## Spovan Atlasphere

# Spovan Atlasphere GPS Smartwatch User Manual

Model: Atlasphere

## INTRODUCTION

The Spovan Atlasphere is a robust GPS smartwatch designed for outdoor enthusiasts and daily use. It features advanced health tracking, multiple sport modes, GPS navigation, and Bluetooth voice calling. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

## WHAT'S IN THE BOX

Please check the contents of your Spovan Atlasphere package:

- Spovan Atlasphere Smartwatch
- Charging Cable
- User Manual
- Spare Strap (Gift)
- Screen Protector (Gift)

## SETUP

### 1. Initial Charging

Before first use, fully charge your Spovan Atlasphere. Connect the charging cable to the watch's charging port and a USB power source. The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

### 2. Power On/Off

- **To Power On:** Press and hold the power button (usually the top right button) until the screen lights up.
- **To Power Off:** Press and hold the power button, then select 'Power Off' on the screen.

### 3. App Installation and Pairing

To unlock the full potential of your Spovan Atlasphere, download the companion app on your smartphone. Refer to the quick start

guide included in the box for the specific app name and QR code.

1. Download and install the app from your phone's app store (iOS or Android).
2. Open the app and create an account or log in.
3. Enable Bluetooth on your smartphone.
4. In the app, navigate to 'Add Device' or 'Pair Device'.
5. Select 'Spovan Atlasphere' from the list of available devices.
6. Confirm the pairing request on both your phone and the watch.

Once paired, the watch will synchronize data with your phone, and you can customize settings through the app.

## OPERATING INSTRUCTIONS

---

### Basic Navigation

The Spovan Atlasphere features a 1.43" AMOLED touchscreen and physical buttons for navigation.

- **Touchscreen:** Swipe up, down, left, or right to access different menus and notifications. Tap to select items.
- **Buttons:** Specific button functions may vary by watch face or active application. Generally, one button serves as a 'Back' or 'Home' function, while others may be customizable for quick access to sport modes or specific features.

## Key Features

### GPS and Advanced Location Tracking

The Atlasphere supports 6 satellite positioning systems (GPS, GLONASS, GALILEO, NavIC, etc.) for highly accurate and fast location tracking. This is ideal for outdoor activities like hiking, running, and cycling.

- **To use GPS:** Start an outdoor sport mode. The watch will automatically search for satellite signals. Ensure you are in an open area for best signal reception.
- **Route Tracking:** Your routes will be recorded and can be viewed on the watch and in the companion app.

## Bluetooth Voice Calling

With its built-in speaker and microphone, the Atlasphere allows you to make and receive calls directly from your wrist when connected to your smartphone via Bluetooth.

- **Answering Calls:** When a call comes in, tap the green answer icon on the watch screen.
- **Making Calls:** Access the dialer or contacts list on your watch to initiate a call.

## BLUETOOTH SESLİ ARAMA

## Health Tracking

The watch continuously monitors your heart rate and SpO2 (blood oxygen) levels, providing insights into your physical well-being.

- **Heart Rate:** View real-time heart rate on the watch or in the app.
- **SpO2:** Initiate a manual SpO2 measurement from the watch's health menu.

- **Sleep Tracking:** Wear the watch to bed to track your sleep patterns.

## 170+ Sport Modes

The Atlasphere offers a wide range of sport modes, including walking, running, cycling, swimming, and more. It can automatically recognize 6 common sport activities.

- **Starting a Workout:** Navigate to the 'Workout' or 'Sport' menu on the watch, select your desired activity, and tap to start.
- **Automatic Recognition:** For supported activities, the watch may automatically detect and start recording your workout.

## 5 ATM Water Resistance

The watch is water-resistant up to 5 ATM, making it suitable for swimming, showering, and use in rain or snow. It is not recommended for diving or high-pressure water activities.

## Always-On AMOLED Display

The vibrant 1.43" AMOLED display offers an always-on feature, allowing you to see the time and key information at a glance without raising your wrist.

## Long Battery Life

Equipped with a 500 mAh battery, the Atlasphere provides up to 10 days of typical usage on a single charge, depending on feature usage.

# MAINTENANCE

---

## Cleaning Your Watch

Regular cleaning helps maintain the watch's appearance and functionality.

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts periodically to ensure proper charging.

## Water Resistance Guidelines

While the watch is 5 ATM water-resistant, proper care is still important:

- Do not expose the watch to hot water, steam, or high-pressure water jets.
- After exposure to saltwater, rinse the watch with fresh water and dry it thoroughly.
- Avoid pressing buttons underwater.

## Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not leave the watch fully discharged for extended periods.
- Use only the provided charging cable.

# TROUBLESHOOTING

---

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Press and hold the power button for at least 10 seconds.

Issue	Possible Solution
Cannot pair with phone	Make sure Bluetooth is enabled on your phone. Restart both the watch and phone. Ensure the watch is not already paired with another device. Try resetting the watch to factory settings.
GPS not acquiring signal	Ensure you are in an open outdoor area with a clear view of the sky. Wait a few minutes for the watch to acquire satellites.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness, disable always-on display, limit continuous heart rate monitoring, and turn off unnecessary notifications. Ensure no background apps are draining power.
