Tobenone TCW01

TobenONE TCW01 6-in-1 Alarm Clock Wireless Charging Station User Manual

Model: TCW01
Brand: TobenONE

INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation of your TobenONE TCW01 6-in-1 Alarm Clock Wireless Charging Station. Please read this manual thoroughly before use and retain it for future reference.

WHAT'S IN THE BOX

- Wireless charging station
- Charging adapter
- USB C cable
- User Manual

PRODUCT OVERVIEW

The TobenONE TCW01 is a versatile 6-in-1 device combining a digital alarm clock, adjustable night light, and a multi-device wireless charging station. It is designed to streamline your charging needs and keep your nightstand or desk organized.

Key Features

- **All-in-one Wireless Charging Station:** Supports simultaneous charging of iPhones, AirPods, and Apple Watches.
- **Streamline Your Charging with Speed:** MagSafe magnetic feature for fast and precise alignment. Delivers 15W for phone, 2.5W for Apple Watch, and 5W for AirPods.
- **Adjustable Night Light and Display Brightness:** Multiple brightness settings for ambient lighting and adjustable clock display.
- **Dual Alarms Clock with 12/24-hour Format:** Integrated alarm clock with snooze function and selectable 12/24-hour display.

Component Identification

Refer to the image below for a visual guide to the device's components.

Easy Operation

Time Setting	Long – press the "M" button and use the "+" and "–" buttons to set the time.
Alarm Setting	Short – press the "M" button and use the "+" and "–" buttons to set the alarm. After setting, press the "+/–" button to view or turn off the alarm.
Light Setting	Short – press ☀ to set.
Screen Brightness Setting	Press the left or right triangular pieces to adjust.

This image displays the TobenONE TCW01 device from a top-down perspective, highlighting its various functional areas. Labels indicate the magnetic phone charging pad, the earbud charging area, the retractable Apple Watch charger, the night light control, and the alarm clock display. A table below the image provides instructions for Time Setting, Alarm Setting, Light Setting, and Screen Brightness Setting.

Setup

1. **Unboxing:** Carefully remove all components from the packaging.
2. **Power Connection:** Connect the provided USB-C cable to the charging port on the back of the device and plug the charging adapter into a power outlet. The clock display will illuminate.
3. **Time and Date Setting:**
   - Long-press the "M" button to enter time setting mode.
   - Use the "+" and "-" buttons to adjust the hour, minute, month, date, and day.
   - Short-press "M" to cycle through settings.
   - The device supports 12-hour and 24-hour formats.

4. **Alarm Setting:**
   - Short-press the "+" button to view Alarm 1.
   - Long-press "+" to enter Alarm 1 setting mode.
   - Use "+" and "-" to adjust the alarm time and days of the week (1-7 for Monday-Sunday, 1-5 for Monday-Friday).
   - Short-press "M" to confirm and exit.
   - Repeat for Alarm 2 by short-pressing "-" to view Alarm 2, then long-pressing "-" to set.

- To turn alarms on/off, short-press the "+" or "-" button when not in setting mode. An alarm icon will appear/disappear on the display.

This video demonstrates the magnetic attraction function of the charging station. An iPhone is placed on the magnetic charging pad, demonstrating its secure hold and the ability to adjust the phone's angle for vertical or horizontal viewing while charging.

OPERATING INSTRUCTIONS

Wireless Charging

The charging station features three wireless charging areas:

- **Magnetic Phone Charger:** For MagSafe-compatible iPhones (iPhone 12 series and later). The magnetic pad can be angled upwards for better viewing.
- **Earbud Charging Pad:** For AirPods (with wireless charging case) and other Qi-compatible earbuds.
- **Apple Watch Charger:** A retractable stand on the side for Apple Watch Series 2-10.

Simply place your compatible device on the respective charging area. Ensure proper alignment for optimal charging.

This image illustrates the TobenONE TCW01 in use on a nightstand. An iPhone is magnetically attached to the upright charging pad, AirPods are on the flat charging area, and an Apple Watch is charging on the side stand. The digital display shows the time, date, and day of the week, with the night light illuminated.

Night Light Operation

The device includes an adjustable night light.

- Short-press the light icon button (sun/lightbulb symbol) on the front panel to cycle through three brightness levels (low, medium, high) or turn the light off.
- The light illuminates the base and sides of the device, providing ambient lighting.

This image demonstrates the adjustable brightness features of the TobenONE TCW01. It shows three different settings for the clock display brightness and three different illumination levels for the night light, ranging from dim to bright, suitable for various ambient conditions.

Voice Control

The device features voice control for certain functions. Refer to the user manual for specific voice commands and their corresponding actions.

This video provides an overview of the voice control features. It shows a user issuing commands like 'Hello Light', 'Turn on the light', 'Brighten the light', and 'Dim the light', with the device responding by adjusting its night light brightness or confirming the command.

COMPATIBILITY

The TobenONE TCW01 is compatible with a wide range of wireless charging devices:

- **iPhones:** iPhone 17, iPhone 17 Air, iPhone 17 Pro, iPhone 17 Pro Max, iPhone 16e, iPhone 16 Pro Max, iPhone 16 Pro, iPhone 16, iPhone 16 plus, iPhone 15 Pro Max, iPhone 15 Pro, iPhone 15, iPhone 15 plus, iPhone 14 Pro Max, iPhone 14 Pro, iPhone 14, iPhone 14 plus, iPhone 13, iPhone 13 Pro, iPhone 13 Pro Max, iPhone 13 Pro Mini, iPhone 12 Pro, iPhone 12 Pro Max, iPhone 12, iPhone 12 mini, iPhone 11 Pro, iPhone 11 Pro Max, iPhone 11, iPhone SE (2nd generation), iPhone XS, iPhone XS Max, iPhone XR, iPhone X, iPhone 8, iPhone 8 Plus.

- **Android Phones:** Samsung Galaxy S24/S23/S22 Ultra/S22+/S22/S21 Ultra/S21+/S21/S21 FE/S20/Note 10 and other Android phones with wireless charging capabilities.
- **Apple Watch:** Apple Watch Series 10/Apple Watch Series 9/Apple Watch Series 8/Apple Watch Series 7/Apple Watch Series 6/Apple Watch SE/Apple Watch Ultra2/Apple Watch Series 5/Apple Watch Series 4/Apple Watch Series 3/Apple Watch Series 2. (*Note: Not compatible with Apple Watch Series 1 or other brands' smartwatches*).
- **AirPods:** AirPods 4, AirPods 3, AirPods Pro 2, AirPods Pro, AirPods (3rd generation), AirPods 2 Wireless Charging Case. (*Note: Only works with wireless charging cases*).

Case Compatibility

For optimal charging, ensure your phone case is less than 4mm thick. Avoid cases with Popsockets, metal, magnets, or credit cards, as these can interfere with wireless charging.

This diagram illustrates which phone cases are compatible with the wireless charging function. It shows that plastic and magnetic cases under 4mm thickness are suitable, while cases containing Popsockets, metal, magnets, or credit cards are not recommended as they can hinder charging.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Avoid Liquids:** Keep the device away from water and other liquids to prevent damage.
- **Handle with Care:** Avoid dropping or subjecting the device to strong impacts.

TROUBLESHOOTING

Problem	Solution
Device not powering on	Ensure the USB-C cable and power adapter are securely connected to the device and a working power outlet.
Wireless charging not working	Check device compatibility. Ensure proper alignment on the charging pad. Remove any thick cases, metal objects, or credit cards from the phone case.
Clock display too bright/dim	Tap the left or right triangular pieces on the side of the device to adjust the display brightness.
Night light not working	Short-press the light icon button on the front panel to cycle through brightness levels or turn it on.
Alarm not sounding	Ensure the alarm is activated (alarm icon visible on display). Check alarm time and selected days.

Problem	Solution
Voice control not responding	Ensure you are using the correct wake word and commands as listed in the user manual. Speak clearly and within range of the device.

SPECIFICATIONS

- **Product Dimensions:** 3.15 x 3.15 x 6.5 inches
- **Item Weight:** 1.23 pounds
- **Item Model Number:** TCW01
- **Brand:** TobenONE
- **Connector Type:** USB Type C
- **Input Voltage:** 240 Volts
- **Amperage:** 3 Amps
- **Total USB Ports:** 1
- **Color:** Grey
- **Special Features:** Alarm clock for bedrooms, 12/24-hour display, snooze function, Short Circuit Protection, Multi-Device Charging, Fast Charging, Apple charging station, iPhone charging station, magnetic compatible, wireless charging, wireless charger with night light/adjustable brightness.
