Flamaker ADL250911

Flamaker 5-Drawer Tall Dresser Instruction Manual

Model: ADL250911

INTRODUCTION

This manual provides essential information for the assembly, operation, maintenance, and safety of your Flamaker 5-Drawer Tall Dresser. Please read these instructions carefully before assembly and retain them for future reference. This dresser is designed for organizing clothing and other household items in bedrooms, hallways, or closets.

SAFETY INFORMATION

To ensure safe use of this product, please observe the following guidelines:

- **Anti-Toppling Device:** It is critical to install the included anti-toppling device to prevent the dresser from tipping over, especially in households with children or pets. Securely fasten the dresser to a wall stud using the provided hardware.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all hardware is securely tightened before use. Do not overtighten screws.
- **Weight Distribution:** Distribute weight evenly across drawers. Avoid placing heavy items on top of the dresser or in the top drawers to maintain stability.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb on or play with the dresser.
- **Moving the Dresser:** When moving the dresser, empty all drawers first. Lift the dresser rather than dragging it to prevent damage to the unit or flooring.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. The package should include:

- 5-Drawer Dresser components (panels, backboard, etc.)
- Hardware Tool Pack (screws, dowels, cam locks, anti-toppling kit, metal handles)
- Installation Guide

If any parts are missing or damaged, please contact customer support before proceeding with assembly.

SETUP AND ASSEMBLY

The Flamaker 5-Drawer Tall Dresser features a simple assembly design. Follow the detailed steps provided in the included Installation Guide. General steps include:

1. Unpack all components and lay them out on a protected surface.
2. Identify all parts and hardware using the Installation Guide.

3. Assemble the main frame of the dresser.
4. Assemble each drawer individually, ensuring smooth-gliding tracks are correctly installed.
5. Insert the assembled drawers into the dresser frame.
6. Attach the metal handles to each drawer front.
7. Install the anti-toppling device as per the safety instructions.

Figure 2: Dimensional overview of the dresser, highlighting key features such as stable wood legs, glide-sliding drawers, and metal handles, which are integral to the assembly process.

OPERATING INSTRUCTIONS

The Flamaker 5-Drawer Tall Dresser is designed for convenient storage:

- **Drawer Use:** Each drawer features smooth-gliding tracks for easy opening and closing. Use the metal handles to operate the drawers.
- **Storage Capacity:** The five spacious drawers provide ample room for organizing various items such as clothing, linens, or documents. Utilize drawer organizers (not included) to maximize space and maintain order.
- **Weight Limits:** Avoid overloading drawers. Refer to the Installation Guide for specific weight limits per drawer if available. Overloading can damage the drawer slides and compromise the dresser's stability.

LARGE CAPACITY STORAGE DRAWERS

T-shirt

Pants

Skirt

Hat

Scarf

Sock

MAINTENANCE

Proper care will extend the life and appearance of your dresser:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish. Dry immediately with a clean cloth.
- **Spills:** Clean spills immediately to prevent staining or damage to the engineered wood material.
- **Hardware:** Periodically check and tighten all hardware to ensure the dresser remains stable and secure.
- **Sunlight and Heat:** Avoid placing the dresser in direct sunlight or near heat sources, as this can cause fading or warping of the material.

TROUBLESHOOTING

If you encounter issues with your dresser, consider the following common solutions:

- **Drawers not sliding smoothly:** Check that the drawer slides are correctly aligned and free of obstructions. Ensure all screws on the slides are tightened.

- **Dresser feels wobbly:** Verify that all assembly hardware is securely tightened. Ensure the dresser is placed on a level surface. Re-check the installation of the anti-toppling device.
- **Gaps between panels:** This may indicate that screws are not fully tightened or panels are not correctly aligned during assembly. Disassemble the affected section and reassemble carefully.

For persistent issues, please contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Flamaker
Model Number	ADL250911
Product Dimensions (D x W x H)	15.7" x 31.5" x 45.3"
Number of Drawers	5
Material	Engineered Wood
Finish Type	Veneer
Item Weight	77 pounds
Assembly Required	Yes

WARRANTY INFORMATION

Specific warranty details for the Flamaker 5-Drawer Tall Dresser may vary. Please refer to the documentation included with your purchase or visit the official Flamaker website for the most current warranty policy. Typically, warranties cover manufacturing defects for a limited period from the date of purchase.

CUSTOMER SUPPORT

If you have any questions, require assistance with assembly, or need to report missing/damaged parts, please contact Flamaker customer support. Contact information can usually be found on the manufacturer's website or in the packaging materials.
