Please read and understand all instructions before beginning assembly and use of this product. Failure to follow these instructions may result in serious injury.

- **Weight Capacity:** Do not exceed the maximum weight capacity for each component. The upper bed supports up to 250 lbs. The desk supports up to 120 lbs. Each shelf supports up to 60 lbs.
- **Guardrails:** Ensure all guardrails are securely installed and maintained. Guardrails are designed to prevent falls.
- **Mattress Thickness:** Use only a mattress with a maximum thickness of 6 inches for the upper bed to ensure proper guardrail height.
- **Assembly:** This product requires assembly. Ensure all parts are present and securely fastened before use. Do not use power tools for assembly unless specifically instructed, as overtightening can damage components.
- **Regular Checks:** Periodically check all connections (screws, bolts) to ensure they remain tight and secure.
- **Children:** Children should be supervised when using the loft bed. Do not allow children to play on or under the bed without supervision.
- **Ventilation:** Ensure adequate ventilation around the bed, especially if used with a desk or other enclosed items underneath.

- **Tighten Fasteners:** Regularly check and tighten all screws, bolts, and connections to maintain stability and prevent loosening over time.
- **Environmental Conditions:** Avoid excessive moisture or direct sunlight, which can cause warping or fading of materials.
