

Shark VM401

Shark VACMOP Reveal Cordless Hard Floor Cleaner, Vacuum & Spray Mop, VM401 Instruction Manual

1. PRODUCT OVERVIEW

The Shark VACMOP Reveal is engineered for comprehensive cleaning on sealed hard floors. This cordless system integrates powerful vacuum suction with spray mopping capabilities, utilizing an innovative all-in-one disposable pad to capture and lock away debris while simultaneously tackling wet messes. The integrated Reveal light illuminates hidden dirt, ensuring no spot is missed for a thorough and efficient cleaning experience.

Key Features

- **Powerful Suction & Spray Mopping:** Combines vacuuming and mopping in one device for a complete clean.
- **Dirt-Reveal Technology:** Illuminates hidden debris, dust, and hair for enhanced visibility.
- **Locks Away Debris:** Disposable pads feature a built-in dirt chamber to contain collected debris.
- **Targeted On-Demand Spray:** Dispenses cleaning solution to address tough messes and stubborn stains.
- **No-Touch Disposal:** Pads are easily released with a button, preventing contact with dirt.
- **Cordless & Lightweight:** Designed for effortless maneuverability and everyday quick cleanups.
- **Multi-Surface Cleaning:** Safe for use on sealed hard floors including hardwood, laminate, tile, stone, marble, and vinyl.

NEW!

Shark **VACMOP®** **REVEAL**

REVEAL

Illuminates hidden debris,
fine dust, and hair.

VACUUM

Captures and locks it
away within the pad.

MOP

Absorbs wet messes
for a clean floor finish.

Formulated to remove odors

- ✓ Fast drying
- ✓ Streak-free
- ✓ No sticky residue

SAFE FOR HOMES WITH PETS*

*When used as directed.

The image shows a Shark VACMOP cleaning a wooden floor. The mop head is blue and yellow, with a clear dust container. A bottle of Shark VACMOP Pet Multi-Surface Floor Cleaner is shown in the foreground. The bottle is white with a green cap and a purple label. The label features a dog and a cat, and text including 'Shark VACMOP', 'Formulated for A COMPLETE CLEAN', 'ODOR NEUTRALIZER', and 'PET MULTI-SURFACE FLOOR CLEANER'. A circular purple badge with a white paw print and the text 'SAFE FOR HOMES WITH PETS*' is also present. The background shows a person's legs and a dog resting in a pink bed.

3. SETUP GUIDE

Assembly

1. Unpack all components from the box.
2. Insert the handle into the main body of the VACMOP until it clicks securely into place.
3. Attach a fresh disposable VACMOP pad to the bottom of the cleaning head. Ensure it is firmly attached.

Charging

1. Locate the charging port on the back of the VACMOP unit.
2. Plug the charging cable into the port and then into a standard wall outlet.
3. The indicator light will show charging status. Allow the unit to fully charge before first use.

Filling the Solution Tank

1. Open the solution tank cap located on the main body of the VACMOP.
2. Carefully pour the Shark VACMOP cleaning solution into the tank until it reaches the MAX fill line.
3. Securely close the cap.

Video 1: A seller demonstrates the assembly, solution filling, and basic operation of the Shark VACMOP Reveal.

Video 2: A seller highlights the convenience of the vacuum and mop combo for quick floor cleaning, including setup steps.

4. OPERATING INSTRUCTIONS

Vacuuming

1. Ensure a disposable pad is attached and the unit is charged.
2. Press the power button to activate the vacuum suction. The Reveal light will also illuminate.
3. Guide the VACMOP over sealed hard floors to pick up dry debris, dust, and pet hair.

Spray Mopping

1. After vacuuming, or for wet messes, press the spray button located on the handle to dispense cleaning solution.
2. Mop the area with the attached disposable pad to clean and absorb wet messes.
3. For optimal results, it is recommended to vacuum dry debris first, then spray mop.

Using the Reveal Light

The integrated Reveal light automatically activates with the vacuum function. This light helps to illuminate hidden debris, dust, and hair on your floors, ensuring you don't miss any spots during your cleaning routine.

Video 3: A seller demonstrates filling the solution tank, using the spray function, and vacuuming with the Shark VACMOP.

Video 4: A seller tests the Shark VACMOP's ability to clean messes under a high chair, demonstrating its maneuverability and suction.

5. MAINTENANCE

Disposable Pad Replacement

1. When the disposable pad is full of debris or saturated, it's time for replacement.
2. Position the VACMOP over a trash receptacle.
3. Press the pad release button (typically located on the side of the cleaning head) to detach the used pad without touching it.
4. Attach a new disposable VACMOP pad by aligning it with the cleaning head and pressing firmly until it clicks into place.

Solution Tank Care

1. After each use, or when changing cleaning solutions, empty any remaining liquid from the tank.
2. Rinse the tank with clean water to prevent residue buildup.
3. Allow the tank to air dry completely before refilling or storing.

Video 5: A seller demonstrates the ease of replacing the disposable pad and highlights the convenience of the Shark VACMOP for daily cleaning.

6. TROUBLESHOOTING

- **Reduced Suction:** Ensure the disposable pad is correctly attached and not overly full. Replace the pad if necessary. Check for any blockages in the suction channel.
- **No Spray:** Verify the solution tank is filled with Shark VACMOP cleaning solution. Check that the tank cap is securely closed. Ensure the spray nozzle is not clogged.
- **Unit Not Turning On:** Confirm the unit is fully charged. If the battery is low, the indicator light may flash. Plug in the charging cable and allow sufficient time for a full charge.
- **Streaking on Floors:** Use only Shark VACMOP cleaning solution as directed. Excessive solution or an overly dirty pad can cause streaking. Replace the pad and use the recommended amount of solution.
- **Battery Drains Quickly:** Battery runtime is approximately 13 minutes. Ensure the unit is fully charged before use. If battery life significantly diminishes over time, contact customer support.

7. TECHNICAL SPECIFICATIONS
