Key Features:

- **Multifunctional Design:** Serves as a towel dryer, towel rack, bathroom radiator, and includes a foldable shelf with four hooks for versatile storage.
- **Efficient Heating:** 140W power with advanced carbon fiber heating technology ensures rapid heat-up, providing warm towels quickly.
- **Durable Construction:** Made from high-quality aluminum with an anti-corrosion coating and IPX5 water protection, suitable for humid environments. Features a scratch-resistant, anti-scald finish.
- **Smart Control:** Integrated LCD touch display for temperature adjustment (30°C-70°C) and a 1-9 hour timer. Supports WiFi control via the Tuya app and voice commands. Includes a 55°C constant temperature mode.
- **Enhanced Safety:** Equipped with advanced electrical protection for user safety.

2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or injury.

- Ensure the product is installed by a qualified electrician in accordance with local electrical codes.
- Do not immerse the unit in water or spray directly with water. The unit has an IPX5 rating, meaning it is protected against low-pressure water jets from any direction, but it is not submersible.
- Keep children and pets away from the heated surface to prevent burns.
- Do not cover the towel warmer with excessive items as this can lead to overheating.
- Always unplug the unit before cleaning or maintenance.
- If the power cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
