

FAQ F0570

FAQ Red Light Peptide Serum User Manual

Model: F0570

1. PRODUCT OVERVIEW

The FAQ Red Light Peptide Serum is a hydrating facial serum formulated with hyaluronic acid and peptides. It is designed to enhance the effectiveness of LED light therapy devices, such as the FAQ 202 Wireless Face Mask and other FAQ LED devices. This serum aims to provide lightweight daily hydration, improve skin texture, and promote a more even skin tone.

ILUMINA TU RUTINA LED CON EL SÉRUM DE PÉPTIDOS DE LUZ ROJA FAQ™ – TU POTENCIA DE CUIDADO LED

IDEAL PARA:

✓ Potenciar los resultados del tratamiento LED

✓ Aumentar la hidratación y la firmeza

✓ Suavizar la textura y unificar el tono de la piel

2. SAFETY INFORMATION

Before using this product, please read all instructions carefully. Adhere to the following safety guidelines:

- If you have a skin condition or any medical concerns, consult a dermatologist before use.
- Discontinue use and consult your physician if you experience discomfort.
- For hygiene reasons, do not share your device or serum with others.
- Avoid leaving the serum in direct sunlight and never expose it to extreme heat or boiling water.
- Discontinue use if the product appears damaged in any way.
- Use this product for its intended purpose only.

3. INGREDIENTS

The FAQ Red Light Peptide Serum features a balanced botanical blend and a clean formula designed for all skin types.

Key Ingredients:

- **Hyaluronic Acid:** Provides deep hydration.
- **Peptide Complex:** Supports skin elasticity.
- **Sea Daffodil Extract:** Contributes to skin brightening.
- **Green Tea & Cica:** Offer soothing properties.

4. SETUP

The FAQ Red Light Peptide Serum is ready for use directly from the bottle. No prior setup is required for the serum itself. Ensure your skin is clean and dry before application.

5. OPERATING INSTRUCTIONS

This serum is designed to be used as part of your daily skincare routine, especially in conjunction with LED light therapy devices.

Application Steps:

1. **Cleanse Skin:** Begin with a clean, dry face.
2. **Dispense Serum:** Use the dropper to dispense a few drops of the serum onto your fingertips.
3. **Apply to Face:** Gently massage the serum evenly over your face and neck.
4. **Integrate with LED Device (Optional):** If using with an FAQ LED device (e.g., FAQ 202 Wireless Face Mask), apply the serum just before your LED treatment. The serum's conductive properties enhance the benefits of the LED light.
5. **Continue Routine:** Follow with your usual moisturizer or other skincare products if desired.

Image: The FAQ Red Light Peptide Serum positioned next to an LED panel device, emphasizing its synergistic effect when used with FAQ LED devices to accelerate cellular renewal and enhance skincare results.

Expected Results:

Consistent use of the serum, especially with LED devices, can lead to:

- Plumper and more hydrated skin.
- Increased firmness and resilience.
- More uniform skin tone and texture.
- Calmer and more balanced complexion.

6. MAINTENANCE

To ensure the longevity and effectiveness of your FAQ Red Light Peptide Serum:

- Store the bottle in a cool, dry place, away from direct sunlight.
- Keep the cap tightly closed when not in use to prevent contamination and evaporation.
- Do not store in extreme temperatures.

7. TROUBLESHOOTING

If you encounter any issues or discomfort while using the serum:

- **Skin Irritation:** If redness, itching, or irritation occurs, discontinue use immediately. Consult a dermatologist if symptoms persist.
- **Product Consistency:** If the serum's color or consistency changes significantly, or if it develops an unusual odor, discontinue use.
- **Ineffectiveness:** Ensure you are applying the serum to clean, dry skin as directed. For enhanced results, ensure your LED device is functioning correctly and used according to its own manual.
