COMHOMA GT205-2025 Big and Tall Ergonomic Office Chair Instruction Manual

Model: GT205-2025 | Brand: COMHOMA

INTRODUCTION

Thank you for choosing the COMHOMA GT205-2025 Big and Tall Ergonomic Office Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

Always assemble the chair according to the instructions provided. Do not exceed the maximum weight capacity of 300 lbs (136 kg) to ensure safety and stability.

- Ensure all screws and bolts are securely tightened before use.
- Do not stand on the chair.
- Avoid using abrasive cleaners on the chair's surfaces.
- Keep children away from moving parts during adjustment.

ASSEMBLY INSTRUCTIONS

The COMHOMA GT205-2025 chair is designed for straightforward assembly, typically taking 15-30 minutes. All necessary accessories and detailed instructions are included in the packaging.

Step-by-Step Guide:

1. Unpack all components and verify against the parts list provided in the instruction booklet.
2. Attach the casters to the five-star base.
3. Insert the gas lift into the center of the five-star base.
4. Assemble the seat and backrest components as per the detailed diagrams.
5. Secure the armrests to the seat and backrest.
6. Place the assembled seat and backrest onto the gas lift.
7. Ensure all connections are firm and stable before first use.

For visual guidance, refer to the detailed diagrams in the included instruction booklet.

OPERATING INSTRUCTIONS

Your COMHOMA office chair offers versatile adjustments to enhance comfort and support during various activities.

Height Adjustment:

The chair features a 10cm height adjustment range, suitable for users from 5'1" to 6'2". To adjust, lift the lever located under the seat while applying or releasing body weight.

Recline Function:

The backrest reclines from 90° (upright work position) to 135° (relaxed position). Use the recline lever to adjust and lock

the backrest at your desired angle.

90-135° ADJUSTABLE RECLINE FUNCTION

You can adjust the seat to your desired angle to help you relax.

Figure 2: Illustration of the 90-135° adjustable recline function.

Footrest Operation:

An adjustable footrest is integrated for enhanced relaxation. Pull the footrest out from under the seat when needed, and push it back in when not in use.

SPACIOUS CUSHION

You can sit on this wide, comfortable cushion without any restraint.

Figure 3: User demonstrating the extended footrest for relaxation.

Swivel and Mobility:

The chair features a 360° swivel and smooth-rolling casters for effortless mobility across various floor types.

Ergonomic Support:

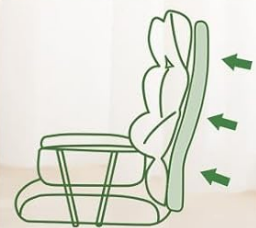

The backrest includes 3D wrapping lumbar support with dual-layered high-density foam and high-loft fiber, conforming to your body's natural curves. The oversized adjustable lumbar pillow provides personalized support.

UPGRADED ERGONOMIC DESIGN

The double-layer thickened backrest not only provides ergonomic support but also ensures exceptional comfort and relaxation while sitting, preventing fatigue even during long periods of use.

MAINTENANCE

Proper maintenance ensures the longevity and appearance of your COMHOMA office chair.

- **Cleaning:** For the faux leather surface, wipe regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the material.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- **Casters:** Keep casters free of debris (hair, dust) to ensure smooth rolling.

SOFT TOUCH & ELASTIC SUPPORT

The pocket springs inside the back cushion, combined with its soft and comfortable outer cover, can relieve fatigue from prolonged sitting and enhance comfort.

TROUBLESHOOTING

If you encounter any issues with your chair, please refer to the following common solutions:

- **Chair not adjusting height:** Ensure the gas lift lever is fully engaged. If the issue persists, the gas lift may need replacement.
- **Chair wobbles:** Check all assembly screws and bolts. Tighten any loose connections. Ensure the chair is on a flat, even surface.
- **Casters not rolling smoothly:** Inspect casters for trapped debris (hair, lint) and clean them.

For further assistance, please contact COMHOMA customer service.
