1. PRODUCT OVERVIEW

The SONGMICS 4-Tier Storage Organizer (Model RLB445WZ01) is designed for versatile storage solutions. It features four stackable plastic boxes with a total capacity of 100 liters (25 liters per basket), equipped with wheels for easy mobility and magnetic double doors for convenient access. This organizer is suitable for various environments, including bedrooms, living rooms, bathrooms, kitchens, and even car trunks.

2. SETUP AND ASSEMBLY

The SONGMICS storage organizer is designed for quick, tool-free assembly. Follow these steps to set up your unit:

1. **Attach the Wheels:** Securely attach the wheels to the base of the bottom storage box. Ensure two of the wheels have brakes for stability.
2. **Unfold Side Panels:** Open and connect the side panels of each storage box.
3. **Stack the Boxes:** Stack the individual boxes stably one on top of the other, using the integrated clips to secure them.
4. **Place the Lid:** Finally, place the top lid onto the uppermost box.

When not in use, the organizer can be disassembled and folded for compact storage, saving space.

4. MAINTENANCE

To ensure the longevity and appearance of your SONGMICS storage organizer, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the plastic surfaces with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as these may damage the plastic.
- **Dusting:** Regularly dust the organizer to prevent buildup, especially on the transparent doors.
- **Inspection:** Periodically check the wheels and magnetic door closures for proper function. Ensure all stacked boxes are securely clipped.

- **Storage:** If disassembling for storage, ensure all parts are clean and dry before folding to prevent mildew or damage.

Constructed from high-quality PP plastic with reinforced ribs, the containers are designed to be robust and stable for long-term use.

5. TROUBLESHOOTING

If you encounter any issues with your SONGMICS storage organizer, refer to the following common solutions:

- **Difficulty Moving the Organizer:**
 - Ensure the wheel brakes are disengaged.
 - Check if any debris is obstructing the wheels.
- **Doors Not Closing Properly:**
 - Verify that the magnetic closures are clean and free from obstructions.

- Ensure the box is not overfilled, which might prevent the doors from aligning correctly.
- **Boxes Not Stacking Securely:**
 - Confirm that each box is correctly aligned and the integrated clips are engaged.
 - Avoid placing excessively heavy items in the upper boxes, which could affect stability.
