5. Setup and Assembly

Assembly is required. Follow these step-by-step instructions carefully. It is recommended to have two adults for assembly.

1. **Unpack Components:** Carefully unpack all parts and hardware from the packaging. Lay them out on a clean, soft surface (like a carpet) to prevent scratches.
2. **Identify Parts:** Compare the received parts with the parts list provided in your package. Ensure all pieces are accounted for.
3. **Assemble Side Rails:** Attach the side rails to the headboard and footboard using the provided screws and tools. Ensure all connections are snug but do not overtighten initially.
4. **Install Bed Slats:** Place the wooden slats across the bed frame. Secure them in place according to the instructions, ensuring even spacing and stability.
5. **Attach Detachable Fence (Optional):** If using the detachable fence, secure it to the designated side of the bed frame. This allows for conversion between a three-sided and two-sided configuration.
6. **Final Tightening:** Once all components are in place, carefully tighten all screws and fasteners. Do not overtighten to avoid stripping the wood.

Note: Pre-drilled holes are provided for easier assembly.

6. Operating and Use

6.1 Mattress Placement

Place a Twin XL size mattress (not included) directly onto the bed slats. Ensure the mattress fits snugly within the frame.

6.2 Detachable Fence Functionality

The right-side fence can be removed or reattached as needed. To remove, loosen the securing fasteners and carefully lift the fence away. To reattach, align the fence with the designated slots and secure it with the fasteners.

6.3 Co-sleeping Configuration

The open left side allows the bed to be positioned flush against an adult bed. Ensure there are no gaps between the two beds that could pose a safety risk.

- **Regular Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.

- **Weight Capacity:** Do not exceed the recommended weight capacity to maintain structural integrity.
