

HONOR Magic V5

HONOR Magic V5 5G Smartphone User Manual

Model: MBH-N49

INTRODUCTION

Welcome to the user manual for your new HONOR Magic V5 5G smartphone. This guide provides essential information to help you set up, operate, maintain, and troubleshoot your device. The HONOR Magic V5 5G combines a revolutionary foldable design with powerful performance, advanced camera capabilities, and a long-lasting battery.

Please read this manual thoroughly to ensure optimal use and longevity of your device.

1. SETUP

1.1 Unboxing and Package Contents

Upon opening your HONOR Magic V5 5G package, verify that all items are present:

- HONOR Magic V5 5G Smartphone
- USB Cable
- SIM Tray Ejector
- Polyurethane Case
- Pre-applied Screen Protectors (inner and outer screens)

1.2 SIM Card Installation

The HONOR Magic V5 5G supports Dual SIM functionality.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down, ensuring they are correctly oriented.
4. Carefully reinsert the SIM tray into the phone.

1.3 Initial Power On and Charging

To power on your device, press and hold the power button until the HONOR logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup. For optimal performance, fully charge your device before first use. The device supports 66W wired fast charging and 50W wireless charging. Use the provided USB cable and a compatible charger.

2. OPERATING YOUR DEVICE

2.1 Foldable Display and Navigation

The HONOR Magic V5 5G features a unique foldable design. When unfolded, it reveals an impressive 7.95-inch LTPO OLED display with a 120Hz refresh rate and up to 5000 nits peak brightness. When folded, it maintains a compact form factor with a secondary display.

Navigate through the Android 15 operating system with MagicOS 9 using touch gestures. Swipe up from the bottom to go home, swipe and hold for recent apps, and swipe down from the top for notifications and quick settings.

2.2 Camera Features

Your device is equipped with an advanced HONOR Falcon AI Camera system:

- **Main Camera:** 50MP for high-resolution photos.
- **Periscope Telephoto Camera:** 64MP with 3x optical zoom.
- **Ultra-Wide Camera:** 50MP for expansive shots.
- **Front Cameras:** Dual 20MP cameras (internal and cover screen).

The camera supports 4K HDR video recording and various AI-enhanced features for optimal image quality in different scenarios, including low light.

2.3 Performance and Connectivity

Powered by the Snapdragon 8 Elite 3nm chip and 16GB of RAM, the Magic V5 5G delivers flagship-level performance for smooth multitasking and fast app launches.

Connectivity options include 5G for high-speed mobile data, Wi-Fi, and Bluetooth. The device features a USB Type-C port for charging and data transfer.

2.4 Security Features

Unlock your device securely using facial recognition. Ensure your face is clearly visible to the front camera for accurate recognition.

2.5 HONOR Share and Gemini AI

HONOR Share: Easily share files between your HONOR device, iPhone, and Mac for seamless connectivity.

Gemini AI: The split-screen AI assistant enhances productivity with smarter organization, faster searches, and smoother performance.

3. MAINTENANCE

3.1 Cleaning Your Device

To clean your HONOR Magic V5 5G, use a soft, lint-free cloth. Avoid abrasive materials, solvents, or aerosol sprays. For the screen, a screen cleaner specifically designed for electronics can be used. Do not spray liquids directly onto the device.

3.2 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can usually find this option in *Settings > System & updates > Software update*

3.3 Battery Care

To prolong the life of your 5820mAh battery:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Use the original or certified charging accessories.

3.4 Durability and Water Resistance

The device is IP58 certified for dust and water resistance. This means it can withstand immersion in up to 1.5 meters of fresh water for up to 30 minutes. However, water resistance is not permanent and may decrease over time with normal wear. Avoid exposing the device to pressurized water, seawater, or other liquids. The hinge is designed for over 500,000 folds.

4. TROUBLESHOOTING

4.1 Common Issues and Solutions

- **Device not turning on:** Ensure the battery is charged. Connect to a charger for at least 10 minutes, then try powering on.
- **Apps freezing or crashing:** Close the app and reopen it. If the issue persists, restart the device.
- **Poor battery life:** Check background app usage, reduce screen brightness, and disable unnecessary features like GPS or Bluetooth when not in use.
- **Network connectivity issues:** Toggle Airplane Mode on and off. Check SIM card insertion. Restart the device.
- **Touchscreen unresponsive:** Restart the device. If the issue continues, contact support.

4.2 Factory Reset

If you encounter persistent software issues, a factory reset may resolve them. **Warning:** A factory reset will erase all data on your device. Back up important data before proceeding.

1. Go to *Settings > System & updates > Reset*
2. Select *Reset phone* or *Erase all data (factory reset)*.
3. Confirm your choice and enter your password/PIN if prompted.
