Vipbear OPT06

Vipbear Smart Toilet with Bidet (Model OPT06) Instruction Manual

Comprehensive guide for setup, operation, and maintenance of your Vipbear Smart Toilet.

1. PRODUCT OVERVIEW

The Vipbear Smart Toilet with Bidet (Model OPT06) integrates advanced features for enhanced hygiene and comfort. This electric tankless toilet includes a heated seat, warm air dryer, auto-lift lid, soft-close mechanism, and automatic flushing. It is designed for modern bathrooms, offering multiple control options and safety features.

Key Features:

- **Bidet Toilet Combo:** Instant warm water with adjustable temperature and pressure, offering rear, feminine, and oscillating wash modes. Features a self-cleaning nozzle and warm air dryer.
- **Touchless Operation:** Automatic lid opening/closing upon approach, automatic flushing when standing up, and a foot sensor for hands-free control.
- **Comfort Features:** Heated seat with three temperature settings, slow-close lid and seat for quiet operation, and a soft night light.
- **Safety Assurance:** Flame-retardant seat, built-in leakage protection, LED display, and a reliable battery backup for flushing during power outages.
- **Energy Saving:** ECO smart energy-saving mode to reduce power consumption.

2. WHAT'S IN THE BOX

Verify that all components are present before beginning installation.

- Smart Toilet Unit
- Flange Ring
- Instruction Manual
- Water Valve
- Remote Control

3. SETUP AND INSTALLATION

This smart toilet requires an electrical outlet for operation. Ensure your bathroom has an accessible outlet within 1.5 meters of the toilet's intended location. The installation process is designed to be straightforward, often completed without professional assistance.

Powering On:

After physical installation and water connection, connect the toilet's power cord to a suitable electrical outlet. Locate the power switch on the cord or unit and turn it on. The display on the toilet will illuminate, indicating it is powered on and ready for use.

successful power-on.

Rough-In Size:

The toilet is designed for a 12-inch rough-in size. Please confirm your plumbing setup matches this requirement for proper installation.

4. OPERATING INSTRUCTIONS

The Vipbear Smart Toilet offers multiple ways to control its functions: a remote control, a side knob, and a foot sensor.

4.1 Automatic Lid and Flushing

The toilet features an auto-lift lid and automatic flushing for hands-free operation.

- **Auto Open Lid:** The lid automatically opens when you approach the toilet.
- **Foot Sensor:** A foot sensor allows for hands-free opening of the seat and lid.
- **Off-Seat Auto Flush:** The toilet flushes automatically when you stand up after use.
- **Auto Close:** The lid and seat close automatically after a few minutes of inactivity.

4.2 Bidet Functions

The integrated bidet offers personalized cleansing with adjustable settings.

- **Instant Warm Water:** Water temperature can be adjusted to your preference (e.g., 92°F, 97°F, 99°F).
- **Wash Modes:** Select from Rear Wash, Feminine Wash, and Oscillating Wash.
- **Adjustable Pressure:** Water pressure can be increased or decreased using the remote control.
- **Nozzle Position:** Adjust the nozzle position for optimal cleansing.
- **Self-Cleaning Nozzle:** The nozzle automatically cleans itself before and after each use.

4.3 Heated Seat and Warm Air Dryer

Enjoy comfort with the heated seat and reduce toilet paper usage with the warm air dryer.

- **Heated Seat:** Three adjustable temperature levels for the seat.
- **Warm Air Dryer:** Adjustable warm air for drying after bidet use, reducing the need for toilet paper.

4.5 Night Light and Quiet Operation

For nighttime use, the toilet features a soft night light and quiet operation to avoid disturbance.

- **Soft Night Light:** A gentle blue glow guides you in the dark without being too bright.
- **Quiet Soft-Close:** The lid and seat close silently, preventing loud slams.

Sleep-Friendly Toilet - Nighttime Mode

- 🌙 Soft-Glow Nightlight - Gentle guidance without blinding
- 🔇 Ultra-Quiet Operation - Silent soft closing (under 30dB)
- ⚡ No Midnight Wake-ups - Zero mechanical noise

Why It Matters:

- Perfect for light sleepers & shared bathrooms
- Won't disturb partners/children at night
- Creates peaceful bathroom experience

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your smart toilet.

Nozzle Cleaning:

The bidet nozzle has a self-cleaning function. For additional cleaning, you can manually extend the nozzle (refer to the remote control section for the 'Cleaning' button) and gently wipe it with a soft cloth and mild, non-abrasive cleaner. Ensure the nozzle is fully retracted before using the toilet.

Exterior Cleaning:

Clean the exterior surfaces of the toilet with a soft, damp cloth and a mild, non-abrasive bathroom cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Vipbear Smart Toilet.

Problem	Possible Cause	Solution
Toilet does not power on.	Power cord not plugged in, power switch off, or power outage.	Ensure the power cord is securely plugged into a working outlet. Check the power switch on the unit/cord. During a power outage, the battery backup allows for flushing.
Bidet spray is weak or inconsistent.	Water pressure setting too low, nozzle clogged, or water supply issue.	Adjust water pressure using the remote control. Clean the bidet nozzle. Check water supply valve is fully open.
Heated seat is not warm.	Seat temperature setting too low or ECO mode active.	Increase seat temperature using the remote control. Deactivate ECO mode if desired for continuous heating.
Auto-lift lid not responding.	Sensor obstructed or disabled.	Ensure the sensor area is clear of obstructions. Check remote settings to ensure auto-lift is enabled.

Problem	Possible Cause	Solution
Toilet is not flushing.	Power issue, water supply off, or internal malfunction.	Verify power supply. Check water supply valve. If the issue persists, contact customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	OPT06
Product Dimensions	27.56"D x 15.35"W x 17.91"H
Material	Ceramic, Plastic (Polypropylene (PP) for Seat)
Item Weight	99.2 Pounds
Installation Method	Floor Mounted
Shape	U-Shape
Water Consumption	1 GPF (Gallon Per Flush)
Power Cord Length	1.5M
UPC	199581010536

8. SAFETY INFORMATION

Your Vipbear Smart Toilet is equipped with multiple safety features to ensure safe operation.

- **Leakage Protection:** Built-in system to prevent water leakage.
- **Flame-Retardant Seat:** Enhanced safety for the toilet seat material.
- **Water & Electricity Separation:** Design ensures electrical components are safely separated from water.
- **Power-On Self-Check:** The unit performs a self-check upon powering on.
- **Dry Burn Protection:** Prevents damage from operating without sufficient water.
- **Safe Voltage:** Operates within safe voltage parameters.
- **IPX4 Waterproof:** Rated for protection against splashing water.
- **Battery Backup:** Ensures flushing functionality during power outages.
