## 5. MAINTENANCE

Proper care will extend the life and appearance of your Ucloveria Sleeper Sofa Bed.

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. Use a mild fabric cleaner if necessary, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sun or use curtains/blinds.
- **Rotate Cushions:** Periodically rotate and fluff cushions to maintain their shape and even out wear.
- **Check Connections:** Periodically check all hardware connections and tighten if necessary to ensure stability.

## 6. TROUBLESHOOTING

If you encounter any issues with your Ucloveria Sleeper Sofa Bed, please refer to the following common solutions:

- **Squeaking Noises:** Check all bolts and screws for tightness. Loose connections can cause squeaking. Tighten any loose hardware.
- **Difficulty Converting:** Ensure no obstructions are blocking the pull-out mechanism. Check that the sofa is on a level surface.
- **Charging Ports Not Working:** Verify that the sofa's main power cable is securely plugged into a functional wall outlet. Test with a different device or cable to rule out device-specific issues.
- **Cushions Losing Shape:** Regularly fluff and rotate cushions. For persistent issues, contact customer support.
