1. INTRODUCTION

Thank you for choosing the SlickBlue Wooden Platform Bed with Headboard. This manual provides detailed instructions for the assembly, operation, and maintenance of your new bed frame. Please read this manual thoroughly before beginning assembly and retain it for future reference. This platform bed is designed to provide stable support for your mattress without the need for a box spring, featuring a durable wooden construction and a stylish walnut finish.

2. SAFETY INFORMATION

- **Read all instructions:** Ensure you understand all assembly steps and safety warnings before proceeding.
- **Two-person assembly recommended:** For safety and ease of assembly, it is recommended that two adults assemble this bed frame.
- **Keep children and pets away:** Small parts can be a choking hazard. Keep children and pets away from the assembly area.
- **Use on a level surface:** Assemble the bed frame on a clean, flat, and stable surface to prevent damage or injury.
- **Do not overtighten fasteners:** Overtightening screws can strip threads or crack wood. Tighten securely but do not force.
- **Regularly check fasteners:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.
- **Maximum weight capacity:** Do not exceed the maximum weight capacity of 440 lbs (including mattress and occupants).
- **No jumping:** Do not jump on the bed frame.

3. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, do

not proceed with assembly. Contact customer support for assistance.

Part No.	Description	Quantity
A	Headboard Panel	1
B	Footboard Panel	1
C	Side Rails	2
D	Center Support Beam	1
E	Support Legs for Center Beam	2-3 (depending on size)
F	Wooden Slats	8
G	Hardware Pack (Bolts, Washers, Allen Wrench)	1 set

4. SETUP & ASSEMBLY

Follow these steps carefully to assemble your SlickBlue Platform Bed. It is recommended to have two people for assembly.

Step 1: Attach Side Rails to Headboard and Footboard

1. Place the Headboard (A) and Footboard (B) upright on a clean, soft surface to prevent scratches.
2. Align the Side Rails (C) with the pre-drilled holes on the Headboard (A) and Footboard (B).
3. Securely attach the Side Rails (C) to both the Headboard and Footboard using the bolts and washers from the Hardware Pack (G). Do not fully tighten all bolts until the entire frame is assembled.

Step 2: Install Center Support Beam

1. Position the Center Support Beam (D) along the middle of the assembled bed frame, connecting it to the Headboard and Footboard.
2. Attach the Support Legs (E) to the Center Support Beam (D). Ensure the legs are securely fastened and positioned to provide maximum stability.
3. Secure the Center Support Beam (D) to the Headboard and Footboard using the appropriate hardware from the Hardware Pack (G).

Step 3: Place Wooden Slats

1. Evenly space the Wooden Slats (F) across the Side Rails (C) and Center Support Beam (D).
2. Secure each slat to the frame using the provided screws or fasteners. Ensure all slats are firmly in place to provide adequate mattress support.

BUILT TO LAST

Wooden Bed Frame

- No Box Spring Needed
- **440 lbs** Weight Capacity

Step 4: Final Tightening

1. Once all components are in place, go back and fully tighten all bolts and screws using the Allen wrench from the Hardware Pack (G).
2. Ensure the bed frame is stable and level before placing your mattress on it.

5. OPERATION

Your SlickBlue Platform Bed is designed for straightforward use. Follow these guidelines for optimal performance and longevity.

- **Mattress Placement:** Place your standard Full-size mattress directly onto the wooden slats. A box spring is not required.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed. Avoid concentrating heavy loads in one small area.

- **Under-Bed Storage:** Utilize the ample 12-inch under-bed clearance for storage. Use storage bins or containers to keep items organized.

6. MAINTENANCE

Proper care and maintenance will extend the life of your bed frame.

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the bed frame with a dry, soft cloth to prevent dust buildup.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all assembly bolts and screws. Tighten any loose fasteners to maintain stability and prevent squeaking.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the wood finish to fade or crack.
- **Protect from Moisture:** Keep the bed frame away from excessive moisture or humidity to prevent warping or

damage to the wood.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose fasteners. Uneven assembly.	Ensure all bolts and screws are fully tightened. Disassemble and reassemble if necessary, ensuring all parts are aligned correctly.
Squeaking noises.	Loose connections between parts. Slats rubbing against the frame.	Tighten all bolts and screws. Check if slats are properly secured and not rubbing. Apply a small amount of wax or lubricant to contact points if squeaking persists (avoiding areas that bear weight).
Slats are bowing or breaking.	Exceeded weight capacity. Uneven weight distribution. Damaged slats.	Ensure total weight on the bed does not exceed 440 lbs. Distribute weight evenly. Contact customer support for replacement slats if damaged.
Difficulty assembling parts.	Misalignment. Incorrect parts.	Review the assembly instructions carefully. Ensure you are using the correct parts for each step. Do not force parts together. If issues persist, contact customer support.

8. SPECIFICATIONS

- **Model:** D-CO-HU10842WN-F
- **Size:** Full
- **Material:** Engineered Wood, Wood
- **Color:** Walnut
- **Style:** Modern / Farmhouse
- **Product Dimensions (L x W x H):** 79.5" x 57" x 33.5"
- **Under-Bed Clearance:** Approximately 12 inches
- **Item Weight:** 51 pounds
- **Maximum Weight Capacity:** 440 pounds
- **Slats Included:** 8 plywood slats
- **Box Spring Required:** No
