3. PRODUCT OVERVIEW

Familiarize yourself with the physical components of your UJJ U3 tablet.

Image: Diagram illustrating the physical layout of the UJJ U3 tablet, highlighting the 3.5mm headphone jack, rear camera, power button, volume buttons, TF card slot, and Type-C port.

- **3.5mm Headphone Jack:** For connecting wired headphones or external audio devices.
- **Rear Camera:** For capturing photos and videos.
- **Power Button:** Press and hold to power on/off or restart. Short press to wake/sleep the screen.
- **Volume Buttons:** Adjust the device's volume.
- **TF Card Slot:** Insert a microSD card for expandable storage.
- **Type-C Port:** For charging the tablet and data transfer.
- **Front Camera:** For video calls and selfies.
- **Speakers:** Dual stereo speakers for audio output.

4. SETUP

4.1 Initial Charging

Before first use, fully charge your tablet using the provided US Power Adapter and Type-C Data Cable. The battery

indicator on the screen will show charging status.

Image: The UJJ tablet connected to a charger, indicating an 89% battery charge.

4.2 Power On/Off

- **To Power On:** Press and hold the Power Button until the UJJ logo appears.
- **To Power Off:** Press and hold the Power Button, then select "Power off" from the options.
- **To Restart:** Press and hold the Power Button, then select "Restart" from the options.

4.3 Initial Configuration

Upon first power-on, follow the on-screen prompts to:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock (PIN, pattern, password, or face recognition).

4.4 Attaching the Protective Case

Carefully place your tablet into the protective case. Ensure all ports and buttons are accessible. The case can be folded to act as a stand.

Android 14 + GMS Certification

5.5 Camera Features

Capture moments with the 5MP front camera for video calls and selfies, and the 8MP rear camera for higher-resolution photos and videos.

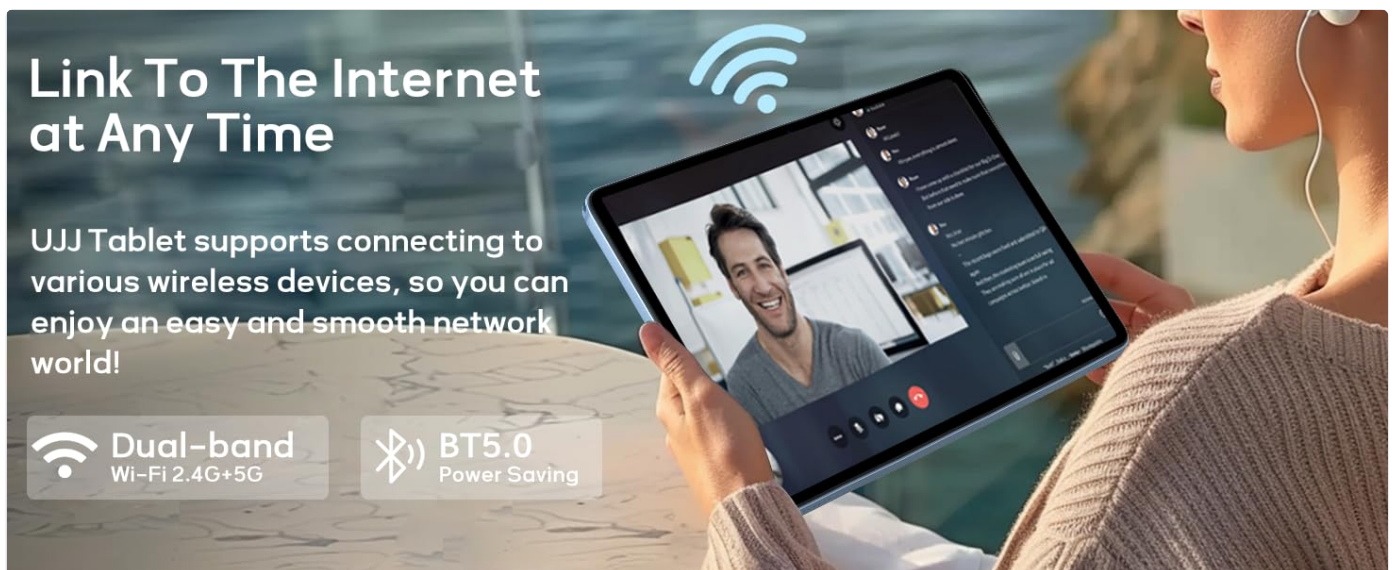

Image: The UJJ tablet highlighting its 5MP front and 8MP rear cameras, along with several scene modes such as Night, Sunset, Party, Beach, Snow, and Portrait.

5.6 Special Features

- **GPS:** Integrated GPS for navigation and location-based services.
- **Split Screen:** Use two applications simultaneously for enhanced productivity.
- **Face Recognition:** Securely unlock your device using facial recognition.
- **Parental Control:** Manage screen time and content access for children.
- **Screen Projection:** Mirror your tablet's display to a larger screen.
- **Screen Recording:** Record your screen activity for tutorials or sharing.

6. BATTERY MANAGEMENT

The UJJ U3 tablet is equipped with an 8000mAh battery. To maximize battery life:

- Adjust screen brightness.
- Close unused applications.
- Disable Wi-Fi or Bluetooth when not in use.
- Use power-saving modes.

Image: The UJJ tablet emphasizing its 8000mAh battery capacity and estimated usage durations for various activities like music playback, gaming, video watching, calls, and web browsing.

7. MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security. Go to **Settings > System > System update**.
- **Storage Management:** Periodically clear cache and unnecessary files to free up storage space.

8. TROUBLESHOOTING

Issue	Possible Solution
Tablet does not power on.	Ensure the battery is charged. Connect to the charger for at least 30 minutes before attempting to power on again.
Slow performance.	Close unused apps, clear cache, or restart the tablet. Check for system updates.
Wi-Fi connection issues.	Restart your router and tablet. Ensure you are within range of the Wi-Fi signal. Re-enter Wi-Fi password.
Bluetooth device not pairing.	Ensure the Bluetooth device is in pairing mode and within range. Toggle tablet's Bluetooth off and on.
Screen is unresponsive.	Restart the tablet by holding the power button. If unresponsive, force restart (refer to device support for specific instructions if standard restart fails).
