# GarveeHome King Size Bed Frame Instruction Manual

Model: FLZHGVH250308003jFed

## 1. INTRODUCTION

Thank you for choosing the GarveeHome King Size Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference. Proper assembly and care will ensure the longevity and optimal performance of your product.

## 2. SAFETY INFORMATION

**WARNING: Failure to follow these safety instructions could result in injury or damage to the product.**

- Always secure the drawer wheels to prevent unwanted movement.
- Be cautious when adjusting the headboard to avoid injury. Ensure no body parts are in the adjustment mechanism.
- Do not exceed the weight capacity of 1000 pounds. Overloading can compromise the structural integrity of the bed frame.
- Keep all assembly hardware out of reach of children.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not use power tools for assembly unless specifically instructed, as this may overtighten and damage components.
- Assemble the bed frame on a soft, clean surface to prevent scratching.

### 3. PRODUCT FEATURES

### 5. ASSEMBLY INSTRUCTIONS

It is recommended that two adults assemble this bed frame. Please follow the steps below carefully.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Compare all parts with the 'Package Contents' list to ensure everything is present.
2. **Assemble the Side Rails:** Attach the side rails to the headboard and footboard using the provided bolts and Allen wrench. Do not fully tighten bolts until the entire frame is assembled.
3. **Install Center Support Beam:** Secure the center support beam to the designated points on the headboard and footboard, or to the side rails as per the specific design.

4. **Attach Headboard and Footboard:** Ensure the headboard and footboard are securely connected to the side rails. Fully tighten all bolts for the main frame structure.
5. **Install Wooden Slats:** Place the wooden slats across the bed frame, ensuring they are evenly spaced and secured to the side rails using the provided fasteners. The EVA sponge strips should be positioned to reduce noise.
6. **Assemble Storage Drawers:** Assemble each of the four storage drawers according to the separate instructions for the drawer components. Attach the heavy-duty wheels to the bottom of each drawer.
7. **Insert Storage Drawers:** Slide the assembled drawers into their designated compartments under the bed frame. Use the small screw fixture to secure the drawers to the bed base, preventing them from sliding out unintentionally.
8. **Adjust Headboard Height:** If desired, adjust the headboard to your preferred height (between 42.9 in and 45.7 in) to accommodate your mattress thickness. Secure the headboard at the chosen height.
9. **Final Check:** Double-check all connections and ensure all bolts are tightened. Place your mattress on the bed frame.
