4.4 ChatGPT Function

1. Ensure the device is connected to Wi-Fi.

2. From the main menu, locate and tap on the 'ChatGPT' icon.

3. You can then interact with the ChatGPT application by typing or speaking your queries.

4.5 Currency Exchange & Unit Conversion

- From the main menu, tap on the respective 'Currency Exchange' or 'Unit Conversion' icon.

- Follow the on-screen instructions to input values and select desired currencies or units for conversion.

4.6 Smart Recording, Group Translation, and Language Learning

- **Smart Recording:** Access this feature from the main menu to record audio and potentially transcribe or translate it.
- **Group Translation:** This function allows multiple users with compatible devices to participate in a multi-language conversation. Follow on-screen instructions to create or join a group.
- **Language Learning:** Explore interactive tools and exercises designed to assist in language acquisition.

5. MAINTENANCE

5.1 Cleaning the Device

- Use a soft, dry, lint-free cloth to clean the device's screen and body.
- For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals or abrasive materials.
- Do not allow moisture to enter any openings.

5.2 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Store the device in a cool, dry place when not in use for extended periods.
- Use only the provided charging cable or a certified equivalent.

5.3 Software Updates

- Periodically check for software updates to ensure optimal performance and access to new features.
- Connect to Wi-Fi and navigate to Settings > About Device > Software Update.
- Follow the on-screen instructions to download and install any available updates.

6. TROUBLESHOOTING

- **Device will not power on:** Ensure the battery is charged. Connect to a charger and try again. If the issue persists, perform a hard reset (refer to device support for specific instructions, usually holding power button for longer).

- **Translation is inaccurate or slow:**
  - For online translation, check your Wi-Fi connection strength.
  - Speak clearly and at a moderate pace.
  - Ensure the correct source and target languages are selected.
  - For offline translation, verify that the language packs are fully downloaded.

- **Photo translation not working:**
  - Ensure adequate lighting for the text.
  - Hold the device steady and close enough for clear focus.
  - Check if the language is supported for photo translation (online or offline).

- **No sound from speaker:** Check the volume settings. Ensure the device is not in silent mode.

- **Device freezes or becomes unresponsive:** Press and hold the Power button for approximately 10-15 seconds to force a restart.
