

## Cubonic C68

# Cubonic C68 Fitness Tracker Smart Watch User Manual

Model: C68

Brand: Cubonic

## 1. PRODUCT OVERVIEW

---

The Cubonic C68 Fitness Tracker Smart Watch is designed to monitor various health and fitness metrics. It features a 1.1-inch AMOLED screen, heart rate monitoring, calorie tracking, and call reminders. The device is built with skin-friendly fitness straps and a lightweight design for comfortable wear.

### Display and Design

The C68 features a clear and bright 1.1-inch AMOLED HD screen, providing a high-quality visual experience. It supports custom dials for personalization. The device is designed for comfort, featuring skin-friendly straps and a lightweight build suitable for extended wear.

# See information, weather and data, Listen to the music

## Easy to view and master

A reasonable layout can hold more functions you like, and the data display is also more intuitive. Watching the heart rate during running and reading the news on the commute are all easy things to take a glance at.

## 2. GETTING STARTED

---

### Charging the Device

The fitness watch utilizes a built-in USB charging interface, eliminating the need for a separate charging cable. To charge, connect the device directly to a USB power source.

- Charging Time: Approximately 1-2 hours for a full charge.
- Battery Life: Up to 7 days of regular use and 15 days of standby time.

# 14 days long endurance

Magnetic suction charging is convenient and fast. In a typical scenario, the longest endurance is 14 days, giving you a stable sense of security and companionship.

14 days typical use

7 days of heavy use

## Compatibility

The Cubonic C68 Fitness Tracker is compatible with smartphones running Android Wear 2.6 or higher. Ensure your smartphone meets these requirements for optimal functionality and data synchronization.

## 3. HEALTH MONITORING

---

The C68 Fitness Tracker offers comprehensive health monitoring features to help you stay informed about your physical condition.

### Heart Rate Monitoring

The device supports real-time dynamic heart rate monitoring, allowing you to track changes in your heart rate throughout the day. This feature helps you monitor your heart health continuously.

# 24x7 heart rate monitoring

## Keep an eye on your heartbeat

This function can monitor your heart rate changes 24 hours, so that you can always pay attention to your heart health.

### **Blood Oxygen and Blood Pressure**

The fitness tracker supports real-time blood oxygen and blood pressure measurements. These features provide insights into your body's state and overall health.

# Blood oxygen saturation detection

## Accurately control the body state

Blood oxygen saturation is one of the basic characteristics to measure human health. The C80 bracelet benefits from excellent sensors. With the help of professional algorithms, it can accurately detect the blood oxygen level and help adjust its own state.

Image: Two Cubonic C68 Fitness Trackers, one black and one white, displaying blood oxygen levels, highlighting the blood oxygen saturation detection feature.

### Sleep Monitoring

Track your sleep patterns, including deep sleep, light sleep, and awake stages. The accompanying 'Keep Health' app analyzes your sleep data and provides a nightly sleep score to help improve your sleep habits.

### Skin Temperature

The device also monitors skin temperature, offering additional data points for understanding your physical condition.

## 4. ACTIVITY TRACKING

---

The C68 Fitness Tracker is designed to track your daily activities and workouts, helping you achieve your fitness goals.

### All-day Activity Tracking

The tracker records daily steps, calories consumed, workout distance, and time. Detailed data can be viewed

on the 'Keep Health' application.

## 25 Professional Sport Modes

The device supports 25 professional sport modes, recording your workout time, heart rate, and distance for various activities such as running, cycling, fitness, and yoga.

## 5. SMART FUNCTIONS

---

The Cubonic C68 Fitness Tracker includes several intelligent features to enhance your daily experience:

- **Call & Message Reminder:** Receive notifications for incoming calls and messages directly on your wrist.
- **Remote Photograph:** Control your smartphone camera remotely from the tracker.
- **Drink Water Reminder:** Get reminders to stay hydrated throughout the day.
- **Sedentary Reminder:** Receive alerts when you've been inactive for too long.
- **Family Health:** Monitor health data for family members (requires app setup).
- **Alarm Clock:** Set alarms directly on the device.
- **Stopwatch:** Use the built-in stopwatch for timing activities.
- **Find Device:** Locate your connected smartphone if it's misplaced.

## 6. WATER RESISTANCE

---

The Cubonic C68 Fitness Tracker is IP67 waterproof. This rating means it can resist sweat, rain, and shallow water swimming. It is not suitable for diving, hot showers, or prolonged submersion.

## 8. WHAT'S IN THE BOX

---

Upon opening your package, you will find the following item:

- Fitness Tracker (Cubonic C68 Smart Watch Bracelet)

## 9. TROUBLESHOOTING

---

If you encounter any issues with your Cubonic C68 Fitness Tracker, please refer to the following general troubleshooting steps:

- **Device Not Turning On:** Ensure the device is fully charged. Connect it to a USB power source for at least 30 minutes.
- **Connectivity Issues:** Verify Bluetooth is enabled on your smartphone and the tracker is within range. Restart both devices and attempt to reconnect via the 'Keep Health' app.
- **Inaccurate Readings:** Ensure the tracker is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **App Synchronization Problems:** Check your internet connection. Ensure the 'Keep Health' app is updated to the latest version. Restart the app and your tracker.
- **Screen Unresponsive:** Try restarting the device. If the issue persists, contact customer support.

## 10. MAINTENANCE

---

To ensure the longevity and optimal performance of your Cubonic C68 Fitness Tracker, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the device, especially the sensors and straps, with a soft, dry cloth. If necessary, use a slightly damp cloth and dry thoroughly. Avoid harsh chemicals.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Avoid Impact:** Protect the device from drops and impacts, which can damage the screen or internal components.
- **Water Exposure:** While IP67 rated, avoid prolonged submersion or exposure to high-pressure water. Dry the device thoroughly after exposure to water.

## 11. WARRANTY AND SUPPORT

---

The Cubonic C68 Fitness Tracker comes with a standard brand warranty. For specific warranty terms, duration, and claim procedures, please refer to the warranty card included with your product or visit the official Cubonic support website.

For further assistance, technical support, or customer service inquiries, please contact Cubonic customer support through the channels provided in your product packaging or on the brand's official website.
