SABLUTE KC15

SABLUTE KC15 Wireless Ergonomic Keyboard and Mouse Combo User Manual

Model: KC15

INTRODUCTION

Thank you for choosing the SABLUTE KC15 Wireless Ergonomic Keyboard and Mouse Combo. This manual provides detailed instructions for setting up, operating, and maintaining your new peripheral set. Designed for comfort and efficiency, this combo features ergonomic wave keys, a cushioned palm rest, and silent operation, compatible with multiple operating systems.

PACKAGE CONTENTS

- 1 x SABLUTE Wireless Ergonomic Keyboard
- 1 x SABLUTE Wireless Mouse
- 1 x 2.4G USB Receiver
- 1 x USB-C to USB-A Adapter
- 1 x User Manual

SETUP INSTRUCTIONS

1. Powering the Devices

- The keyboard and mouse require 2 AA batteries each (not included). Open the battery compartments on the underside of both the keyboard and mouse and insert the batteries, ensuring correct polarity.
- Locate the ON/OFF switch on the underside of both the keyboard and mouse. Switch them to the 'ON' position.

Comfortable Sculpted Shape

Figure 1: Location of ON/OFF switch and battery compartment.

2. Connecting the Receiver

- Locate the 2.4G USB receiver, typically stored within the mouse's battery compartment.
- Plug the USB receiver into an available USB-A port on your computer.
- If your computer only has USB-C ports, use the provided USB-C to USB-A adapter. Connect the USB receiver to the USB-A

end of the adapter, then plug the USB-C end into your computer's USB-C port.

- The keyboard and mouse are plug-and-play and should connect automatically.

OPERATING INSTRUCTIONS

1. Ergonomic Design and Comfort

- The keyboard features an ergonomic wave design that promotes a natural and relaxed typing posture, reducing wrist strain.
- An integrated cushioned palm rest provides additional support and comfort during extended use.
- Adjustable leg stands on the keyboard allow you to modify the typing angle for personalized comfort.

Wave Curved Ergonomic Keyboard

Engineered for a Natural and Relaxed Typing Posture

Figure 4: Detailed view of the cushioned palm rest construction.

2. Quiet Typing and Clicking

- The keyboard keys are designed for quiet operation, minimizing typing noise.
- The mouse features silent micro-switches, reducing click noise by up to 95%.

3. Hotkeys and Mouse Functions

- The keyboard includes standard F1-F12 shortcut hotkeys and 8 additional one-touch hotkeys for quick access to common functions.
- The mouse is a 6-button design with 3-level adjustable tracking speed (DPI) and dedicated forward/backward buttons for enhanced navigation.

4. Multi-OS Compatibility

- The combo is compatible with Windows, macOS, and Chrome OS.
- To switch between Windows and macOS layouts, press **FN + A** for Windows or **FN + S** for macOS.

Smart Power Management

Save battery life and reduce battery replacement

365 Days Standby Time **250** Hours Working Time

ON/OFF Switch
10 Mins Auto-Sleep
1 AA Battery (NOT INCLUDED)

Note: Type or click any keys to active

Figure 6: Multi-OS compatibility and key combinations.

5. Integrated Phone Holder

- The keyboard includes a built-in slot at the top for holding your smartphone, keeping it conveniently visible while you work.

6. Smart Power Management

- The devices feature smart power management to conserve battery life.
- After 10 minutes of inactivity, both the keyboard and mouse will enter auto-sleep mode.
- To reactivate, simply type on the keyboard or click the mouse.
- Expected battery life: Up to 365 days standby time, 250 hours working time.

MAINTENANCE

1. Cleaning

- To clean the keyboard and mouse, use a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- For dust and debris between keys, use compressed air.

2. Battery Replacement

- When the devices stop responding or show signs of low power, replace the 2 AA batteries in each unit.
- Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

- **Devices not responding:** Ensure the keyboard and mouse are switched 'ON' and have fresh batteries. Verify the USB receiver is securely plugged into your computer's USB port (or via the adapter).
- **Lag or intermittent connection:** Move the receiver closer to the keyboard and mouse. Ensure there are no large metal objects or other wireless devices interfering with the 2.4G signal.
- **Incorrect key functions (Mac/Windows):** Use the **FN + A** (Windows) or **FN + S** (macOS) key combination to switch the operating system layout.
- **Mouse tracking issues:** Adjust the DPI settings on the mouse if available, or ensure the mouse is used on a suitable surface.
