ROBOTIME RBT-6-WH001-1

ROBOTIME Mud Kitchen for Kids Outdoor Instruction Manual

Model: RBT-6-WH001-1

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your ROBOTIME Mud Kitchen for Kids Outdoor. Designed for children aged 3 and up, this wooden outdoor kitchen encourages imaginative play, sensory exploration, and a connection with nature through its unique features like a removable sink, faucet, insect observation box, and planter box.

Safety Information

- Adult supervision is required at all times during play.
- Ensure all parts are securely fastened before use. Regularly check for loose screws or damaged components.
- Place the mud kitchen on a flat, stable surface to prevent tipping.
- Keep small parts away from children under 3 years old to prevent choking hazards.
- Instruct children not to climb on the mud kitchen.
- Ensure children wash hands after playing with mud or plants.
- Do not use the mud kitchen during severe weather conditions.

What's in the Box

Verify that all components are present before beginning assembly.

- Mud kitchen wooden frame and panels
- 3 cups
- 1 water reservoir with real faucet
- 1 removable sink
- 2 stainless steel basins
- 2 pots
- 3 pieces of cookware (spatula, whisk, ladle)
- Hardware for assembly (screws, bolts, etc.)
- Instruction manual

Setup and Assembly

Assembly typically takes approximately 2 hours with a handheld screwdriver. An electric drill can expedite the

process. Follow the included step-by-step instructions carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all parts are present against the 'What's in the Box' list.
2. **Assemble Main Frame:** Connect the main wooden frame pieces using the provided hardware. Ensure all screws are tightened securely.
3. **Attach Shelves and Countertop:** Secure the lower shelf, countertop, and upper shelf to the main frame.
4. **Install Sink and Basins:** Place the removable sink and stainless steel basins into their designated cutouts on the countertop.
5. **Mount Water Reservoir and Faucet:** Attach the water reservoir with the faucet to the designated hook on the back panel.
6. **Assemble Insect Observation Box:** Construct the insect observation box and attach it to the left side of the kitchen.
7. **Assemble Planter Box:** Construct the planter box and attach it to the right side of the kitchen.
8. **Attach Doors and Knobs:** Install the cabinet doors and attach the rotatable knobs.
9. **Add Accessories:** Place the pots, cups, and cookware on the kitchen as desired.
10. **Final Check:** Inspect the entire mud kitchen to ensure all connections are tight and stable before allowing children to play.

Operating Instructions

1. Water Play with Sink and Faucet

The mud kitchen features a functional water reservoir and faucet for realistic water play.

- **Filling the Reservoir:** Pour water into the top opening of the gray water reservoir.
- **Using the Faucet:** Turn the white faucet handle to release water into the removable sink.
- **Washing and Mixing:** Children can use the water to "wash" pretend food, mix mud, or clean accessories.
- **Emptying the Sink:** The gray sink is removable for easy emptying and cleaning.

Image: A hand operating the faucet, showing water flowing into the removable sink for washing pretend vegetables.

2. Pretend Cooking Area

The main countertop includes two pretend burners and rotatable knobs for imaginative cooking scenarios.

- **Using Pots and Pans:** Place the included pots and pans on the pretend burners.
- **Adjusting Heat:** Turn the rotatable knobs to simulate adjusting the heat for cooking.
- **Mixing Ingredients:** Use the stainless steel basins for mixing mud or other natural elements as "ingredients."

Image: A child playing with mud, demonstrating the sensory play aspect of the mud kitchen.

3. Insect Observation Box

The left-side observation box allows children to safely view insects and small plants.

- **Placing Items:** Gently place insects or small plant specimens into the pull-out drawer of the observation box.
- **Observation:** Close the drawer and observe through the clear top panel.
- **Release:** After observation, carefully release insects back into their natural habitat.

4. Planter Box

The right-side planter box is designed for gardening activities.

- **Planting:** Fill the planter box with soil and plant seeds, small flowers, or herbs.
- **Watering:** Use the mud kitchen's faucet or a separate watering can to water the plants.
- **Care:** Encourage children to care for their plants, fostering responsibility and an understanding of plant growth.

Image: A child's hand tending to plants in the integrated planter box.

5. Storage

The mud kitchen includes cabinet space and shelves for storing accessories and other play items.

- **Cabinet Storage:** Open the front cabinet doors to store pots, pans, and other larger items.
- **Shelf Storage:** Use the open shelves for easy access to cups, small tools, or natural finds.

Maintenance

Proper maintenance will extend the life of your ROBOTIME Mud Kitchen.

- **Cleaning:** Gently clean the wooden surfaces with a damp cloth. Avoid harsh chemicals.
- **Drying:** Ensure the mud kitchen is thoroughly dried after water play or rain to prevent wood damage.
- **Protective Finish:** Apply a protective finish (e.g., wood sealant) once or twice yearly to prevent drying, cracking, and weathering.
- **Storage:** When not in use for extended periods, especially during harsh weather, store the mud kitchen indoors or cover it with a waterproof tarp.
- **Hardware Check:** Periodically check all screws and fasteners and tighten them as needed to maintain structural integrity.
- **Sink and Basins:** Remove and clean the sink and stainless steel basins regularly to prevent accumulation of dirt or debris.

Troubleshooting

Problem	Possible Cause	Solution
Loose or Wobbly Structure	Screws or fasteners have loosened over time.	Inspect all connection points and tighten any loose screws. Avoid overtightening.
Faucet Not Dispensing Water	Water reservoir is empty or faucet is clogged.	Ensure the reservoir is filled with water. Check the faucet for any debris and clear if necessary.
Wood Discoloration or Cracking	Exposure to sun, rain, or extreme temperatures without protection.	Apply a wood sealant annually. Store indoors or cover with a waterproof tarp during harsh weather.
Missing or Damaged Accessories	Wear and tear or loss during play.	Contact ROBOTIME customer support for replacement parts.

Specifications

Product Dimensions: 17.9 x 5.7 x 41 inches (45.5 x 14.5 x 104 cm)

Item Weight: 24.5 pounds (11.1 kg)

Item Model Number: RBT-6-WH001-1

Manufacturer Recommended Age: 3 years and up

Material: Eco-friendly, high-quality wood

Features: Removable sink, real faucet, insect observation box, planter box, pretend cooking area, storage cabinets.
