ASSEMBLY INSTRUCTIONS

Please follow the step-by-step instructions provided in the separate assembly guide included with your product. Ensure you have a clear, spacious area for assembly. It is recommended to have two adults for the assembly process.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them with the parts list in your assembly guide.
2. **Assemble Main Bed Frame:** Connect the main side panels and end panels using the provided hardware.
3. **Install Bed Slats:** Secure the bed slats to the bed frame to support the mattress.
4. **Assemble Desk Unit:** Construct the height-adjustable desk and integrate it into the bed frame structure.
5. **Install Wardrobe and Shelves:** Assemble and attach the wardrobe and shelving units to the bed frame.
6. **Connect Electrical Components:** Install the LED light strip and the USB charging module according to the specific instructions. Ensure all cables are neatly routed and secured.
7. **Final Checks:** Ensure all connections are tight and the structure is stable.

OPERATING INSTRUCTIONS

LED Lighting System:

The integrated LED light strip provides customizable illumination for your gaming or study area. The LED strip is typically controlled via a remote control or a switch located near the desk area.

- **Power On/Off:** Use the designated button on the remote or switch to turn the LED lights on or off.
- **Color Adjustment:** Select desired colors from the remote control. Multiple static colors are available.
- **Mode Selection:** Choose from various lighting modes, such as flashing, fading, or smooth transitions, using the remote control.
- **Brightness Control:** Adjust the intensity of the light using the brightness buttons on the remote.

USB Charging Ports and Power Outlets:

The desk features built-in USB ports and standard power outlets for convenient charging of electronic devices.

- **Connecting Devices:** Plug your USB charging cables into the USB ports to charge phones, tablets, or other compatible devices.
- **Power Outlets:** Use the standard power outlets for devices requiring AC power.
- **Power Source:** Ensure the bed's power cord is securely plugged into a functional wall outlet.
- **Overload Protection:** Avoid plugging in too many high-power devices simultaneously to prevent overloading the circuit.

Height-Adjustable Desk:

The desk component is designed to be height-adjustable. Refer to the specific assembly guide for instructions on how to adjust the desk height to your preferred level. Typically, this involves loosening and re-tightening fasteners at the desk supports.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Electrical Components:** Inspect the LED strip and USB/power outlet module for any signs of wear or damage. Ensure cables are not pinched or frayed.
- **Wood Care:** Protect the wood surfaces from excessive moisture and direct sunlight to prevent warping or fading.

TROUBLESHOOTING

Common Issues and Solutions:

- Bed feels wobbly:**
Solution: Check all assembly hardware. Ensure all bolts and screws are securely tightened. Verify that the bed is on a level surface.
- LED lights not working:**
Solution: Ensure the power cord for the bed is plugged into a functional wall outlet. Check the connection of the LED strip to its power source. Replace remote control batteries if applicable.
- USB ports or power outlets not functioning:**
Solution: Confirm the bed's main power cord is connected. Check for any tripped circuit breakers in your home. Ensure devices are properly plugged in. Avoid overloading the outlets.
- Missing parts during assembly:**
Solution: Carefully re-check all packaging materials. If parts are genuinely missing, contact customer support with your product model and a description of the missing parts.
- Difficulty adjusting desk height:**
Solution: Refer to the specific assembly instructions for the desk. Ensure all necessary fasteners are loosened before attempting to adjust and re-tightened afterward.
