Sairedel 01028

Sairedel Upholstered Bed 140x200cm Instruction Manual

Model: 01028

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Sairedel Upholstered Bed (Model 01028). This bed features a 140 x 200 cm sleeping surface, integrated LED ambient lighting controllable via app or remote, convenient USB charging ports, power outlets, and practical storage drawers. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

2. SAFETY INFORMATION

Always follow these safety precautions to prevent injury or damage to the product:

- Keep all small parts and packaging materials away from children.

- Ensure all connections are secure before using the bed.

- Do not exceed the maximum weight capacity of the bed (specific weight capacity not provided, general warning).

- Use only the provided power adapter for the LED lights and charging ports.

- Avoid exposing electrical components to moisture.

- Assembly should be performed by at least two adults.

3. PACKAGE CONTENTS

Your Sairedel Upholstered Bed is shipped in three separate packages. Please verify that all components are present before beginning assembly. In case of missing or damaged parts, contact customer service.
Expected components include:

- Headboard sections with integrated storage, LED lighting, USB ports, and power outlets.

- Side rails and footboard.

- Bed slats and support legs.

- Two storage drawers.
- Assembly hardware (screws, bolts, tools).
- LED light remote control and power adapter.

4. SETUP & ASSEMBLY

Follow these steps for assembling your upholstered bed. It is recommended to have at least two people for assembly.

4.1 Unpacking and Preparation

1. Open all three packages and carefully remove all components.
2. Lay out all parts on a clean, soft surface (e.g., a rug or blanket) to prevent scratches.
3. Identify all hardware and components using the included parts list.

4.2 Headboard Assembly

Assemble the headboard sections, ensuring the integrated storage, LED lights, USB ports, and power outlets are correctly positioned and connected.

Figure 1: Detail of the headboard with storage compartments and electrical connections. This image shows the back of the headboard with shelves and wiring for the USB ports and power outlets.

Figure 2: Front view of the headboard, illustrating the open storage shelves above the upholstered section. This provides a clear view of the design and functionality of the headboard storage.

4.3 Bed Frame Assembly

1. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all bolts are tightened securely.
2. Install the central support beam and any additional support legs.
3. Place the bed slats onto the side rails, ensuring they are evenly spaced and secured if necessary.

4.4 Drawer Assembly and Installation

1. Assemble the two storage drawers according to the separate drawer assembly instructions (if provided).
2. Slide the assembled drawers into the designated spaces under the bed frame.

Figure 3: Dimensional drawing of the bed, showing overall dimensions and specific measurements for the headboard, bed frame, and drawers. All measurements are in centimeters, providing a comprehensive overview of the bed's size.

4.5 Electrical Connections

1. Connect the LED light strip to the power adapter.

2. Plug the power adapter for the LED lights, USB ports, and power outlets into a wall socket.

3. Ensure all cables are neatly tucked away and not pinched.

Figure 4: The bed illuminated with blue LED lights, highlighting the integrated power outlets and USB charging ports located in the headboard. The inset provides a detailed view of the electrical panel.

5. OPERATING INSTRUCTIONS

5.1 LED Ambient Lighting

The integrated LED lighting can be controlled via a remote control or a smartphone application.

- **Remote Control:** Use the provided remote to turn the lights on/off, change colors, adjust brightness, and select lighting modes.
- **Smartphone App:** Download the designated app (refer to packaging or a sticker on the LED controller for app name/QR code). Pair your device with the bed's LED controller via Bluetooth to access advanced controls, custom color settings, and scheduling features.

Figure 5: The bed with blue LED lighting active, demonstrating the ambient effect in a bedroom. The storage drawers are partially open, showcasing their accessibility.

Figure 6: The bed with warm yellow LED lighting active, illustrating a different mood setting. The storage drawers are partially open, indicating their functional design.

Figure 7: A front-facing view of the bed with pink LED lighting, showcasing the full effect of the under-bed illumination.

5.2 USB Charging Ports and Power Outlets

The headboard includes integrated USB charging ports and standard power outlets for convenient device charging.

- Simply plug your USB charging cables or power adapters into the respective ports.
- Ensure devices are compatible with the provided voltage and current.

5.3 Storage Drawers

The two integrated drawers provide additional storage space under the bed.

- Pull the drawers out gently to access the storage space.
- Push them back in until they are flush with the bed frame for a neat appearance.
- Avoid overloading the drawers to ensure smooth operation and prevent damage.
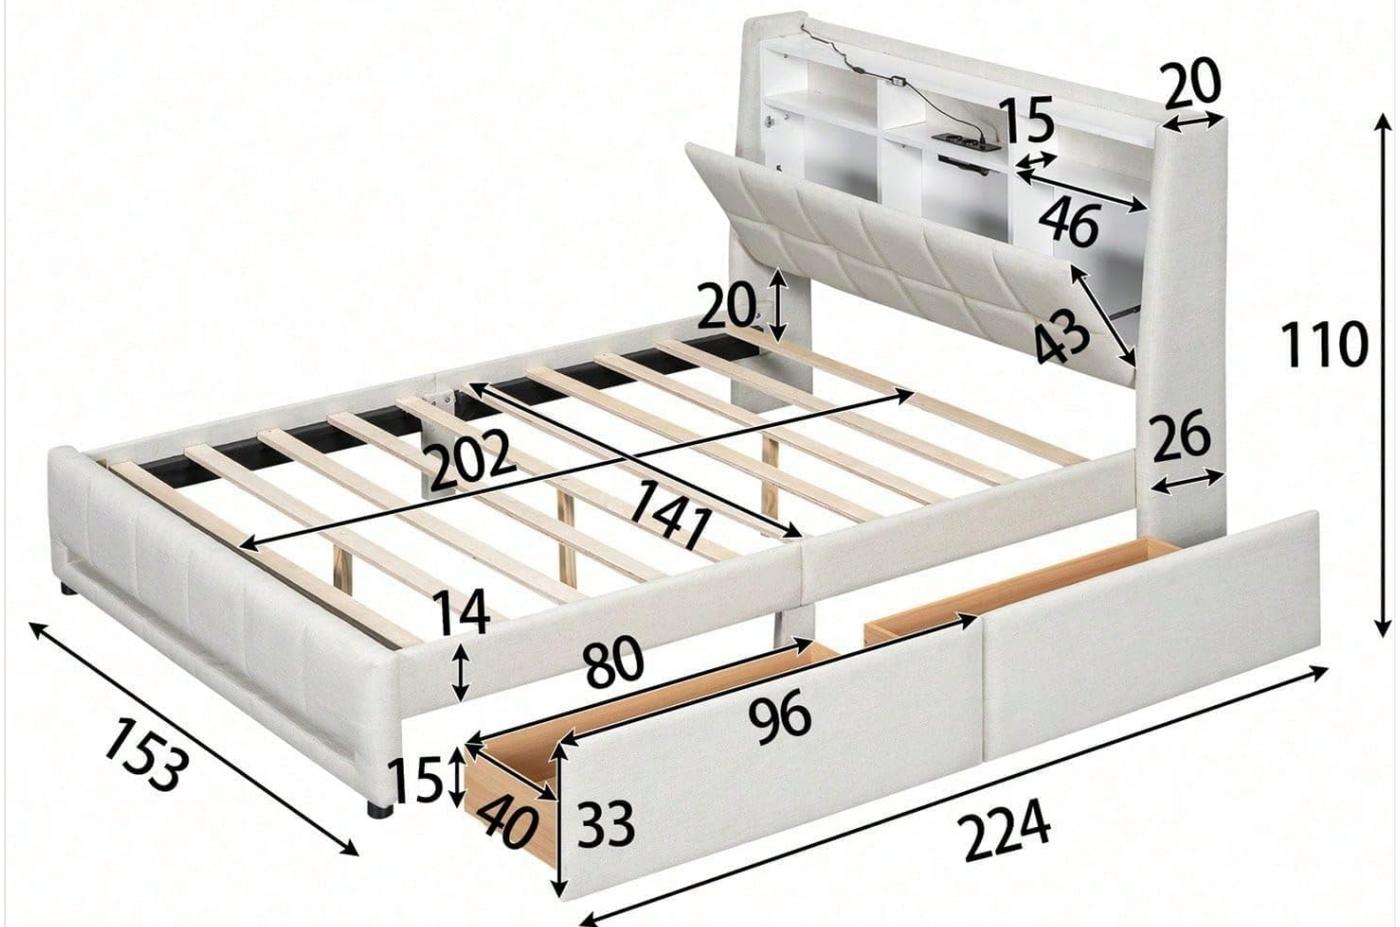

Figure 8: The bed with LED lighting active, showcasing both under-bed storage drawers fully extended. This view highlights the practical storage solution offered by the bed.

6. Maintenance

6.1 Cleaning the Upholstery

- Regularly vacuum the upholstered surfaces using a soft brush attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub.
- For stubborn stains, use a mild fabric cleaner specifically designed for upholstery. Test on an inconspicuous area first.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the fabric.

6.2 Electrical Components

- Ensure the power cord and connections are free from damage.
- Wipe the LED strips and charging ports with a dry, soft cloth. Do not use liquid cleaners directly on electrical parts.

6.3 General Care

- Periodically check all bolts and screws and tighten them if necessary to maintain stability.

- Avoid dragging the bed when moving it; lift it to prevent damage to the frame and floor.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	Power adapter not plugged in. Remote control battery is dead. LED strip connection loose.	Ensure the power adapter is securely plugged into a working outlet. Replace the remote control battery. Check all LED strip connections.
USB ports/Power outlets not working.	Main power not connected. Device not compatible.	Verify the bed's main power connection is active. Test with a different device or charging cable.
Bed feels unstable or squeaks.	Loose bolts or screws. Uneven floor.	Retighten all assembly hardware. Place shims under bed legs if the floor is uneven.

8. SPECIFICATIONS

Feature	Detail
Product Type	Upholstered Bed
Model Number	01028
Brand	Sairedel
Overall Dimensions (L x W x H)	224 cm x 153 cm x 110 cm
Mattress Size Compatibility	140 cm x 200 cm (Mattress not included)
