp objects that could puncture or scratch the upholstery.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair does not recline.	Reclining mechanism is jammed or not fully engaged.	Ensure the reclining tab is pulled completely. Check for obstructions around the mechanism.
Massage/Heat function not working.	Power adapter not connected or faulty; loose wiring connection.	Verify the power adapter is securely plugged into both the chair and a working outlet. Check all wire connections (red-to-red, white-to-white).
Chair feels unstable.	Loose assembly bolts.	Inspect and tighten all assembly bolts and screws. Ensure the backrest is fully locked into the base.

SPECIFICATIONS

Feature	Detail
Model Name	GV-RECLINER-M-PU-BEI
Brand	Garvee
