# KEMIMOTO 2-IN-1 Convertible UTV Doors Instruction Manual

Model: B0102-03917-BK

## 1. PRODUCT OVERVIEW

The KEMIMOTO 2-IN-1 Convertible UTV Doors are designed for Polaris Ranger Crew XP 1000 models from 2018 to 2026. This 4-door set features removable PC (Polycarbonate) upper windows and PP (Polypropylene) lower door panels, offering versatility for various weather conditions and driving needs.

Key features include:

- **2-IN-1 Convertible Design:** Easily switch between full doors for protection and half doors for ventilation by removing the upper window sections.
- **Enhanced Warmth:** Provides up to 98% sealing to block drafts, keeping the cab warmer in cold conditions.
- **Seamless Integration:** Designed to fit perfectly with existing A-pillar-mounted mirrors and windshields, ensuring clear visibility.
- **Durable Materials:** Constructed from robust Polycarbonate (PC) for upper windows and lightweight Polypropylene (PP) for lower panels.
- **Perfect Fit:** Engineered for a precise, airtight seal on compatible Polaris Ranger Crew XP 1000 models.

## 2. SETUP AND INSTALLATION

---

Proper installation is crucial for the optimal performance and longevity of your KEMIMOTO UTV doors. Please follow the steps carefully.

### 2.1 Unpacking and Component Identification

Carefully unpack all components and verify against the packing list. Separate components for driver and passenger sides, and upper and lower panels.

Figure 3: Exploded view showing the PC upper door and PP lower door components.

### 2.2 Video Installation Guide

For a detailed visual guide on the installation process, please refer to the official KEMIMOTO installation video below. It covers assembling the door frames, attaching fabric, and mounting the doors to your UTV.

Video 1: Detailed installation guide for KEMIMOTO UTV Side Doors. This video demonstrates frame assembly, fabric attachment,

and mounting to the vehicle.

## 2.3 General Installation Steps (Refer to video for details)

1. **Assemble Door Frames:** Connect the metal frame components using the provided hardware. Ensure all connections are secure but do not overtighten until final adjustments are made.
2. **Attach Fabric Panels:** Carefully slide the fabric door panels over the assembled frames, ensuring proper alignment of zippers and straps.
3. **Install Mounting Brackets:** Attach the mounting brackets to your Polaris Ranger Crew XP 1000. Do not overtighten screws at this stage to allow for minor adjustments.
4. **Mount Doors to UTV:** Carefully align and attach the assembled doors to the installed brackets on your UTV. Secure the doors using the provided pins and latches.
5. **Final Adjustments:** Close all doors and check for proper fit and sealing. Adjust brackets and tighten all screws to ensure a secure and rattle-free installation.

## 3. OPERATING INSTRUCTIONS

---

Your KEMIMOTO 2-IN-1 Convertible UTV Doors offer flexible operation for various conditions.

### 3.1 Converting Between Full and Half Doors

The upper PC window sections are designed for easy removal, allowing you to convert from full doors to half doors for increased ventilation.

- **To Remove Upper Windows:** Unzip the upper window section from the lower door panel. Carefully detach any securing straps or fasteners. Store the upper windows safely to prevent damage.
- **To Install Upper Windows:** Align the zippers of the upper window section with the lower door panel. Zip up the sections and secure any straps or fasteners.

Video 2: Demonstration of the 2-IN-1 convertible feature, showing how to switch between full and half doors.

### 3.2 Door Latching and Security

The doors feature a secure latching mechanism. Ensure doors are fully closed and latched before operating the UTV. The exterior door handles are lockable for added security.

Figure 4: Easy entry and exit with the KEMIMOTO UTV doors.

## 4. MAINTENANCE

---

Regular maintenance will extend the life of your UTV doors.

- **Cleaning:** Clean the PC windows and PP panels with mild soap and water. Avoid abrasive cleaners or solvents that could damage the materials.
- **Zipper Care:** Keep zippers clean and lubricated with a silicone-based spray to ensure smooth operation.
- **Hardware Inspection:** Periodically check all mounting hardware and fasteners for tightness. Retighten as necessary.
- **Storage:** When not in use, especially during off-season, store the doors in a clean, dry place away from direct sunlight and extreme temperatures.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your KEMIMOTO UTV doors, consider the following:

- **Loose Fit/Rattling:** Check all mounting bolts and screws. Ensure they are tightened securely. Adjust the door alignment if necessary.
- **Difficulty Zipping:** Clean the zipper teeth and apply a zipper lubricant. Ensure the fabric is not caught in the zipper.
- **Poor Sealing:** Verify that all door panels are correctly installed and aligned. Check for any obstructions preventing a full seal.

For persistent issues, please contact KEMIMOTO customer support.
