Merax Loftbed

Merax Loft Bed for Children (90 x 200 cm) - Assembly and User Manual

Model: Loftbed | Brand: Merax

1. IMPORTANT SAFETY INFORMATION

Please read this entire manual carefully before assembly and use. Keep these instructions for future reference.

- **Package Delivery:** This product is delivered in 3 separate packages. It is crucial to wait for all packages to arrive before beginning the assembly process.
- **Assembly Safety:** Always follow the assembly instructions precisely. Ensure all components are securely fastened before use.
- **Weight Limit:** The maximum weight capacity for this loft bed is 120 kg. Do not exceed this limit.
- **Mattress Thickness:** The recommended mattress thickness is 10-12 cm to ensure adequate guardrail height for safety.
- **Power Tools:** Avoid using power tools during assembly, as they may overtighten fasteners and damage the wood components. Use hand tools only.
- **Supervision:** Children using the loft bed should always be supervised, especially when climbing the stairs.

2. PRODUCT OVERVIEW

The Merax Loft Bed is designed for children, offering a space-saving solution with an elevated sleeping area, integrated stairs, and practical storage. It features a robust construction made from solid pine wood, plywood, and MDF, ensuring stability and safety.

Key Features:

- **Safe and Stable Design:** Constructed from solid wood with a wide staircase and raised guardrail for maximum child safety.
- **Practical Integrated Storage:** Shelves are built into the staircase, providing convenient storage for books, toys, or decorative items.
- **Versatile Lower Area:** The space beneath the loft bed can be freely designed as a comfortable living area, play space, or study zone.
- **Space-Saving Functionality:** Combines sleeping, storage, and activity areas into one compact furniture piece, ideal for children's rooms.

4. ASSEMBLY INSTRUCTIONS (SETUP)

Before starting, ensure you have received all 3 packages and have all components and hardware ready. A screwdriver is the primary tool required, and it is included. Avoid using electric drills or power tools to prevent damage to the wood.

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify against the parts list (usually provided in a separate sheet within the packaging) to ensure nothing is missing or damaged.
2. **Assemble Frame:** Begin by assembling the main bed frame according to the diagrams. Ensure all connections are firm but do not overtighten screws initially.
3. **Install Slats:** Attach the bed slats to the frame. Ensure they are evenly spaced and securely fastened to support the mattress.
4. **Assemble Stairs and Storage:** Construct the integrated staircase and storage units. Pay close attention to the orientation of each step and shelf.
5. **Attach Guardrails:** Securely attach the high guardrails around the sleeping platform. These are critical safety features.
6. **Final Tightening:** Once all components are in place, go back and carefully tighten all screws and fasteners. Do not overtighten.
7. **Safety Check:** Before use, perform a thorough safety check. Ensure the bed is stable, all parts are secure, and there are no loose components.

Note: Assembly is recommended for two people and typically takes about 1 hour.

5. OPERATING AND USAGE

This Merax Loft Bed is designed for children and offers a safe and functional sleeping and living space.

- **Sleeping Area:** The upper platform is intended for sleeping. Ensure the mattress used is within the recommended thickness of 10-12 cm to maintain the effectiveness of the guardrails.
- **Staircase Use:** Use the integrated staircase for safe access to and from the loft bed. Always ensure children use the handrails.
- **Lower Area:** The open space beneath the bed can be utilized as a play area, study nook, or a comfortable lounge space. Avoid placing heavy or unstable objects directly under the bed that could pose a hazard.
- **Storage:** The shelves integrated into the stairs are suitable for lightweight items such as books, small toys, or decorative objects. Do not overload these shelves.

6. MAINTENANCE

Regular maintenance will help prolong the life and safety of your Merax Loft Bed.

- **Cleaning:** Wipe down the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Fastener Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary, but do not overtighten.
- **Structural Integrity:** Inspect the wood components regularly for any signs of wear, cracks, or damage. Address

any issues promptly to maintain safety.

- **Stair Safety:** Ensure the stair treads are clean and free from obstructions. If anti-slip tape is applied, check its condition periodically.

7. TROUBLESHOOTING

If you encounter any issues with your Merax Loft Bed, consider the following:

- **Bed Feels Unstable/Wobbly:** Ensure all screws and fasteners are fully tightened. Check that the bed is placed on a level surface. Uneven flooring can cause instability.
- **Guardrail or Slats Seem Bent/Loose:** During assembly, ensure components are not forced into place. If any parts appear bent or damaged, contact customer support for replacements. Ensure all guardrail and slat fasteners are securely tightened.
- **Stairs Feel Slippery or Unsafe:** Verify that all stair components are correctly assembled and tightened. Consider adding anti-slip strips to the stair treads for enhanced safety, especially if the surface feels slick.
- **Creaking Noises:** Creaking can often be resolved by re-tightening all assembly hardware. Ensure the bed is not overloaded beyond its 120 kg weight capacity.
- **Missing Parts:** If any parts are missing upon delivery, refer to your parts list and contact Merax customer support immediately. Remember that the product ships in 3 packages, which may arrive separately.

8. WARRANTY AND SUPPORT

The Merax Loft Bed comes with a limited warranty. For specific details regarding warranty coverage, please refer to the documentation included with your purchase or contact Merax customer service.

If you have any questions, require replacement parts, or need further assistance, please contact Merax customer support through the retailer where the product was purchased or visit the official Merax website.
