BseSparklion Ideas Insect Collection Building Set (Model YC730) Instruction Manual

Model: YC730

PRODUCT OVERVIEW

The BseSparklion Ideas Insect Collection Building Set offers an engaging construction experience for nature enthusiasts. This set allows you to build detailed models of four different insects: a butterfly, an orchid mantis, a bee, and a dragonfly, each presented within its natural habitat of flowers and plants. With 2059 high-quality pieces, this set is designed to stimulate imagination, creativity, and a deeper understanding of the insect world.

Each insect model is carefully designed to capture realistic details, providing a rewarding building process and an attractive display piece. The set is suitable for individuals aged 6 and older, promoting hand-eye coordination, color recognition, and parent-child interaction during assembly.

PRODUCT COMPONENTS

This building set includes a total of 2059 pieces, carefully organized into numbered bags to facilitate the assembly process. The set comprises components for building four distinct insect models and their accompanying floral environments:

- **Butterfly Model:** Features vibrant wings and a base of assorted flowers.
- **Orchid Mantis Model:** Depicts the mantis camouflaged among orchid flowers.
- **Bee Model:** Showcases a bee interacting with a sunflower and other blossoms.
- **Dragonfly Model:** Includes a detailed dragonfly perched near lotus flowers and aquatic plants.

An instruction manual is included to guide you through each step of the construction.

ASSEMBLY INSTRUCTIONS

Follow the detailed, step-by-step instructions provided in the included manual to assemble your BseSparklion Ideas Insect Collection. The pieces are organized into numbered bags, corresponding to different stages of the build for each insect model.

1. **Unpack and Organize:** Carefully open the product packaging. You will find multiple numbered bags containing the building blocks. It is recommended to organize these bags according to their numbers before starting.
2. **Consult the Manual:** Refer to the instruction manual for specific steps for each model. Each insect model typically involves two main stages: building the base and then constructing the insect itself.
3. **Follow Step-by-Step Diagrams:** The manual provides clear diagrams indicating which pieces are needed for each step and where they should be placed. Pay close attention to the piece counts and placement arrows.
4. **Assemble Each Model:** Proceed with assembling each of the four insect models (Butterfly, Orchid Mantis, Bee, Dragonfly) as per the instructions.

SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure a safe building experience:

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Keep small pieces away from infants and young children to prevent choking.
- **Recommended Age:** The BseSparklion Ideas Insect Collection Building Set is recommended for ages 6 years and older.
- **Material Safety:** The building blocks are made from high-quality, non-toxic ABS materials with smooth edges for safe handling.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger children, to assist with complex steps and ensure proper handling of small parts.

PRODUCT SPECIFICATIONS

Brand:	BseSparklion
Model Name:	Insect Building Set
Model Number:	YC730
Number of Pieces:	2059
Material Type:	Plastic (ABS)
Recommended Age:	6+ years (Manufacturer Minimum Age: 72 months)
Educational Objective:	Creative Thinking
Additional Features:	Non-Toxic
Item Dimensions (approximate, for one model):	5.9 x 3.2 x 4.2 inches (varies by model)

MAINTENANCE

To ensure the longevity and appearance of your BseSparklion Insect Collection models, follow these simple maintenance tips:

- **Cleaning:** Gently wipe the models with a soft, dry cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store assembled models in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or warping of plastic pieces.
- **Handling:** Handle models with care, especially delicate parts like wings or antennae, to prevent accidental breakage.
- **Loose Pieces:** If any pieces become loose, reattach them according to the instruction manual.

TROUBLESHOOTING

Should you encounter any issues during assembly or with the completed models, consider the following:

- **Missing Pieces:** Double-check all bags and the building area. If a piece is genuinely missing, refer to the manufacturer's support information for assistance.
- **Difficulty Connecting Pieces:** Ensure pieces are correctly oriented and aligned. Apply gentle, even pressure. If a piece feels too tight or too loose, verify it is the correct piece for that step.

- **Model Instability:** Review the assembly steps for the affected section. Ensure all connections are firm and that pieces are fully pressed together. Some connections might require careful alignment.
 - **Instructions Unclear:** Re-read the relevant steps and examine the diagrams closely. Sometimes, taking a short break and returning to the instructions can help clarify confusing sections.
-

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your BseSparklion Ideas Insect Collection Building Set, please contact the manufacturer or seller directly. While specific warranty details are not provided in this manual, most products come with a standard return or replacement policy. Please retain your proof of purchase for any warranty claims or customer service inquiries.
