2. WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- Fire-Boltt Axiom Smart Watch
- Wireless Charging Cable
- User Manual (this document)

3. SETUP

3.1 Charging the Device

Before initial use, fully charge your Fire-Boltt Axiom Smart Watch. The device supports wireless charging.

1. Connect the wireless charging cable to a compatible USB power adapter (not included).

2. Place the back of the watch onto the charging pad. Ensure the watch is correctly aligned for charging to begin.
3. The watch display will indicate charging status.

3.2 Powering On/Off

- **To Power On:** Press and hold the main physical button on the side of the watch until the Fire-Boltt logo appears.
- **To Power Off:** Press and hold the main physical button, then select the 'Power Off' option on the screen.

3.3 App Installation and Pairing

To unlock the full functionality of your smart watch, download the companion application on your smartphone.

1. Scan the QR code in the watch's settings or search for the official Fire-Boltt companion app in your smartphone's app store.
2. Install the application and create an account if prompted.
3. Enable Bluetooth on your smartphone.
4. Open the app, navigate to 'Add Device' or 'Pair Device', and select 'Fire-Boltt Axiom' from the list of available

devices.

5. Confirm the pairing request on both your watch and smartphone.

4. OPERATING YOUR SMART WATCH

4.1 Display Features

The Fire-Boltt Axiom features a 1.43-inch AMOLED display with a resolution of 466x466 pixels and up to 1000 nits peak brightness. It includes an Always-On Display mode, allowing key information to remain visible.

5. MAINTENANCE

5.1 Cleaning Your Smart Watch

Regular cleaning helps maintain the watch's appearance and functionality.

- Wipe the watch screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts periodically to ensure efficient charging.

5.2 Battery Care

- Avoid fully discharging the battery frequently.
- Charge the watch using only the provided wireless charging cable.
- Store the watch in a cool, dry place if not used for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your Fire-Boltt Axiom Smart Watch, refer to the following common solutions:

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Press and hold the power button for at least 10 seconds.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone and watch. Restart both devices. Check if the watch is already paired with another device.
Charging issues	Verify the charging cable is properly connected to a power source and the watch. Clean the charging contacts. Try a different USB power adapter.
Inaccurate health data	Ensure the watch is worn snugly on your wrist. Clean the sensors on the back of the watch.
Bluetooth calling not working	Confirm the watch is properly connected via Bluetooth for calls. Check phone's Bluetooth settings for call audio permissions.
