VOWNER RS-123

VOWNER RS-123 43.3 Inch Large Dog Crate Furniture Instruction Manual

Model: RS-123

1. INTRODUCTION

Thank you for choosing the VOWNER 43.3 Inch Large Dog Crate Furniture. This product is designed to provide a comfortable and secure space for your large or medium-sized dog, while also serving as a functional piece of furniture such as an end table or TV stand. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your new dog crate furniture.

Image 1.1: The VOWNER 43.3 Inch Large Dog Crate Furniture, featuring a spacious interior for a dog and a functional top surface.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets during assembly.
- Ensure all screws and fasteners are securely tightened before allowing your pet to use the crate. Periodically check for loose connections.
- Do not overload the top surface or drawers. Refer to specifications for weight limits.
- This product is intended for indoor use only.
- Do not allow pets to chew on the wooden components. While the metal bars are chew-resistant, excessive chewing on wood can cause damage and potential ingestion of materials.
- Place the crate on a level surface to prevent tipping.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Dog Crate Panels (Wooden and Metal)
- Assembly Hardware (Screws, dowels, cam locks, etc.)
- Instructions Manual (This document)
- Storage Drawers (Components for two drawers)

4. SETUP AND ASSEMBLY

Assembly of the VOWNER dog crate furniture is designed to be straightforward with clear instructions and marked parts. It is recommended to have a power drill for faster and easier assembly, as noted by some users.

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the included parts list and diagrams to identify each piece.
2. **Assemble the Base:** Connect the bottom panel to the side panels using the provided hardware. Ensure all connections are snug.
3. **Install Metal Bar Sections:** Attach the metal bar sections to the designated openings on the side and back panels.
4. **Assemble Drawers:** Follow the specific instructions for assembling the two storage drawers. Install drawer slides onto the main frame.
5. **Attach Top Panel:** Secure the top panel to the assembled frame.
6. **Install Doors:** Attach the three doors (front and side) using the hinges. Ensure they swing freely and align correctly.
7. **Install Locks and Adjustable Feet:** Attach the double secure lock switches to the doors. Screw in the adjustable feet to the bottom of the crate.
8. **Final Check:** Verify that all connections are tight and the structure is stable.

5. OPERATING INSTRUCTIONS

5.1. Pet Access and Security

- **Three-Door Layout:** The crate features three doors: one on the front and one on each side. This allows for flexible placement and easy access for your pet from multiple directions.
- **Door Operation:** To open a door, unlatch the double secure lock switch and swing the door outwards. To close, swing the door shut and engage the lock switch.

- **Security:** Always ensure all doors are securely latched when your pet is inside the crate to prevent unintended escapes.

Image 5.1: A dog utilizing the side door for entry into the crate.

Image 5.2: A dog exiting the crate through the front door, demonstrating its use as a TV stand.

5.2. Storage Drawers

- The two integrated drawers provide convenient storage for pet essentials such as toys, treats, leashes, or grooming supplies. They can also be used for general household items.
- To open a drawer, gently pull the handle. To close, push the drawer fully until it is flush with the front of the unit.

2 Drawers For Storage

Image 5.3: The two storage drawers, shown open and containing various items.

5.3. Multifunctional Use

- **End Table/Side Table:** The sturdy top surface can be used as an end table next to a sofa or bed, or as a side table in any room.
- **TV Stand:** The robust construction and ample surface area allow the unit to function as a TV stand, integrating your pet's space with your living area.
- **Display Surface:** The large desktop provides space for decorative items, books, or other personal belongings.

Large Desktop

Image 5.4: The spacious top surface used for displaying various items.

5.4. Adjustable Feet

- The adjustable feet allow you to level the crate on uneven floors, ensuring stability and preventing wobbling. Turn the feet clockwise or counter-clockwise to adjust the height.

6. MAINTENANCE

- **Cleaning:** Wipe down wooden surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the finish. Metal bars can be cleaned with a mild soap and water solution. Dry thoroughly.
- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight. Tighten any loose hardware to maintain structural integrity.
- **Damage Prevention:** Monitor your pet for chewing habits. If your pet attempts to chew on the wooden parts, consider using chew deterrents or providing alternative chew toys.

7. TROUBLESHOOTING

- **Difficulty during Assembly:** If you encounter difficulties, re-read the assembly instructions carefully. Ensure all parts are correctly oriented. A power drill can significantly ease the process of tightening screws.
- **Crate is Wobbly:** Check that all screws are fully tightened. Adjust the leveling feet on the bottom of the crate to compensate for uneven floor surfaces.
- **Doors Not Closing Properly:** Ensure hinges are correctly installed and not bent. Check for any obstructions. The double secure lock switch should engage smoothly.
- **Drawers Not Sliding Smoothly:** Verify that drawer slides are installed correctly and are free of debris. Ensure the drawer components are assembled squarely.

For further assistance, please refer to the customer support section.

8. SPECIFICATIONS

Feature	Detail

Guide To Dog Crate Sizing

1 Measure Length

- While dog standing on all four feet
- Measure from the tip of nose to the base of its tail.
- Add 4 inch for all dogs.

2 Measure Height

- While dog sitting.
- Measure upright from the floor to the tallest point of dog.
- Add 4 inch for all dogs.

3 Helpful Tips

- To ensure the comfort of your dog, please measure the length when they lay down.
