OKIBB DL-08

OKIBB DL-08 Smart Front Door Lock Set Instruction Manual

Brand: OKIBB | Model: DL-08

1. OVERVIEW

The OKIBB DL-08 Smart Front Door Lock Set combines classic style with modern security features. This keyless entry deadbolt offers multiple unlocking methods, including app remote control, fingerprint, passcode, access fobs, and traditional backup keys. Designed for convenience and enhanced home security, it features built-in Wi-Fi for remote management, customizable passcode settings, and an auto-lock function. Its IP54 rating ensures durability against various weather conditions, making it suitable for diverse environments.

2. PACKAGE CONTENTS

- Handleset
- Handle Lever
- Instructions / User Manual
- Latch
- Strike Plate
- 5 Backup Keys
- 2 Fobs
- Mounting Plate
- Screws
- Smart Door Lock (Main Unit)

3. PRODUCT FEATURES

- **5-in-1 Unlocking Methods:** APP remote control, fingerprint, passcode, access fobs, and backup key for diverse usage scenarios. Stores up to 200 sets of fingerprints/passcodes.
- **Built-in Wi-Fi APP Control:** Remotely manage the lock via the APP without an additional gateway. Generate e-keys, manage users, view operation records. Wi-Fi activates when the doorbell is pressed to save power.
- **Customizable Passcode Settings:** Generate one-time, long-term, scheduled, and recurring passcodes for flexible access.
- **Auto-Lock + One-Touch Lock:** Customizable auto-lock time (5-60s) and one-touch locking for convenience. APP alerts if the door is not closed.

- **IP54 Waterproof & Dustproof:** Withstands extreme weather conditions, featuring a peep-proof/tamper-proof keypad and anti-pry lock cylinder.
- **Long Battery Life + Emergency Charging Port:** Powered by 4 AA batteries (120-day to 6-month life). Low-battery alerts via APP & keypad. Type-C port for emergency power bank unlocking.
- **Easy Installation:** Fits most standard US doors (1 3/8 to 2 inches thickness), supports left-handed and right-handed doors.

5. INSTALLATION GUIDE

The OKIBB DL-08 Smart Lock is designed for easy installation, typically taking around 15 minutes with a Phillips screwdriver. Ensure your door meets the specified dimensions before beginning.

5.1 Pre-Installation Checks

Check Door Size First | Fits U.S. Std Doors

Easy Install | Drill-Free

Image: Detailed diagram illustrating door thickness, backset, hole diameter, and minimum distance requirements for installation. It also shows compatibility with different door types (chiseled, single cylinder) and incompatible 3-hole spacing. Verify your door's thickness is between 1 3/8 inches (35mm) and 2 inches (51mm). Check the backset (distance from door edge to center of bore hole) and hole diameter as per the provided template.

5.2 Latch and Handle Installation

Follow the steps below to install the latch and handles. Refer to the installation videos for visual guidance.

6. OPERATING INSTRUCTIONS

6.1 Unlocking Methods

The OKIBB DL-08 offers five convenient ways to unlock your door:

- **Fingerprint:** Use your registered fingerprint for quick access.
- **Passcode:** Enter your personalized digital code on the touchscreen keypad.
- **Access Fob (IC Card):** Tap the provided fob against the lock reader.
- **Backup Key:** Use the traditional physical key as an emergency override.
- **APP Remote Control:** Unlock your door from anywhere using the Smart Life app on your smartphone.

5-in-1 Unlocking Methods

6.3 Passcode Management

The app allows for flexible passcode generation and management:

- **One-Time Passcodes:** For temporary guests or service personnel, expiring after a single use.
- **Long-Term Passcodes:** Permanent access for family members.
- **Scheduled Passcodes:** Access for specific timeframes (e.g., for decorators).
- **Recurring Passcodes:** For regular visitors like cleaners, valid on specific days/times weekly.

Image: Overview of the four flexible PIN modes that cater to various access needs, from temporary guests to permanent family members.

6.4 Auto-Lock and One-Touch Lock

Enhance your security with automated locking features:

- **Auto-Lock:** Automatically locks the door after a customizable delay (5-60 seconds), preventing you from forgetting to lock.
- **One-Touch Lock:** Easily lock the door with a single touch from either inside or outside, convenient when your hands are full.

7. MAINTENANCE

7.1 Battery Management

The lock is powered by 4 AA batteries, offering a long battery life of 120 days to 6 months depending on usage. The system provides low-battery alerts via the app and keypad.

Up to 6-8 Months Standby: No More Frequent Swaps!

Image: Highlights the long standby time of the lock and the convenient Type-C port for emergency charging with a power bank.

7.2 Weather Resistance

With an IP54 rating, the OKIBB DL-08 is designed to withstand various weather conditions, including rain, snow, and humidity, ensuring reliable operation in diverse climates.
