## 3. SETUP

### 3.1 Attaching the TV Stand

1. Carefully place the TV screen-down on a soft, clean surface to prevent scratches.
2. Align each stand foot with the corresponding screw holes on the bottom of the TV.
3. Secure each stand foot using the provided screws. Ensure they are tightened firmly but do not overtighten.
4. Carefully lift the TV and place it on a stable, level surface.

Alternatively, the TV supports VESA mounting for wall installation (wall mount hardware sold separately).

### 3.2 Power Connection

Connect the power cord to the TV's power input and then plug it into a standard electrical outlet. A pilot light on the TV will indicate that it is receiving power.

### 3.3 Initial Setup (Xumo OS)

Upon first power-on, the TV will guide you through the initial setup process. This includes:

- **Language Selection:** Choose your preferred language.
- **Network Connection:** Connect the TV to your home Wi-Fi network or via an Ethernet cable.
- **Xumo OS Account Setup:** Follow on-screen prompts to set up or log in to your Xumo OS account. This is necessary to access smart features and apps.
- **Channel Scan:** If connecting an antenna, the TV will scan for available channels.

## 4. CONNECTIONS

The Element Xumo Smart TV provides a variety of ports for connecting external devices:

- **HDMI Ports (3):** Connect high-definition devices such as Blu-ray players, gaming consoles, or cable/satellite boxes. One HDMI port supports eARC (enhanced Audio Return Channel) for simplified audio connections to compatible soundbars or AV receivers.
- **USB Port (1):** Connect USB storage devices to view photos, play music, or watch videos.
- **LAN (Ethernet) Port:** For a wired internet connection.
- **Audio Out (Optical) / Headphone Jack:** For connecting external audio systems or headphones.
- **Composite Input / Analog Tuner:** For connecting older devices or an antenna.

## 5. OPERATING YOUR TV

### 5.1 Remote Control

The included voice remote allows for intuitive control of your TV. It features dedicated buttons for popular streaming services and a microphone for voice commands.

## 5.3 Picture & Sound Settings

Your TV delivers a crisp 720p HD display with a 120Hz effective refresh rate, minimizing motion blur for clear visuals. Dolby Audio processing enhances the sound experience. You can adjust picture and sound settings via the TV's menu to suit your preferences.

- **Picture Modes:** Select from various preset picture modes (e.g., Standard, Vivid, Movie, Sports) or customize settings like brightness, contrast, and color.
- **Sound Modes:** Choose from different sound modes (e.g., Standard, Music, Movie, Speech) or adjust bass and treble levels.

## 5.4 Apple AirPlay & Home Support

Seamlessly stream content or mirror your screen from your iPhone, iPad, or Mac directly to your Element TV using Apple AirPlay. With Apple Home support, you can integrate your TV into your Apple smart home ecosystem for convenient control.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your Element Xumo Smart TV, follow these maintenance guidelines:

- **Cleaning the Screen:** Gently wipe the screen with a soft, dry, lint-free cloth. For stubborn marks, lightly dampen the cloth with water or a screen-specific cleaning solution (never spray directly onto the screen).
- **Cleaning the Cabinet:** Use a soft, dry cloth to clean the TV cabinet. Avoid using abrasive cleaners or solvents.
- **Ventilation:** Ensure the ventilation openings on the back of the TV are not blocked to prevent overheating.
- **Power Off When Not in Use:** Turn off the TV when not in use to conserve energy and extend its lifespan.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your Element Xumo Smart TV, refer to the following common troubleshooting tips:

- **No Power:** Check if the power cord is securely plugged into both the TV and the electrical outlet. Ensure the outlet is functional.
- **No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, antenna, etc.) for secure fit.
- **Remote Not Working:** Replace the AAA batteries in the remote control. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Network Connection Issues:** Restart your Wi-Fi router. Check the TV's network settings to ensure it's connected to the correct network and the password is entered correctly.
- **Smart App Problems:** Try restarting the app. If the issue persists, clear the app's cache or reinstall it. Ensure your TV's software is up to date.

For persistent issues, please contact Element customer support.
